Three Glendale Men In Auto Mishaps

By MRS. GERALD B. FOX
Three Glendale men were involved in auto accidents. A car driven by Jack Laubach was completely demolished when it collided with a train at the May Avenue crossing in Glendale Nov. 13. Laubach was considerably shaken up.

He said his vision was obscured on one side by a standing boxcar and on the other by piled lumber.

John Heyne suffered a black eye and bruises when his car overturned on a curve about seven miles this side of Redmond Oct. 29.

Heyne was on a hunting trip and said he either went to sleep at the wheel or blacked out momentarily, it was reported. The car rolled onto its side, then righted itself. It may be declared a total wreck.

Vic Opperman was involved in a rear end collision when he tried to avoid a deer Sunday night on Highway 99. He was driving north when a deer crossed the highway. He applied his brakes and was hit from behind by a car operated by C. W. Cleveland. Both cars were considerably damaged. The deer disappeared without stopping to accept blame or ascertain the damage.

School Plans Approved
The school planning commission met Thursday evening at the school to discuss plans for Glendale's new high school in more detail. Present in addition to the school board, were the architect, Mr. Hamlin, a consulting engineer, Ray Cox; Glen Kafer, John Daniels, Sylvia Jantzer, Renus Michel, Thelma Coyle, Glen Studley and Superintendent James Pate. According to a spokesman of the group the basic architectural plan has been approved by state education authorities. It was also stated that any meetings of the school board or planning commission, the public is welcome.

Writer Comes To Town
Harry Bedwell, recent arrival in Glendale and operator for the SP railroad at Glendale, has more than one claim to fame. He is a veteran of more than 30

years of railroading, and has had several fiction stories appear in the Saturday Evening Post, others in the Railroad Magazine, Adventure, Argosy, Blue Book, American Magazine and Harpers Weekly. He is working now on another story in his spare time.

Bedwell retired from railroading after 20 years of service, but was recalled at the outbreak of World War II, and hasn't gotten around to retiring since.

Mrs. Bedwell is a talented musician. She gave her first piano concert at the age of 12, and at the age of 13 was guest accompanist for Madame Schuman-Heineck in a concert in San Francisco.

Attend Conference
Among those attending the recent Shriners' Convention at Klamath Falls were Jack and John Dillon, Bob Thomson, Clark Reece, Elwood Cox and Claude Humphreys.

Mr. and Mrs. Earl May and daughter from Gardnerville, Nev. were weekend guests at the home of Mr. and Mrs. George May in Glendale.

Mr. and Mrs. Blane Marriott of Goldendale, Wash., stopped over Saturday for a two-day visit with

the Clyde Marriott family at Capitol Hill.

Jess Moon has returned from a Canyonville hospital where he was treated for pneumonia. He was wrongly reported in the Grants Pass Hospital last week. He is convalescing nicely.

William G. Daniels recently purchased the Dubb Sharon house in Glendale. The new owners plan on repainting before moving in.

In Auto Mishap
Ward Kinman, former Glendale resident, was involved in an automobile accident in New Mexico on his way to his home in Corpus Christi, Tex. No details were available, but it was believed here that Kinman was not injured.

The Azalea Grange is having its Fall Bazaar Dec. 6. It is reported that there will be lots of gift items on display and that the money earned from the event will help pay for the new roof the members finished putting on last week.

Meat Prices Next Year May Drop, Expert Says

DETROIT (AP)—Livestock and meat prices "are generally expected to be a little lower than in the past year," Economist Henry B. Arthur told the National Industrial Conference Board in discussing the "post-election business outlook" here Thursday night.

Arthur, economist for Swift & Co., said "This is particularly true of beef, with expanded marketings in prospect."

"It may not be true in the same degree with pork, which has been relatively much lower than beef over the past two or three years," he added, saying that the pig crop of last spring is reported five to 10 per cent smaller than a year ago.

Rate Increases Plan Of Oregon Power Firms

PORTLAND (AP)—Three Oregon power firms expect to increase their rates late this month because of the higher cost of producing electricity by steam in the power shortage.

Under authority granted in the lower emergency last year, Portland General Electric Co. and Mountain States Power Co. said they will increase the rates 20 per cent after Nov. 24.

Pacific Power and Light Co. said it would boost rates 20 per cent in Portland and 11 per cent in the area it serves outside Portland. Rates outside the city already are higher than those in Portland.

The chairman of the PGE board, Thomas W. Dezell, blamed the increase on steam plants, which he said produced electricity costing four times more than that generated by water turbines.

He estimated PGE costs were up 1* million dollars since September, because of the steam plants.
