Ball For Eisenhower Extended Into Wee Hours

been given over to the celebration. One was the National Guard Armory, the other the McDonough Auditorium at Georgetown University.

Officially, it was a white-tie and bare-shoulders event, and most of the guests conformed. Tickets were \$12 apiece, and you had to know somebody who knew somebody to get them.

It was a brilliantly dressed throng. There were tiaras and lognettes, fabulous jewels or some very expert copies thereof, full flaring gowns with trains, and décolletage that defied gravity.

Orchid corsages were as common as dandelions on a summer lawn.

Well before the President's first appearance, most of the celebrities were on hand—Cabinet designers John Foster Dulles, Martin P. Durkin, George M. Humphrey, and Wilson; Harold E. Stassen, named to be mutual security director.

Most of the senators and congressmen had taken boxes.

A long line of well-wishers waited patiently to shake hands and exchange a few words with Sen. Robert A. Taft of Ohio, Eisenhower's great rival for the Republican nomination. It was obvious, last night that he had lost none of his popularity.

necessary for them to start their steam plants going.

Pelton Dam At Issue. The other power measure, which would allow court appeals from decisions of the State Hydroelectric Commission, was ready for introduction under the sponsorship of Portland General Electric Co.

The commission refused to let PGE build the Pelton power project on the Deschutes River after the State Fish Commission said it would hurt fish life.

Liquor for the drink and educational television legislation were headed toward hot battles.

The House Alcoholic Control Committee, introducer of the State Liquor Commission's bill to confine sales of liquor by the glass to places where meals are served, was ready to begin the big task of working it over.

The bill comes from labor groups, which think it doesn't provide adequate places where the working man can buy a drink.

TV For Education. The House Education Committee voted to introduce the controversial bill to permit the State Board of Higher Education to operate television stations in Portland and near Corvallis.

A hearing on the state's new law code, already passed by the House, was held Wednesday morning. The code probably will be passed by the Senate by Friday, letting the Legislature rid itself of its first piece of major legislation.

Both houses will meet in joint session Thursday afternoon to give members a chance to learn all about state finances.

The House Education Committee will decide Thursday whether to introduce a bill to give school teachers minimum salaries of \$5,600 a year.

Communist Leaders Guilty Of Conspiracy

sentences of five years in prison and fines of \$10,000.

The defendants, all from the New York area and all second-string leaders of the Communist Party, are:

Alexander Bittelman, 61; George Blake Charney, 46; Elizabeth Gurley Flynn, 60; Betty Gannett, 44; Victor Jerome Jerome, 54; Arnold Samuel Johnson, 46; Claudia Jones, 36; Alexander Leo Trautenberg, 65, Louis Weinstock 48; William Wolf Weinstein, 53; Pettis Perry, 54; Jacob Mindel, 71; Albert Francis Lannon, 43.

Judge Edward J. Dimock told the jurors the verdict was "amply justified by the evidence" and thanked them for "the exhibition you gave of careful study and the knowledge you showed."

The government claimed the 13 stepped into the shoes of 11 top party leaders who were convicted and sentenced to prison on the same charges more than three years ago.

The defense argued throughout the long, costly trial that the 13 sought to achieve Communist Party aims only through peaceful aims.

Al Donahue Band Dated At Armory For Friday Night

AL DONAHUE band plays here

Efforts to make Roseburg a regular city for "name" bands will be tested Friday night at the Armory when Al Donahue and his band play here.

Rated as one of the top 10 bands in the country, Donahue is famous for his introductions of new songs, including "The Shrine at St. Cecilia," "Deep Purple" and "Hi Neighbor."

The band has made musical features for Universal Studios and played in such top-drawer engagements as the Palladium in Hollywood and Waldorf-Astoria in New York.

The Donahue band features Charlene Bartley and Gordon Reeder as vocalists.

The band is the first of several top-name bands tentatively slated to play in the Armory. Others on the list, according to Eckwall-Watkins Entertainment Enterprises, are Stan Kenton, Ralph Flanagan, Jan Garber, Spike Jones, Shep Fields and Guy Lombardo.

For Friday's performance, a new loudspeaker system has been installed to improve the best possible sound effects.

Many Problems Facing New President Ike

(Continued from Page One)

decided at a meeting of the President with congressional leaders. No date for the conference has been set. The message, which Eisenhower will deliver in person, is expected to set out his legislative program at least in broad terms.

Eisenhower has not yet been briefed on the appeal of Julius and Ethel Rosenberg, convicted spies, for commutation of their death sentences. The Rosenbergs, husband and wife, were convicted of passing atomic secrets to Russia. Their appeal is one of the matters left by President Truman for Eisenhower.

There is nothing to announce at this time on the question of offshore oil lands. One of Truman's last major acts was to declare this oil to be a naval reserve. States which claim the oil hope Eisenhower will reverse Truman's order.

Hagerly said about all he could say was that if Eisenhower does annul Truman's order, Eisenhower's own executive order will be announced when it is ready. He said this does not mean that Eisenhower would or would not issue such an order.

Western Europe Gives Welcome To Eisenhower

LONDON (AP)—Western Europe gave a warm welcome to President Eisenhower Wednesday and hailed his inaugural speech as proof of continued American cooperation.

There were signs, too, that Western Europe will pledge its support to Eisenhower's anti-Communist policy just as it co-operated with outgoing President Truman.

Among senders of messages of good will to the new American president were West German Chancellor Konrad Adenauer, President Marshal Tito of Yugoslavia, and King Baudouin of Belgium. From India President Rajendra Prasad expressed belief "friendship and co-operation between our two countries will continue to grow."

Road Conditions Over County Are Improved

Road conditions were reported improving today as construction crews toiled to repair the high water damage.

Highway 38 to Reedsport was opened shortly after noon Tuesday, state police said, but traffic in the slide area was still one-way today.

The North Umpqua Highway was still closed above Idleyd this morning, but officials thought it might be opened to one-way traffic this afternoon or evening.

Highway 101 south of Coquille was reported still closed today due to a washout four miles south of that town.

Soviets Launch New Attacks On Zionism

MOSCOW (AP)—A leading Soviet publication Wednesday blasted Israel's Premier David Ben-Gurion, foreign minister Moshe Sharett and late President Chaim Weizmann as tools of American-British imperialism.

A long editorial in the foreign affairs weekly New Times also charged the Zionists with supporting a policy to establish "bloody, fascist regimes permeated by a spirit of racial bigotry, including anti-Semitism."

It was the most severe attack on Zionism yet to appear in the Soviet press.

Four-Year-Old Rescued From Fall Into Pipe

ARCADIA, Calif. (AP)—Four-year-old Heather McLaughlin has discovered that a 10-inch water pipe can be a most uncomfortable prison for a little girl.

She stepped into the pipe yesterday and was held fast in it for two hours. An electric saw had to be used to cut the pipe. Her rescuers then took off her shoes, which had been wedged around the valve it enclosed, before they lifted her out.

Her parents, Mr. and Mrs. Wilbur McLaughlin, massaged her arms while the rescue work was going on. The child was unharmed.

Increased Parcel Post Rates Are Petitioned

WASHINGTON (AP)—The Interstate Commerce Commission Wednesday disclosed a petition from the Post Office Department for a new increase in parcel post rates averaging close to 35 per cent.

The petition was filed by Jesse M. Donaldson, who went out of office as postmaster general at noon Tuesday. Dated Jan. 15, the plea for higher rates was one of his last official acts.

Postal officials estimated that the proposed hike would raise income from parcel post service by about 130 million dollars a year.

Public Hearing On Fire Budget Set For Feb. 16

Public hearing on the forest fire budget covering Douglas County forests will be held Feb. 16 at the Douglas Forest Protective Association headquarters, according to Fred Southwick, District Warden.

Floyd Hart, member of the Oregon State Board of Forestry will preside as chairman of the meeting. Dwight Fhippas, deputy state forester, will act as secretary.

All forest land owners who are paying fire patrol taxes may attend the meeting and will be heard on matters on the budgeting of monies to carry on the forest fire work for the coming summer. The meeting will begin at 2 p.m., Feb. 16, 1953. A copy of the tentative budget is available for inspection by the public at the Douglas Forest Protective Association headquarters at Roseburg.

"The Douglas Forest Protective Association is one of the largest patrol agencies in the state," said Southwick, "and furnishes forest fire protection, farm forestry services, actively on insect control and logging camp inspection, on more than 1,220,000 acres. Last year, a serious one from a forest fire protection viewpoint, the assessments for fire patrol were approximately 14 cents per acre."

Southwick reported that Oregon has been the leading lumber producing state in the Union since 1939 and averages over 8 billion board feet of lumber annually. "A stiff fight lies ahead for forestry, with blowdown timber adding danger to the forests along with the serious depletions of the Douglas fir bark beetle. To date," said Southwick, "there is no known method of fighting the bark beetle. We can only salvage the damaged timber as rapidly as possible."

Strip-Teasing, Hollywood Films Advent In Japan

Strip-teasing... Hollywood movies... radio quiz shows... pinball shops. Those are a few of the innovations brought to Japan by seven years of American occupation, stated Yasuo Kurata, former Tokyo newsman who's now at the University of Oregon, at a Melrose PTA meeting recently.

"Hollywood movies, particularly Westerns, are high on the popularity list," Kurata said, "and so is strip-teasing."

"Like American girls, Japanese girls are always worrying about the length of skirts—while dreaming of 'peek-a-boo' blouses."

The Japanese newsman said that quite a few American radio shows are being translated into Japanese, among them quiz programs.

"Pinball machines are plaguing the entire Japan. In Tokyo alone there are about 6,500 pinball shops, each with 10 to 15 machines," he revealed.

Flood Troubles Don't Dampen Spirit Of Drive

In the midst of the recent flood troubles throughout Douglas County people still found time to think of the March of Dimes.

In the Garden Valley area, one of the spots affected by high water, Mrs. W. A. Knapp phoned the chairman of the Mother's March, Mrs. Walter Britnell Sunday and volunteered her services.

Mrs. Knapp is the mother of Neil Christian, a victim of polio.

Sheriff's Office Files Will Undergo Changes

Files in the sheriff's office will undergo extensive change in the near future, Sheriff Cal Baird announced today.

He said his office is preparing a file system on criminal identification, and fingerprints that will be available to all law enforcement agencies in the county.

Part of the file, he said, will be a carryover from that operated under the administration of former sheriff, O. T. Carter.

Radio Group Will Occupy Quonset Hut

Members of the Umpqua Valley Radio Club will begin moving into a quonset hut on the fair grounds, vacated by the Naval Reserve.

Eugene Roelle, president of the club, said Naval Reservists had moved their headquarters to a building on the Veterans Hospital grounds. The county Fair Board has assigned the quonset to the club.

Meetings are held each Monday night, and some 14 men have received radio amateur licenses following radio training a year ago.

Roelle said the radio club will be used in conjunction with the Civil Defense program in establishing communications with other areas.

The club is taking new members, Roelle said, and those interested may attend next Monday's meeting at Lockwood Motors at 7:30 p.m.

New officers of the club, besides Roelle, are R. H. Collins and Bill Turner.
