

WHY CHANGE WHEN WE HAVE THE RIGHT MAN

We desire it to be made known to the voters of Douglas County, that after exhausting every possible effort, for over 25 years, and not until Mr. Elmer R. Metzger, took office as County Commissioner of Douglas County, that the farmers and residents of the Cavitt Creek district of the North Umpqua area, were without an adequate county road, mail service, school bus, electric power and telephone facilities. That due to the public spirited, untiring and unselfish efforts of Mr. Metzger, in co-operation with County Judge Carl C. Hill, ways and means have been provided by them, for the early installation of such facilities. We now have a proper County road under construction, mail service has been installed, a school bus has been placed in operation and an authority for expenditure secured for electric power. We feel it would be a most serious loss to the citizens of Douglas County and in particular to the farmers in the rural districts, if this capable, experienced, hard working public spirited man is not retained in the office of County Commissioner. His name will appear on your ballot (ELMER R. METZGER for COUNTY COMMISSIONER). We earnestly and most heartily recommend that he be returned to the office which he has so capably held. Won't you help us to better Douglas County by voting for Elmer R. Metzger for County Commissioner, next Tuesday, November 4th. Thank you.

WILLIAM H. DAMEWOOD,
Special Representative, Cavitt Creek Improvement Assn.
ERNEST A. STEWART,
President, Cavitt Creek Improvement Assn.

The above adv. inserted and paid for by the two individuals above named, without the knowledge, approval or recommendation of Mr. Elmer R. Metzger, in the interest of better government for Douglas County.

Majors May Curtail Bonus Payments To Prospects

NEW YORK — Payment of fancy \$100,000 bonuses to untied youngsters to sign with major league baseball clubs may be sharply curtailed in 1953.

Major and minor league clubs, at their joint December meeting in Phoenix, Ariz., will be asked to vote on a proposed new bonus rule that would limit such payments to \$6,000.

The new proposal follows the shelling out of vast sums by major league clubs on green talent during the past several years. During the past 18 months, for instance, the Boston Red Sox spent some \$430,000 for high school and college stars.

Two of the highest bonus players are pitchers Paul Pettit and Billy Joe Davidson. Pettit, property of Pittsburgh, received an estimated \$100,000. Davidson reportedly received \$120,000 for casting his lot with Cleveland. Neither has yet made the majors.

The new proposal was drawn up yesterday by a special recommendation committee of the game's Major-Minor Executive Council.

LOAN ASS'N.
Phone 2526 Oakland, Ore.

Committee members and the council met in Commissioner Ford Frick's office here. Afterwards they declined to say what was discussed, but it was learned that the bonus was the main topic of discussion.

The new proposal provides:

1. Each major league club owner would agree—in a sort of a "gentlemen's agreement"—not to offer a bonus exceeding \$6,000 to any player.

2. Violation of this agreement would subject the transgressor to a year's suspension, a \$500 fine and loss of the player.

3. Minor league clubs would enter into a similar agreement with \$6,000 as the ceiling for open classification, triple and double A loops, \$4,000 for double A and \$3,000 for B, C, and D organizations.

4. All bonus players regardless of the amount they received, would be subject to unrestricted draft if not called up to their major league club within one year.

5. Clubs would be forbidden to make special payments to parents, friends, relatives or agents in forms of cash, homes or automobiles.

Kansas' Hoag Named 'Back Of Week' By AP

NEW YORK — Charlie Hoag, slashing Kansas halfback whose one-man offensive display dazzled Southern Methodist last Saturday, Wednesday was named the Associated Press' back of the week.

Hoag, the greatest ground-gainer in Kansas history and one of the best all-around athletes in football this year, had the Mustangs going around in circles as he ran for one touchdown, passed for another and was the key man in two more scoring drives in Kansas' 26-0 victory.

Hoag was, in fact, the main reason Kansas gained the No. 9 spot in the AP poll after dropping from the top ten last week.

Hoag's all-around one-man show overshadowed the efforts of four fine quarterbacks, Jack Scarbath of Maryland, Tom Yewick of Michigan State, Dale Samuels of Purdue and Worth Lutz of Duke.

Another top candidate for back of the week was Jimmy Sears of Southern California, whose explosive 69-yard touchdown run after catching a punt was the key play in USC's 10-0 upset of California.

Another Coast performer, Bill Stits of UCLA, had a good day as he caught a UCLA pass for one touchdown and intercepted a Wisconsin pass for another score in the Uclans' 20-7 triumph over Wisconsin.

Others nominated included: Paul Cameron, UCLA; Johnny Olzewski, California; Del Ray Campbell, Utah State; Don Petersen, Utah.

'Dreaminess' Seen As Cause Of Cal's Loss

SAN FRANCISCO — Edgar (Eggs) Manske, blunt talking end coach, blames California's "dreamy" coaching staff for the Bears' 10-0 defeat by Southern California.

Manske, himself a former grid great at Northwestern and in pro football, told the Touchdown Club Tuesday:

"At the beginning of the season we figured we had the greatest team in the country. We thought of it as a super team. And we had a great dream.

"We concentrated on how best to use this super team. We spent hours on faking and finesse, on how to baffle the defense. Now that great dream is shattered. Why? Because we, the entire staff from head Coach Lynn Waldorf on down, made a coaching mistake.

"We forgot fundamentals. We didn't worry enough about hitting somebody and knocking him down when he had the ball. We didn't spend enough time on blocking."

Manske said he expected UCLA to give California "one helluva game" Saturday at Berkeley.

"UCLA is the best balanced team in the nation," he said. "On paper, California is the best in the country. On the field UCLA holds that honor."

West Coast Airlines Get Expanded Air Mail Job

WASHINGTON — The Post Office Department has authorized expanded air mail service in the Pacific Northwest.

Effective Nov. 1, a spokesman said Tuesday, West Coast Airlines will carry mail on flights 17, 26, 27 and 28.

The flights are Boise to Pocatello, Idaho; Boise to Spokane; Pendleton, Ore., to Boise, and Lewiston, Idaho, to Spokane.

SC Tops PCC Defense

LOS ANGELES — Unbeaten Southern California and UCLA rank one-two in defensive football play in the Pacific Coast Conference at this stage of the season.

Statistics issued by the conference Wednesday show that USC leads in total defense, permitting foes but 1,065 yards and a game average of 175.8 in gains.

The Trojans lead in passing defense, 417 yards and an average of 69.5.

UCLA is second in total defense, with 1,387 yards and 231.1 per game, and is first in rushing defense, 572 yards and 95.3.

Thus the UCLA game with California shapes up as an offensive-defensive duel, because California leads in rushing and total offense.

The Bears have rushed 1,833 yards and averaged 305 yards per game. Their total offense, coupled with a No. 8 position in passing of-

fense, is 2,343 yards and an average of 390.5.

California has thrown but 80 passes, completed 26 and gained 510 yards.

Washington leads in passing, thanks to Don Heinrich, with 92 completions out of 181 throws for 1,233 yards and an average of 203.5 per game.

KNOW YOUR BUNYANS

Meet Jack Horn, Grand Saw Filer, who says, "Be a Citizen-PLUS on Election Day. Know your candidates, and the measures on the Ballot. Then make your choice COUNT by voting November 4th." If you are against MILK PRICE CONTROL

VOTE YES

MILK PRODUCTION AND MARKETING ACT BILL—Purpose: Authorizes governor to appoint milk control administrator, an instrumentality of state, with annual salary of \$7,200, vested with power to investigate and regulate the production of milk for human consumption within the state. Act requires butterfat labeling of milk and licensing of milk dealers. Appropriates license fees for expense of administration. Authorizes administrator to designate marketing areas, require uniform records and accounts to be kept by producers and dealers, fix minimum milk production prices after public hearing, and require bonds of milk dealers. Appeals are provided for and penalties for violations; all existing milk control laws are repealed.

332 X Yes. I vote for the proposed law.

333 No. I vote against the proposed law.
