

Seventh Graders Defeat Grovers

The Roseburg Junior High School seventh graders took over in the third quarter at Finlay Field Saturday to lead the way to a surprising, 31-0, victory over Cottabe Grove.

In a rip-snorting first half, the Roseburg eighth graders could get no more than six official points. Three touchdowns were called back for off-sides.

Then, as is the custom, the seventh grade squads from both schools played the entire third quarter. On the first play from scrimmage, Darrell Welch skirted end for 50 yards on a touchdown. They held the Grovers to a punt after the next series of plays and on the next Roseburg scrimmage play, Welch romped 45 yards.

When the eighth graders came back in, Kearney Doughton put the clincher on the game with a 30-yard slice off tackle to paydirt.

Coach Hod Turner's Junior High squad invades Sutherland this Wednesday afternoon at 2 in hopes of raising the undefeated string to three. On Oct. 25, they host Oakland, and on the following Saturday they move to Cottabe Grove for a return game.

Coal Strike May Follow If Wage Boost Not Okayed

CINCINNATI (AP) — John L. Lewis was reliably reported today to be considering a nation-wide coal strike unless the Government Wage Stabilization Board approves the union's recently negotiated pay boost by next Wednesday.

Lewis sent his chief legal lieutenant, Welly Hopkins, flying from the United Mine Workers Union convention here to confer today with the wage board in Washington.

The problem, it was understood, may complicate the current political situation.

Lewis, who seemed to be on the verge of endorsing Democratic presidential nominee Adlai Stevenson after apparently favoring Republican nominees in the past three national elections, was holding up any flat endorsement until he sees how the Democratic administration handles his wage case.

The miners' union president has just negotiated one of his fattest labor contracts in history—a pay boost of \$1.30 a day, boosting the basic daily wage for miners to \$18.25, plus a 10-cent increase in the tonnage royalty paid by coal mine owners to the union's welfare fund. The increase brings the royalty to 40 cents a ton, or better than 150 million dollars a year.

Approval Expected
Coal operators have taken the position they can't pay the new contract terms until the WSB ap-

proves. It has generally been felt among people close to the situation that the board probably will give its approval, but perhaps later than the Oct. 15 pay day when the first checks bearing the new pay rates come due.
Although Lewis has seemingly leaned heavily toward Stevenson, the union boss has not made any endorsement. He has been highly critical of Sen. Robert A. Taft of Ohio and anybody "whom Taft may lead around by the collar."
