### Grange Leader Of 42 Years Ago Again Elected

By NETTIE WOODRUFF  
Few Granges in the country can match a situation at a recent meeting of the Melrose Grange.  
Dave Busenbark was elected Grange master to become the latest as well as the first master. Forty-two years ago, Busenbark was elected master of the Grange as it was organized.  
The members feel honored to have him as leader this year. He was elected after George Showers resigned, due to lack of time to devote to the duties.  
Busenbark recounted the story of the Grange since that founders' election that put him in office for the first time. Speaking in retrospect, Busenbark stated that the organization has done much for the neighborhood and has become an outstanding force in the community.  
Pa. Kreuger, outgoing master was given a standing vote of thanks for the work he helped accomplish during his two-year term of office. During the business meeting, Otto Matthews was appointed business agent and Paul Kreuger, chairman of the legislative committee. Connie Showers was installed as secretary.

### Bandit Snatches Bicycle; Flees Scene Of Holdup

ST. LOUIS (AP)—A 12-year-old boy caught up with a fleeing gunman last night only to lose his bicycle, thus inadvertently helping the man escape in a comedy of errors.  
It all began when the man entered a confectionery in midtown St. Louis, pulled out a gun and demanded money.  
A customer entered. The gunman courteously let the store owner wait on the customer, but the owner, Joseph Eno, took advantage of the open door and fled down the street shouting.  
The gunman fired at Eno unsuccessfully.  
Nearby residents began pouring from their homes. The gunman fled in the other direction with the crowd in hot pursuit.  
Patrolman Emil Boulicoult saw the mob running toward him shouting, "Stop thief." He pulled out his gun but couldn't tell who the culprit was.  
With a rush the would-be bandit and crowd was past him so Boulicoult ended up chasing the chasers.  
Then James Nations, 12, mounted on his trusty two-wheeler, took over.  
But one push from the gunman and the boy was on the ground while the fugitive rapidly pedaled away from the panting crowd.  
The bicycle was found later but not the gunman.

### Italian Police Club Crowds Into Silence

ROME (AP)—Police clubbed rioting Communist crowds into silence Tuesday night and arrested more than 1,000 demonstrators against proposed changes in Italy's election laws.  
In the Chamber of Deputies, a Red-led filibuster against the changes proposed by Premier Alcide de Gasperi passed its 35th consecutive hour—a new record.  
Plain clothes police hid clubs under their coats and went into the ranks of the demonstrators in two Roman squares to hunt down ringleaders. Fighting erupted before the demonstrations were silenced. Scores were injured.  
The law, which is held virtually certain of passage, would give 65 per cent of Parliament's seats to any party or coalition polling at least 51.1 per cent of the vote in next spring's parliamentary elections.  
In ancient Europe, black cats were believed to embody evil witches and even in the Middle Ages they often were burned alive on Halloween.
