

ROAD WORKER FATALLY STABBED IN BRAWL

ARTIFICIAL HEART—The small block box with glass tubes in the center of the picture is the machine which recently took over "complete function of maintaining blood to the body" of a 41-year-old patient for 50 minutes at Harper Hospital at Detroit, Mich., while the patient's heart was opened and worked on by surgeons. The mechanical device empties the patient's heart of blood and enables surgeons to use direct vision rather than "blind" sense of touch in heart surgery. This picture was made while surgeons in background tried the operation of the device on a dog. Medical researchers said this was believed the first known instance of a patient's survival through use of an artificial heart. (AP WIREPHOTO)

HISS CASE EXPANDS

Democrats Link Dulles, Eisenhower In Phases Antedating Conviction

By JACK BELL
SPRINGFIELD, Ill. (AP) — The Alger Hiss case became a major campaign issue today after supporters of Gov. Adlai E. Stevenson said Gen. Dwight D. Eisenhower once was linked with the convicted former State Department employee.

Right Stevenson supporters answered attacks on the Democratic nominee with a statement yesterday that Eisenhower, the Republican presidential candidate, had given "a far greater and more personal endorsement" of Hiss than Stevenson ever had.

The Stevenson supporters noted that Eisenhower had become a member of the Board of Trustees of the Carnegie Endowment for International Peace in 1948 while Hiss was president of the organization.

They added that in December, the board, with Eisenhower a member, had voted to give Hiss three months leave of absence with full pay to defend himself against charges. Eisenhower never publicly expressed disapproval of that action, they added.

Hiss was convicted of lying to a jury in denying that he ever passed State Department secrets to a Communist courier. Stevenson made a deposition in Hiss' trial saying that so far as he had heard, Hiss' reputation was good.

The eight who signed yesterday's statement said that "Eisenhower, of all people, should understand how unjust and unwarranted are the current attacks on Gov. Stevenson."

In the Day's News

By FRANK JENKINS

Let's start off today on the frivolous side.

In Montgomery, Alabama, in the deepest part of the deep South, a guy named Mike Mianulis has just been awarded \$4542 for the love of his left ear, which was bitten off by his FRIEND Angel P. Galls in a ruckus that started at a dance during New Orleans' Mardi Gras festival last winter.

Mike thought his ear lobe was worth \$25,000 and sued for that much. The jury cut his estimate back to \$4542. Why it was EXACTLY that much, instead of a nice, round \$4,000 or \$5,000, I wouldn't know.

If you were a jurymen, how would you go about the job of assessing the EXACT value of an ear lobe?

When you consider the pictures (or the actual sight of it if you've been there) of the splendorous United Nations building in New York and remember that your taxes went into paying for it—

And when you recall the extremely mild help we're getting

Coal Miners' Protest Strike Spreads

Wage Board Orders Slash In Pay Boost

227,000 Stay Off Job When Board Cuts Hike Negotiated by Lewis

PITTSBURGH, (AP) — More than half the country's 375,000 soft coal miners refused to work Monday as a protest against the Government-ordered cut in the \$1.90 daily wage boost they recently won from the industry.

Come-to-work whistles were ignored by 67,500 miners in Western and central Pennsylvania alone.

These miners joined the 160,000 miners who refused to work last week across the nation while the Wage Stabilization board was debating approval of the pay hike for miners formerly earning a basic minimum daily wage of \$16.35.

After the WSB approved \$1.50 of the pay increase, bringing the new basic daily wage to \$17.85, more miners joined their idle fellow workers.

Now at least 227,000 are staying away from work, including 30,000 in Kentucky, 12,000 in Ohio, 8,500 in Indiana, 17,000 in Illinois and 700 in Oklahoma.

Coal Stocks High
The walkout came at a time when coal stocks are at a near record high.

Ample supplies mean that industry and householders won't feel a coal shortage for two months or more.

Most miners said they considered the WSB action as nullifying their contract.

Members of the United Mine Workers traditionally won't work without a contract.

Lewis signed a contract with soft coal operators last month. It called for a \$1.90 a day wage boost and an increase in royalty payments for the UMW welfare fund from 30 to 40 cents on each ton of coal mined.

The WSB ruled Saturday that the miners were entitled to only a \$1.50 a day raise. That would

Elkton Motorist Dragged To Death In Drain Mishap

An Elkton motorist died late Saturday night after being dragged head down, for 50 feet when he lost control of his car in a drain.

Harold Allen Williams, 25, Elkton, was the victim. He was traveling at a high speed East on Highway 38 when he turned onto a drain street and lost control of his vehicle, state police reported.

The car smashed head-on into a rock bank, careened off and continued moving. Williams was thrown out the left door by the impact, but his foot was held fast between the door and frame.

He was dragged about 50 feet before the left front wheel passed over his body and the car came to a halt, the police said.

Williams was dead when officers arrived on the scene about 11:30 p.m.

Williams came to Elkton to live 1½ years ago from Chippewa Falls, Wis. He resided at an Elkton boarding house. He was employed as a logger.

Survivors include a brother in Elkton and his mother, Ada Marie Williams, Hayward, Wis.

His body will be shipped to Hayward for burial there by Stearns Mortuary, Oakland.

Expose Of Reds, Finances Urged

WASHINGTON (AP) — A government panel Monday called the American Communist party "a puppet of the Soviet Union" and recommended that it be required to register with the U. S. government and bare its membership roster and its finances.

The recommendation came in a report by a two-member panel of the Subversive Activities Control Board (SACB), which had listened to more than 14 months of testimony.

"Nurtured by the Soviet Union," the panel report said, the party "strives incessantly to make the United States a Soviet America."

This marked the first step in a "you must register" drive directed against the American Communist Party.

It was taken under the Internal Security Act of 1950, better known as the McCarran Act because its author was Sen. McCarran (D-Nev.). The law requires that all "Communist front" and "Communist action" organizations register with the U. S. government.

Warden O'Malley Won't Be Replaced -- Newbry

ASHLAND (AP) — Secretary of State Earl T. Newbry said Saturday that replacement of Warden Virgil J. O'Malley at the Oregon penitentiary was not being considered.

Newbry, a member of the board of control, said he had recently discussed the matter with Gov. Douglas McKay and both agreed that O'Malley should not be replaced.

Others treated for lacerations and bruises were Clyde Edward De Witt Jr., 24, Gardiner, driver of another of the cars; James R. Morris, 23, Gardiner; and Ted Lewis Williams, 17, Briceland, Calif., passengers in DeWitt's car, and Virgil Huff, 17, Cottage Grove, passenger with Hinman.

DeWitt was traveling north at a high rate of speed when he attempted a right hand curve, lost control and smashed head-on into Hinman's vehicle, state police said.

Force of the collision pushed Hinman's car back into one driven by Zephaniah Wilbur, Hilliard, Sutherland, Hilliard had already brought his car to a halt when Hinman's vehicle was rammed into it, police said.

Hilliard and his passengers, John Wilson and Howard Blanchard, both of Sutherland, were uninjured.

DeWitt was cited for reckless driving, state police said.

The injured were transported to Community Hospital by both Mohr and Stearns ambulances.

Klamath Falls Hunter Killed By Relative

KLAMATH FALLS (AP) — The accidental gun shot death of Robert A. Lee here Sunday raised Oregon's hunting death toll to eight.

Lee, 28, of Klamath Falls, was fatally shot by his uncle, Lloyd Edwin Webb, 30, of Medford, Sheriff Murray Britton reported.

Britton said Webb told him Lee walked into his path of fire as he shot at a deer in a wooded area four miles north of the Oregon Tech campus.

Fanatic Red Horde Fails In Assault

Yanks, South Koreans Hold On To Two Hills In Hand-To-Hand Clash

By STAN CARTER
SEOUL, Korea (AP) — Hordes of screaming Chinese Reds charged recklessly through their own artillery fire Sunday and early today but failed in an attempt to recapture two important Central Front hills.

U. S. and South Korean soldiers on Triangle Hill and Sniper Ridge forced back the fanatic Communists in fierce hand-to-hand fighting.

Thunderous artillery, mortars and Katusha rockets supported the Communists. Allied front-line officers estimated a full regiment—3,000 to 3,500 men—advanced on each of the hills north of Kumhwa late Sunday.

At last report, the Communists held Pike's Peak, the northwestern knob of Triangle Hill. Allied troops controlled the rest of the rocky mass.

After bitter hand-to-hand fighting the Reds called off their attack at 9 a.m. today and holed up in bunkers and caves to the north.

Allied fighter-bombers swooped over Papa-san Mountain, overlooking both hills, and unloaded tons of bombs, rockets and searing gasoline on the Communist staging area.

An American patrol Monday blew up the entrances to a tunnel under Triangle hill, burying alive 21 Reds who had refused to come out.

U. S. Seventh Division soldiers discovered the abandoned mine, more than half a mile long, four days ago. The Chinese had been using it to infiltrate Allied lines.

TOKYO (AP) — Gen. Mark Clark today bluntly refused to reopen Korean armistice talks on Communist terms.

In a strongly worded message he told the top Red commanders in Korea the U. N. Command will never agree to negotiate further on any proposal requiring forced repatriation of war prisoners.

The Communists Thursday submitted a plan for renewing the truce talks at Panmunjom.

Clark told them today it was the "same old package" and contained "nothing new or constructive."

Five Men Injured In 3-Auto Crash

Five men were injured in a three-car collision on Highway 99 1 mile south of Oakland at 4:35 p.m. Sunday, state police reported.

Kenneth Robert Hinman, 17, Cottage Grove, driver of one of the vehicles, is in Community Hospital in "fair" condition today with head lacerations suffered in the accident.

Others treated for lacerations and bruises were Clyde Edward De Witt Jr., 24, Gardiner, driver of another of the cars; James R. Morris, 23, Gardiner; and Ted Lewis Williams, 17, Briceland, Calif., passengers in DeWitt's car, and Virgil Huff, 17, Cottage Grove, passenger with Hinman.

RACE AND RELIGION

Truman's Statement Stirs Up Bitter Dispute In Political Campaign

NEW YORK (AP) — President Truman's criticism of Gen. Dwight D. Eisenhower on immigration policies was whipping up a swelling controversy over racial and religious issues.

Some Republican party leaders, a leading Jewish rabbi and financier Bernard Baruch lined up on Eisenhower's side while a Democratic congressman and at least one other Jewish leader spoke out for Truman.

Hunting, Logging Opened In Most Of West Oregon

SALEM (AP) — Hunting and logging, banned since Oct. 2 because of high fire danger, were permitted in most of Western Oregon Monday.

Gov. Douglas McKay lifted the ban at midnight Sunday after the weather bureau forecast a humidity increase in forest areas.

But the Tillamook Burn and certain forest in which fire danger remains high still were closed except to persons with special permits.

Also still closed were O. & C. and public domain lands administered by the Federal Bureau of Land Management, except those in Jackson, Josephine and Klamath Counties.

Removal of the closure came on the last day of a special antlerless deer season, which closes Monday night. Then all hunting will be banned until Thursday when an extended buck season opens in Western Oregon. It continues through Nov. 2.

In all areas where logging is permitted, loggers will be required to shut down when the humidity drops below 30 per cent.

Basic School Money Allotted To Douglas

Douglas County was sixth in total amount of money received from the apportionment of the first half of the 1952-53 basic school support fund.

Receiving \$631,019 of the \$13,979,186 distributed in the state, Douglas County followed only metropolitan Multnomah and Clackamas, Lane, Marion and Washington counties.

The basic school support fund is based on an allotment of \$80 for each school census child—or each child 4 to 20 years old.

Money for the fund is acquired from state income tax. This year's first-half apportionment is up nearly \$100,000 over last year's total, figures indicate.

The fund was distributed to 1,093 school districts in the state.

Salem Hunter, Lost For Five Days, Found

MCALL, Ida. (AP) — Dr. Edward Lebold of Salem, Ore., lost in the woods near here for five days, was found Saturday.

Lebold, who disappeared while hunting, told rangers he was without food for the entire time but had been able to build a fire to keep warm at night.

A ground and air search had been underway since shortly after his disappearance.

Tavern East Of Glide Site Of Tragedy

Hill Estrada Victim, Ezra J. Staggs In Jail Awaiting Law Action

Dead from knife wounds suffered about 12:30 a.m. today at Johnny's Tavern, east of Glide, is Hill Estrada, 27, of Steamboat.

This brings the total of deaths due to violence in the Roseburg area in the last 12 days to four, three of them resulting from knife wounds.

Estrada, wounded just outside the tavern, was rushed to Community Hospital by an onlooker, Donald Epperson, but was dead on arrival. District Attorney Robert Stults said.

Police are holding Ezra J. Staggs, 28, Idaville, in connection with the stabbing. Staggs made a statement admitting a fight and the stabbing as a result. Stults revealed this morning.

An argument between Estrada and Staggs broke out inside the tavern shortly after midnight, Stults said.

"They were separated and nothing was said until they ran into each other outside just after closing time," Stults continued. "But, the details are not yet absolutely clear," he stressed.

Stults named three apparent witnesses to the fatal stabbing. They are Epperson, his father, known as "Pop" Epperson, and Rita Staggs, thought to be the ex-wife of Staggs' brother.

Stults expected that a complaint would be filed against Staggs. Stults is continuing investigation today.

An autopsy was performed on Estrada's body today by Dr. Homer Harris, physician in charge of the Oregon State Crime detection laboratory. The body was taken to Long and Orr Mortuary.

Estrada was an employee of the Watts Construction Co., and stationed at Steamboat.

Staggs will be remembered as the man who narrowly escaped death and suffered severe burns July 31 when 11,000 volts passed through his body during blimp operations on North Umpqua Road construction work.

7 Honolulu Reds Must Go To Trial

WASHINGTON (AP) — The Supreme Court Monday refused to block the Honolulu trial of seven persons on charges of plotting to teach overthrow of the United States Government.

The seven included Jack W. Hall, regional director of the Harry Bridges International Longshoremen and Warehousemen Union.

The seven were arrested Aug. 28, 1951, by the FBI. The bureau described the seven persons as "leaders" of Communist activity in Hawaii.

The group asked the Supreme Court to issue an order prohibiting U. S. District Judge Jon Wigg from proceeding to put them in jail.

They contended the indictment returned against them Aug. 29, 1951, in federal court in Honolulu was defective.

The grand jury which returned the indictment, the group said, was drawn from a jury array which was not racially, economically or geographically representative of Hawaii.

Justice Douglas last Sept. 19 refused to stay the trial. The Hawaiian court then ordered the trial put off until Nov. 5, to give the full Supreme Court time to consider the group's request.

Campaign Costs, Running Into Seven Figures, Post High Mark In U.S. Politics

By ARTHUR EDSON
WASHINGTON (AP) — The costliest of all political campaigns is winding up with the biggest splurge in history.

Between now and Nov. 4 Republicans and Democrats—and the organizations supporting them—will bombard voters by eye and by ear, using television, radio and literature.

Each side will argue its case until the last minute.

You'll get some idea of the tremendous costs from this:

More than a million dollars have been or will be spent on national radio and television programs alone for the last three weeks of the campaign.

If the parties or other sponsoring organizations pay the listed rates (\$24,000 an hour for radio, \$50,000 an hour for TV), this would cost Stevenson supporters about \$369,000 and Eisenhower backers around \$351,000.

Network officials say they expect more time to be purchased. They point out that their figures do not include spot announcements or programs carried by single stations or by state networks.

So the figures would exclude the costs of a Republican plan to use spot radio and TV announcements in 12 states.

Most Expensive In History
Oddly, no one knows for sure how much a campaign costs in a presidential year. One guess, by Illinois' Democratic Sen. Paul Douglas in his new book, "Ethics in Government," is 75 million dollars.

This figure includes expenses of congressional as well as presidential candidates.

On one thing everyone is agreed. Whatever the total cost, with television being widely used for the first time, this is the most expensive campaign ever.

By law, a political organization is limited to three million dollars a year. But there's nothing to keep kindred organizations, such as the
