

Ike's Take Home Pay Below HST's

WASHINGTON (AP)—As president, Dwight D. Eisenhower will receive about \$38,000 less in take-home pay than his predecessor Harry S. Truman.

The latter wanted Congress to remove this difference by retaining for Eisenhower the same tax exemption that Truman enjoyed. Eisenhower himself made no comment and Congress, which had to act by Jan. 20 for the new President to benefit, did nothing about it after a House committee rejected the bill.

Here's the way Truman figured out his own and Eisenhower's pay:

Annual salary	\$100,000
tax-free expense allowance	50,000
Total	150,000
Tax on salary alone	55,000
Take-home pay	94,000

Eisenhower:
 Annual salary \$100,000
 Taxable allowance 50,000
 Total 150,000
 Tax on full amount 95,000
 Take-home pay 55,000

SIAMSE TWINS DIE
MEMPHIS (AP)—Siamese twin boys who spent their brief lives joined chest to chest by a four-inch band of flesh from collar bone to navel died here Monday night. They were Terry and Jerry Sims, born to Mrs. Jesse Sims, 22, at Philadelphia, Miss., four days earlier.

MISS JENNIE TOUREL, mezzo soprano and prominent member of the Metropolitan Opera Company, will present a concert for the Roseburg Community Concert Association the evening of March 18 at 8:15 p.m., at the Junior High School auditorium. Miss Tourel's concert is to take the place of the Jan. 21 concert of Eileen Farrell, which has been canceled.

DRUNK CHARGE
 Joseph Claire Denney, Sutherlin, was lodged in the county jail Monday night by state police on a charge of being drunk on a public highway.

Main raindrops carry electrical charges, most of which have been shown to be positive.

Truman's Cabinet Men Become Private Folks

WASHINGTON (AP)—The members of President Truman's cabinet became nine private citizens Tuesday, most of them with vacation and employment plans already mapped.

Secretary of State Acheson will spend two months on the Caribbean Island of Antigua before returning to Washington to resume his law practice.

Secretary of Defense Lovett, a former partner in a New York investment banking firm, will rest in Long Island and Florida before going to New York to seek, in his words, some "reasonably prosperous employment."

Attorney General McGranery, who gave up a lifetime federal judgeship to head the Justice Department briefly at President Truman's request, says he has no plans beyond an extended vacation in the South.

Top Executives Doing All Right Financially

By SAM DAWSON
 NEW YORK (AP)—Top executives in most American corporations have been doing all right financially during the current business boom, although their pay gains haven't been as great percentage-wise as have those of some factory workers.

You may have guessed this. But today there's a financial report on the salaries, bonus payments and contributions to retirement funds of some 15,000 top men in 1,550 companies.

Their compensation went up by 4 to 10 per cent since the start of the Korean War, the American Management Association reports.

The average among the 46 industries studied was five per cent.

This is compensation before taxes. Many an executive will tell you that after taxation, his take-home pay doesn't look that hot. And he'll add that the cost of living index went up even more — although none of the top boys protests he actually is under-nourished.

There is wide variation among companies and among industries, AMA reports, "because of the direct relation between compensation of executives and the sales and profit performance of their companies."

Pay of top executives "depends on their ability to produce increased sales and profits," AMA notes. And bonuses play a large part, varying as much as 30 per cent among companies as their profits rise or fall.

On average, bonus payments make up 20 per cent of the total compensation of top executives. Contributions to retirement funds were the most consistent gainers. For all industries they rose 15 per cent, and accounted for 10 to 15 per cent of the total compensation.

Truman Wore Homburg To Make It Unanimous

WASHINGTON (AP)—Harry Truman made it unanimous Tuesday he wore a black homburg.

Dwight Eisenhower had scrapped tradition for his inauguration as President, announcing that he'd go to the ceremony in a black homburg.

Tradition had it that the President-elect journey to the capitol wearing a tall silk hat. Truman wore one four years ago.

When Ike called for Truman at the White House, the retiring chief executive stepped outside wearing a black homburg. Up to that point, his style of headgear had been kept secret.
