

Minimum Wage May Be Raised To \$1 Per Hour

WASHINGTON (AP)—The Eisenhower administration was reported today seriously considering asking Congress to increase the present 75-cent-an-hour minimum wage.

Former Secretary of Labor Martin P. Durkin had decided before he resigned last month to ask White House clearance for a request to raise the minimum to \$1.

Durkin's successor, James P. Mitchell, is now putting finishing touches on all the department's legislative proposals. Responsible sources, both on Capitol Hill and in the Labor Department, said they think Mitchell will give full support to a higher minimum wage and that the odds are in favor of White House endorsement.

ITCH

Don't Suffer Another Minute
No matter how many remedies you have tried for itching of sores, psoriasis, infections, athlete's foot or whatever your skin trouble may be—nothing from hand to foot—WONDER SALVE and WONDER MEDICATED SOAP can help you.

FINED FOR LARCENY

Edward Prescott Savage of New Westminster, B. C., was fined \$50 and ordered to make restitution of stolen items when he appeared in district court Monday on a charge of larceny under \$75, according to Judge A. J. Geddes.

Savage was arrested by State police following a complaint by Henry Crowdis, co-owner of City Drive In Market.

TURNING OVER TRIESTE—The United States and Great Britain informed Italy and Yugoslavia that they will withdraw from their zone of the Free Territory of Trieste and hand over civil administration of the zone to the Italian Government. Newsmap shows the British-American zone which will be handed over to the Italians and the Yugoslavian zone.

Sweet Potato Chips Believed Surplus Solution

STILLWATER, Okla. (AP)—The lowly yam finally may get in the chips—sweet potato chips, that is.

After studying the surplus yam situation for years, scientists at Oklahoma A&M think they've finally hit on a solution.

If you can make potato chips from regular potatoes, why not fry up sweet potatoes?

Frank Gross, head of the horticulture department, says experiments show the new chips may soon be the nibbling sensation.

They're big, golden yellow and crisp with the sweet — potato flavor brought out.

Some of the first experimental chips have been served this month at field days around Oklahoma and a survey of those munching the delicacy show they're enthusiastic.

"Besides being colorful and tasty, the chips made from sweet potatoes are healthier," Gross pointed out. "They have all the nourishment of regular potato chips plus vitamins."

Only a small part of the sweet potatoes harvest can be sent to the grocers because the majority is jumbo size and too big and pithy for the table.

However, these big ones are perfect for making sweet potato chips. The sweet potatoes are processed for chips virtually the same as Irish potatoes.

Key Waterfront Strike Figure Of '51 Bolts ILA

NEW YORK (AP)—John J. (Gene) Sampson, key figure in the record 1951 waterfront strike, has bolted the International Longshoremen's Assn. to join the American Federation of Labor.

Sampson made the move Monday night at a meeting of ILA Local 791, which controls Hudson River docks in the Chelsea district of Manhattan.

The meeting was a turbulent one with only 21 men lining up behind Sampson, who had been business agent of the local. Other men at the meeting, variously estimated at 400 to 900, voted to stay with the ILA.

It was announced that Sampson will serve as an organizer for the new ILA-AFL, chartered by the AFL after the federation ousted the old ILA for failure to purge itself of racketeering elements.
