

Sutherland PTA Holds Christmas Program Monday

By MRS. BRITAIN SLACK
Parent-Teachers Association of Sutherland met Monday evening, Dec. 8, at the Senior High School building for a regular business meeting and Christmas program, with Kathryn Karcher, president, presiding.

The meeting opened with the flag salute, followed by singing "America," with Ralph Gardner at the piano. Various committees gave reports, and it was announced that Mrs. Henry's room was the room count for the best attendance of parents at the November meeting.

Mrs. Karcher extended her thanks to Mrs. D. Atterbury, Mrs. Keith Dings, Mrs. Ted Buck, Mrs. Coring Lovins, Mrs. Elmer Winslow, Mrs. Viva Engle, Mrs. William Kenwisher, Mrs. Jack Tidwell, Mrs. Ethel Wattman, Mrs. Vera Holm, Mrs. Hopp, Mrs. Helen Wheeler, Mrs. Taylor, Mrs. Lewis, Mrs. Joe Buchanan, Mrs. Young, Mrs. Laurance Longbrake, Mrs. Art Moody, Mrs. Matcalf, Mrs. Ballentine, Mrs. Harry Norton, Mrs. Smith, Mrs. Martin Norris and Mrs. Hollensworth, for work in taking the school census.

The meeting was then turned over to Ralph Gardner, and the following program was enjoyed by all: Song—"Silent Night" in Spanish, by Laurie Watson, accompanied at the piano by her mother, Mrs. Cliff Watson.

Junior High School Chorus sang several numbers, under the direction of Janet Holloway. In "Silent Night" Joan Mansfield was soloist. For an encore they sang "White Christmas."

At the close of the evening the fifth grade mothers served cookies and coffee.

Principals Meet
The elementary principals of Douglas County met for an all-day meeting at Elkton Saturday. The topics discussed for the day were tests and test results. Mr. Harold Austin of Sutherland attended.

Mr. Arthur Tremain of Sutherland was the representative from Douglas County at the executive council of the OEA held in Portland Friday.

Mrs. Keith Kraus, fourth grade teacher, has been ill for the past three weeks, and Mrs. Dorothy Austin, has been teaching in her place.

Mrs. Ruth Rogers, seventh grade teacher, was called to Wyoming recently by the serious illness of

her mother. Mrs. Reva Bennett has been teaching in her place.

Sutherland Fire Department was called to the Joe Page home west of town one day last week by a fire which did some damage to the interior.

Dean Cook, son of Mrs. Belle Cook of Sutherland, who has been confined to the Veterans Hospital in Portland for some time after a major operation, was able to return to his home at North Bend last week.

Minority Of Elk Hunters Blamed For Woods Fires

General rains of the past weeks have brought to a close in the Pacific Northwest one of the longest fall forest fire seasons on record. Kermit W. Lindstedt, Forest Service regional fire chief, stated that the 1952 season compares closely in length with that of 1938 when the town of Bandon burned with the loss of 11 lives.

Despite the severity of the 1952 season, losses were relatively low on lands protected by the Forest Service in Oregon and Washington, 13,508 acres were burned in 1952. Last year, 62,750 acres went up in smoke as the result of only 814 fires.

Highlight of the season, according to Lindstedt, was the splendid public response in assisting with control of fires. This includes loggers, the Red Cross, local civil defense units, stockmen, hunters, radio and press, and other cooperators. Deer hunters of both Oregon and Washington responded in good fashion to fire prevention appeals. A very low number of fires resulted from the use of the forests by a large number of deer hunters under exceptionally dry conditions.

A minority of elk hunters, however, failed to live up to the trust placed in them, Lindstedt said. Of the 198 hunter-caused fires, nearly three-fourths of them occurred during the relatively short elk season in November. Most of these fires resulted from warm fires carelessly abandoned by hunters whose vigilance, it is believed, was lulled by a few light showers and cold November nights.

Although similar in many respects, the 1952 season differed widely from the 1936 season in losses. In 1936, a total of 1,290 fires burned 26,853 acres of national forest protected lands. In 1952, less than one-half that acreage was lost to a greater number of fires.

Merton Rolland, 25, Succumbs In Portland

Merton Radford Rolland, 25, former resident of Roseburg, died Thursday at the Portland Veterans Hospital after a short illness.

He was born Dec. 15, 1926, in Roseburg. He was a veteran of World War II and had been employed as an attendant in the Portland Veterans Hospital. He was married Aug. 19, 1950 to Carolyn Felts in Roseburg.

Surviving are his wife, Carolyn, Portland; a son, Christopher, Portland; his grandmother, Mrs. W. A. Jacobs, Roseburg; his step-father, Oscar, Hubbard, Roseburg; two half-brothers, Donald and Ronald Hubbard, both of Roseburg; two step-sisters, Mrs. Lloyd Lippincott and Mrs. David Wacholtz, both of Roseburg; and several uncles and aunts in this community.

Funeral services will be held in the Chapel of the Reses, Roseburg Funeral Home, Tues., at 11 a. m. with Chaplain Albert S. Feller officiating. Interment will follow in the Civil Bend Cemetery.

Curtis Bros. Erect New Furniture Store

Curtis Bros. are erecting 15,000 square foot furniture store at Chestnut and Stephens, which will include a parking lot and department for repair of merchandise.

R. B. Curtis, part-owner, says the new store is about half done. Curtis Bros. presently have a store where Josse's used to be.

Plywood Plant Almost Ready

By Mrs. G. B. Fox
Shakedown operation of the new Multnomah Plywood plant at Glendale was scheduled for Monday, Dec. 15, according to Hjalmar Nelson, construction superintendent.

H. Fisher, operating superintendent, could not be reached, but it is understood that a full crew had been tentatively engaged and while the run, Monday was to be only a trial run, the plant will be in full operation by the first of the year. Some concrete was still to be poured, as of Wednesday morning, and some machine and electrical installations were yet to be made; but the big plant was taking on a businesslike factory appearance.

Day and Mehl, Glendale contracting firm, has done much of the construction work; Hjalmar Nelson has handled the supervision work, and Hank Fisher, who will be in charge of the plant operation, has been busy with machinery assembly and placement and setup for plant efficiency.

Marriotts Plan Vacation
The Clyde Marriotts plan on a Christmas vacation for themselves and will close the Capitol Saw Shop while they are gone, from Dec. 29 to Jan. 4.

The choir of the Olivet Presbyterian Church in Glendale held a potluck dinner before the prayer service last Wednesday evening. Revival services are being held at the Oneness Pentecostal Church near the Red Hill Road. Miss Helen Garrett is the evangelist.

C. Valley School Closing Slated

Camas Valley School Superintendent Marlen Yoder has announced that the Camas Valley School, including the gymnasium, will be closed immediately following the Grange Christmas program the evening of Dec. 23 until school reopens Jan. 5.

According to Yoder it is necessary to close the building completely in order to facilitate cleaning and repairs necessary before school reopens following the Christmas holidays. Yoder emphasized that this meant that the gymnasium would also be closed during this time.

The annual Camas Valley High School Christmas dinner will be held the afternoon of Dec. 23 in the school cafeteria. Mrs. Eleanor Moody is the high school teacher in charge. Traditionally, the work of the dinner is divided up according to the classes with the seniors cooking, juniors serving and sophomores and freshmen cleaning up. High school students and faculty attend.

Coop Meet Set
A district nominating meeting for District No. 1 of Douglas Electric Cooperative, Inc., will be held at the Camas Valley School in Camas Valley Thursday, Dec. 18, at 8 p. m. Two candidates for the position of director will be selected. Jack Parrot, director for District 1, who will make a report during the meeting, says that the Cooperative is trying to interest its members in attending these meetings. It is necessary that at least 15 members be present to make a quorum.

COUNTIES' MEET DATED
The County Court will attend a meeting Saturday at Medford of District 4 of the Association of Oregon Counties.

District four includes five southwest Oregon counties. Discussion will center on state legislative proposals.

Dillard Pastor Returns Home

By ROSA HEINBACH
Rev. Frank B. Drew arrived home Wednesday morning from a ten-day trip to Denver, Colo. He attended the regional conference of the Town and Country Commission of the Methodist Church. On Friday he went to Chivington, Colo., to visit with his brother-in-law and sister, Mr. and Mrs. Carl Elsaesser, and daughter, Carla Sue. Enroute to Pueblo he visited friends and acquaintances at Avondale and Vineland. After he departed for a day in Sacramento, Calif., he reached home by bus Wednesday morning.

Rev. and Mrs. Drew and daughters, Judith Kay and Laurabeth, are leaving this week for Tangent, Ore., where he has accepted a new charge. The pulpit in Dillard will be filled by Rev. Kumlner, Rev. and Mrs. Kumlner and son, Donny, are now in Roseburg.

Mr. and Mrs. Oliver Fosback from Alameda, Calif., were the guests of the former's parents, Mr. and Mrs. C. C. Fosback, over the past weekend. Oliver is stationed at the Oak Knoll Naval Hospital in Berkeley.

Jimmy Fosback, younger son of the C. C. Fosback family reported for the service Tuesday morning in Roseburg.

Mr. and Mrs. Wesley Finnell have moved back to this community from Tillamook where they have lived for the past three months. They are now located at the home of Mrs. Finnell's parents, Mr. and Mrs. Loyd W. Wagner, in Brockway until they can find a house.

Mr. and Mrs. Harry Harryman entertained with a baked ham dinner on Thanksgiving, having as their guests the former's parents, Mr. and Mrs. B. B. Harryman, and son, Stanley, and Mr. and Mrs. Robert Jackson.

Mr. and Mrs. Dale Albertus of Eureka were guests of the former's parents, Mr. and Mrs. Arthur Albertus on Sunday. They were guests of his brother, Mr. and Mrs. Fred Albertus, on Monday, returning to Eureka on Tuesday.

Camas Grange Holds Meeting

Camas Valley Grange No. 521, at the regular business meeting Wednesday, Dec. 10, obligated four new members: Marvin Papp, Marcella Stinnett, Sharon Combs and Mrs. Maude Johnson.

New officers in the chairs for the first time following installation Sunday at Riversdale, were Guy Lutz, lecturer, Guy Moore, secretary, Hayden Taylor, treasurer; Les Catchpole, steward, and Mrs. Paula Lutz, cerea. Master Lee Wilson, beginning his second term of office, directed the meeting.

It was reported by Overseer Jim Combs that the project of obtaining a public garbage dump for the Camas Valley area was progressing. The land will be available as soon as it is logged off. The location is west of the highway on Camas Mountain.

Chaplain Mrs. Louis Papp reported that the church Bible, donated by the Grange to the Camas Valley Church, has now been paid for. Mrs. Papp then suggested that the Chaplain's penny drill for the evening be donated to help Marilyn Rusek, diabetic patient from Camas Valley, who is in a hospital in Portland. The Grange approved her suggestion.

Mrs. Jim Combs announced that \$41.85 had been collected from 37 members of the Grange, for the Christmas candy for the Christmas program. Members signed up to make popcorn balls to go with the candy for the treat.

Guy Moore, lay leader for the Boy Scouts, announced that the Camas Valley Boy Scout Troop will officially receive its charter at a meeting of the Grange set Jan. 27. Parents of the Scouts will be invited to attend the meeting.

Mrs. Lucile Counts was appointed chairman of a committee to make cards for collecting dimes by Grange members to supplement the Grange treasury. She asked Sharon Combs and Marcella Stinnett to assist her.

Refreshments of sandwiches, nut bread and coffee were served by Mrs. Guy Lutz, Mrs. Hayden Taylor, and Mrs. Milo Claughton.

Local Navy Man Cruises With Ike, Gets Promotion
A Roseburg navy man recently found himself making a cruise with President-elect Dwight E. Eisenhower and promoted.

Lloyd D. Olson, 702 Fullerton St., is serving aboard the heavy cruiser USS Helena. Before the ship left Korean waters for Hawaii he was promoted to storekeeper second class, a navy release reveals.

UMPQUA

By MRS. G. W. MUNSON
Mr. and Mrs. Rodney Leatherwood were guests at the Bob Mode home on Mode Lane.

Mr. and Mrs. Givens were dinner guests at the home of Mr. and Mrs. Edwards.

The Umpqua School will have their Christmas program on Dec. 18, at the Community Hall at 8 p. m. The program is under the direction of the teachers.

Mrs. Madge Miller fell last week and sprained her ankle. She is able to be up and around again now.

Mr. and Mrs. Archie Moore have returned from their vacation in Southern California.

Martha Clark of Millwood Road fell and sprained her wrist. She is coming along fine.

A baby girl was born to Mr. and Mrs. Junior Stephens of Umpqua. Mother and baby are doing nicely in a Roseburg hospital.

Mrs. Paul Urban went into a Eugene hospital last week where she underwent surgery. She was accompanied by Mrs. Myrel Murphy. Mrs. Urban is much improved.

The Umpqua School Board held its regular monthly meeting at the school house Monday night. New desks are to be put in all the classrooms that were not changed before. An Oregon State traveling library is to be sponsored by the board. This library will be open to the people of the community.

Mr. and Mrs. Lloyd Scence of Umpqua went to Eugene Tuesday where Mr. Scence entered the hospital to have his hand operated on.

Mrs. Roy Long has accepted employment with the J. C. Penney Co. in Roseburg. She plans to work at least thru the holiday season.

Idlely Park Residents Go On Trip South

By MRS. ARTHUR M. SELBY
Mr. and Mrs. N. W. McMillen the winter months in a warm climate of Idlely Park last Dec. 4 to spend mate. They stopped at Earp, Calif., which is just on the border between California and Arizona, where they will stay until after Jan. 1 to enjoy the fishing. The McMillens will then drive on to Guaymas, Mexico, to spend two months.

Stationed Here
Mr. and Mrs. Howard Eaton and two children of Seattle, Wash., arrived Wednesday and are staying at Mc's place. Eaton is an employee of the Funderburk construction Co., and is stationed here to take care of winter maintenance on the new North Umpqua highway which Funderburk constructed.

Resident Ill
Earl Ramsey, long-time resident of Idlely Park, is seriously ill at Providence Hospital in Portland. He was stricken three weeks ago and received treatment at Mercy Hospital before being removed to the Portland hospital for an operation. His wife is with him. Last Saturday, Mr. and Mrs. Elbert Cellers and Mr. and Mrs. Tom Amos of Glide drove to Portland taking with them Ramsey's daughter, Afton, to visit her father over Sunday. The Cellers state that he is completely paralyzed from his arm pits down.

The Glide Grange gave a benefit dance Friday evening for Ramsey. Mr. and Mrs. Sam Ball drove to Portland Saturday to take the donations and good wishes of the community to Ramsey.

Mrs. Lester Henkel of Alameda, Calif., and her son, Gary Nicker, son of Randall, Wash., have leased the McMillen ranch above Idlely Park. They moved in Wednesday. Gary was formerly a student at Glide High School and will return to finish his course.

Mrs. Harvett Wells, teacher at the Glide School, was surprised last week by a telephone call from her two sons in Charleston, S. C. It was the occasion of Donald's obtaining his seaman rating. Both boys are on duty aboard the minesweeper U.S.S. Heed, now in dry dock in Charleston, preparatory for a trip to the Mediterranean. David is an engineer and Donald a sonarman.

The heavy rains the past week have caused much trouble on the new North Umpqua highway from Johnny's tavern to Mc's place, especially where deep cuts through hills and rock had made slides on the highway. Last Sunday at 4:45 p. m., the electricity was out in the Idlely Park area, caused by a slide between the Idlely store and Mc's place which toppled a power pole. California Ore-

Father, Son Arrested In California Killings

(Continued from Page One)
in simple words how two men, one of them masked, had beaten the others to death.

Taken To Station
Travis Hall was taken to the police station at Richmond after his arrest and while there a telephone call came from Fresno.

A man asked, "Have you a Travis Hall in jail for the Plumas murders?"

Police flashed word to Fresno and Wendell Hall was taken into custody.

Travis Hall is married and the father of two small girls and a boy.

He recalled that a year ago he was arrested for grand theft, but said it was a "case of mistaken identity and I was released."

Final Tabulation Gives Eisenhower Six Million Lead

By HAROLD OLIVER
WASHINGTON (AP)—Gen. Dwight D. Eisenhower defeated Gov. Adlai Stevenson for president on Nov. 4 by 6,616,233 as a vote-counting electorate marked a record-smashing 61,547,861 ballots.

These are the official figures as compiled by The Associated Press as the last four states reported their canvasses yesterday to complete the national count: Eisenhower 33,927,549; Stevenson 27,311,316; Others 208,996.

Presidential electors will cast their votes in the respective states Monday following Eisenhower to have carried 30 states with an electoral vote of 442 and Stevenson has won only nine states with 89. Congress in joint session will make the count ultra-official Jan. 6 and Eisenhower will take office Jan. 20.

The 1952 official figures show many records were broken in an election that gave Gen. Eisenhower a tremendous personal victory. The total vote broke the previous record of 1940 by 11,727,549, and exceeded the 1948 aggregate by 12,859,572.

Thirty-nine states showed a better than 70 percent turnout in relation to their estimated eligibles. Where actual registrations were known it is believed that New York led in this category with 91 percent. Rhode Island, Connecticut, Idaho, Massachusetts, Michigan, Oklahoma and Utah exceeded this but only in percentages based on "estimated" registrations which could have been too low.

Union Pacific Stages Win Increase In Rates
SALEM (AP)—Union Pacific Stages won a 20 per cent rate increase Friday from Public Utilities Commissioner Charles H. Helzel.

The increase, calling for maximum fares of 2 1/2 cents a mile, applies only to bus transportation between points within Oregon. It will give the company about \$29,000 more revenue a year.

MEDFORD MAN ACE
SEOUL (AP)—The Fifth Air Force Saturday confirmed pilot claims for one Russian-built MIG 15 downed and four damaged last month.

The evaluated credits included: 1st Lt. Richard B. Smith, Medford, Ore., one damaged.

ON BOARD CRUISER
Recently reported to the heavy cruiser USS Pittsburgh for duty was Kenneth L. Peterson, chief commissaryman, USN, son Mrs. Maryanna Peterson of 408 W. Lane St.

The Pittsburgh is scheduled to leave this month for duty with the Mediterranean Sixth Fleet.

gon Power Co. restored service to the immediate areas in two hours but, from the store to above Rock Creek, service was not resumed until Monday noon.

Douglas County Payrolls Show Half-Year Boost

Douglas County's first-half 1952 total payrolls were up 11.4 over the same period for 1951, a compilation by the State Unemployment Compensation Commission reveals.

The 1952 first half total payroll was \$28,968,982, compared with \$26,003,893.

Continued expansion of wood products industries in Douglas County was attributed as the reason for the increase.

Douglas County placed third in the state in total payrolls, topped only by Multnomah, with \$263,026,401, and Lane County, with \$49,175,251.

Douglas edged out Marion County, which dropped to fifth with \$24,896,358. Rising timber activities also enabled Coos County to climb into fourth place, above Marion, with a total of \$25,632,222. Marion County, however, does not have state employee's salaries included in their total, as these are not covered by the unemployment law. Linn and Jackson counties follow Marion. Stepped-up dam activities accounted for a 27 percent payroll increase in Umatilla County.

Camas School's Progress Noted

The Camas Valley School has recently acquired several new teaching aids, including a portable radiant daylight screen which can be used to show movies, strip film and slides in the individual rooms in ordinary daylight, without the need of darkening the room.

In connection with this purchase, the school now has a strip film-slide combination projector and several strip films dealing with fractions, decimals, resources, primary reading, government and various other subjects. Several teachers have already made use of the new equipment.

The school has also started a record library with an album of square dance records for use in both grade and high school physical education classes, and two albums of action-records for the primary department.

According to Superintendent Marlen Yoder, the old library has now been set up as an audio-visual aids room, where all these materials, and also the school's two phonographs, regular projector and dark screen, and loud speaking system, are stored and may be signed out by the individual teachers whenever they are needed. Bolstering the record library are a stack of popular records for school dances, which have been mostly donated by the students.

The grade school has ordered a set of Compton's Encyclopedias, which with the present set of World Book Encyclopedias, will be placed on two carts for easy moving from room to room when needed. A new file cabinet and safe combination have been ordered for the office, and the old four drawer file cabinet will be moved to the library for filing leaflet material.

Chinning bars have been purchased for the playground and will be installed as soon as they are received. A fence is being constructed by the shop boys, to fence off the front walk of the

school to encourage the children to stay off the grass.

In the art department, the fifth grade, under the leadership of Mrs. Carrie Pope, has been experimenting with finger painting, several excellent examples of which appear in the front hall of the school. The seventh and eighth grades, also, have samples of cut-out pictures on the front board and all the rooms are beginning to decorate in the Christmas spirit. The eighth grade, under the leadership of Rodney Petty, have decorated the upper windows of the front doorway with a traditional shepherd's Christmas scene. The side windows of the doorway are made to give the impression of stained glass windows.

YOUR BODY
ROSEBURG, OREGON—These health articles are written and paid for by Dr. B. A. SMITH, Chiropractic Physician, 1500 Garden Valley Road, in the interest of public health and to help you understand the body function. Look for these informative articles every Saturday.

An endocrine secretion or hormone is a natural chemical element of the body. Instead of being poured into the body through a duct, as is the case with the secretions of non-endocrine glands, the hormone is absorbed by the blood as the blood passes through the gland. The hormone is then carried by the blood to all parts of the body.

The glands which produce the hormones are called the glands of internal secretion or endocrine glands. Some glands produce both an internal and an external secretion, as for example, the pancreas. The sex glands also have internal and external secretions.

The hormones secreted by the endocrine glands have many and varied duties to perform. They play a role in transmitting nervous stimulation, control of salt and water balance, reproduction, metabolism, growth, production of insulin, and control of blood pressure and they also influence the digestive processes. The hormones perform their specific tasks far from their location in the body.

When rapidity of action is essential, the body is organized and controlled through the central nervous system. When there is no harm in the action's being slow or even extremely slow and prolonged, then the body makes use of the chemical, rather than the nervous, means of control. An example of slow coordination in the body is the growth of the bones. Such growth is rarely complete until a person has reached adult age. Therefore, for twenty years or more the rate of growth of each bone in the body has to keep pace with the others. This coordination is brought about by minute doses of an internal secretion from the

pituitary gland, which is poured into the blood from before birth to old age. The rate of growth of different bones is coordinated by means of certain hormones.

The endocrine glands secrete hormones in varying numbers. The thyroid, parathyroid, and pancreas apparently secrete one hormone each. The adrenals and sex glands secrete at least two each while the anterior pituitary gland secretes eight or more. Each gland has certain characteristic functions, the disturbance of which causes various changes in the appearance and function of the body.

The endocrine glands are located in different parts of the body. The pituitary is situated at the base of the skull; the thyroid, in the neck; the parathyroid, also in the neck; the pancreas and the two adrenal glands, above the kidneys; the sex glands, which include the ovaries and testicles, in the pelvic region; the pineal gland in the brain area; and the thymus, under the breast bone until puberty.

Not many ideas in connection with the body functions are entirely new. The idea of control by hormones, although it dates from the beginning of the twentieth century, is a revival and elaboration of a similar idea which was widely held in the Middle Ages.

That actions of the various hormones differ widely, yet their basic chemical structure is similar. These natural chemical elements of the body are active in extremely small quantities. They are present in the blood, lymph and in the glands in small quantities. They control such extremely vital functions as growth and nutrition. They also influence mentality and personality. (Pd. Adv.)
