

Indians Favored Over Bulldogs

The first District 5 game of the year finds Coach Dick Ballantyne's Roseburg Indians at Sutherland's new gym Tuesday night at 8. It's the first game of the season for Dick Yurk's Bulldogs.

For its second trip out of town this year, the Roseburg squad will draw the favorite's role. The Bulldogs have as many returning lettermen as the Indians, but are short on trials of competition. The Indians go into this one with two games under their belts.

The size factor is about the same between the two teams. Roseburg has a starting lineup which includes three six footers. Sutherland stacks up about the same. Mervin Koozer scales six-two and Cen-

ter Bob Galla will be the tallest man on the floor at six-four.

Sutherland's secondary rating in this tilt, however, is based on its less-than-fair showings in two jamborees this year. It came off last in the sub-district jam, and showed practically nothing at the Yoncalla jamboree Friday.

YM Leagues Start 2nd Week Of Action Tuesday

The YMCA basketball leagues go into their second full week of action Tuesday with games slated in both the adult and high school loops.

In the high school league, Methodist Church tangles with the Nazarene at 7, Christian Church meets Hi-Y at 7:45, and Latter Day Saints meet Dillard Methodist at 8:30.

50 Shooters Out In Rain

In spite of the driving rain Sunday, approximately 50 shooters turned out for the regular Rod and Gun Club practice session at the Winchester Traps.

Much of the shooting was done from the porch of the club house, but at least two scores failed to suffer. In the 16-yard event, Charles Klinger and Dean Bubar scored perfect 25's. Enos Handy was close behind with 24 and Marion Emmett had 23.

No doubles were fired. Lee Miller led the list of handicap scorers with a 23.25. Both Lloyd Fugate and Leo Topping had 21's.

More importantly, it means that benefits may be payable right now to the widows and children of some postwar servicemen who died in action or after being discharged. Even though the veteran had never worked in a social security job, his time in service during World War II, or later, may qualify his survivors for social security benefits.

Where monthly benefits are already being paid, in some cases the amounts can be increased by including the service wage credits. A representative of the Eugene Social Security Office will be in Roseburg on Tuesday, December 9, at the City Hall Council Chambers between the hours of 8:30 a.m. and 2:30 p.m.

Social Security Extended To Vets Of Korean War

An important new provision in the Social Security Act will be of interest to veterans of the Korean campaign, and their families. Recognizing that time spent in service would jeopardize the veterans' future social security rights, Congress amended the law two years ago to give social security wage credits of \$160 a month to men and women who served in the armed forces during the World War II period.

Then came the Korean crisis, and again thousands of civilians went into uniform.

The new amendments to the Social Security Act, passed in 1951, extended the \$160-a-month wage credits to those in service anytime between July 1947 and the end of 1953. This will mean that time spent in service will help those veterans to acquire eligibility for retirement or death benefits.

Aided Finding of Body

Mrs. Hayman heard about Lady Wonder through a newspaper story three days ago which told of the horse helping to find the body of a missing 4-year-old Massachusetts boy.

Dist. Atty. Edmund R. Dewing said Lady's ed the answers that led searchers Thursday to the body of Danny Matson, who had been missing from his Quincy, Mass., home since January, 1951.

"It's stranger than fiction," said Dewing. "And we kept it a secret because we didn't want people to think we were completely out of our minds."

Lady is owned by Mrs. Claudia Funda, who has turned down numerous offers to let her pet go with a carnival or circus. Funda lets the public quiz Lady at a rate of three questions for a dollar.

The horse has been the subject of numerous studies and articles by medical experts. One of the first such examinations, by two Duke University psychologists in 1928, resulted in a conclusion that Lady is a "genuine phenomenon."

Ruling On Truck Tax Draws Suit

SALEM (AP)—The Oregon trucking industry filed suit Friday challenging Attorney General George Neuner's opinion that the \$1,950,000 annual weight-mile truck tax increase must be paid for all 1952.

This increase, approved by the voters at the November general election, was fought by the truck industry.

The truckers contend the increase shouldn't be effective until the day after the election, or Nov. 5.

The suit was filed in Circuit Court by Portland-Pendleton Motor Transport on behalf of the Oregon Highway Council, the truckers' organization. It was filed against Charles H. Heltzel, public utilities commissioner who collects the tax.

The Legislative Highway Interim Committee has said it would ask the 1953 Legislature to change the effective date of the tax from last Jan. 1 to Nov. 5.
