

Eisenhower To Make World Peace Appeal

WASHINGTON (AP) — President Eisenhower will make an appeal for world peace in a television and radio talk to the nation Christmas eve. The President, probably with Mrs. Eisenhower at his side, will speak for about three minutes from the White House at about 4:30 p.m. (EST) next Thursday. Then he and the first lady will go to the White House south lawn and take part in the traditional lighting of the nation's Christmas tree. Eisenhower will speak briefly at that ceremony, too.

**Japanese Plan Pulp Mill
In Southeastern Alaska**

SEATTLE (AP) — The head of a four-man Japanese business group planning a large pulp mill project in southeastern Alaska said Thursday an existing sawmill may be bought first. Tadao Sasayama, chairman of the board of the Alaska Pulp Co.,

**Santa Helpers
Made Available
For A \$6 Fee**

SEATTLE (AP) — You can put in your order anytime here now for a \$6 Santa Claus to save wear and tear on your disposition and clothing. They'll do anything Santas do, except slide down chimneys.

Two enterprising Kelo business men, F. R. Enloe and P. R. Gillman explained Thursday they've extended their "Kris Kringle's Helpers" operations to Seattle this year. They've already got about 500 orders to furnish Santas between 5 and 11 p.m. Christmas Eve, and expect as many more.

"I got the idea while trying to find someone to play Santa Claus to my own five children," Enloe said.

"We first tried it in Kelo last year and didn't have a single unsatisfied customer." The Santas will be recruited from the ranks of policemen, university students and elderly men. They will get strict warnings to lay off any liquid jolliness that relieved fathers may offer them. Also, there'll be a de luxe job for \$20—a Santa who'll bring along his own photographer to snap the family.

**Large Transportation
Company Sale Approved**

POCATELLO (AP) — Authority to purchase the Moab Transportation Co. of Utah has been granted by the Interstate Commerce Commission to Garrett Freightlines Inc., a company spokesman said Thursday.

Clarence A. Garrett, president and general manager of the firm, said the transaction involves "in excess of" \$175,000 and places the Garrett company among the 15 largest carriers in the nation in gross operating revenues.

**Construction Underway
On Gigantic Globe**

WELLESLEY, Mass. (AP) — Construction is well under way on a gigantic globe nearly 28 feet in diameter designed to be the world's largest revolving globe.

A \$200,000 project, it is expected to be finished late in 1955 after welders complete the 2 1/2-ton steel skin, a geographer maps the continents and oceans and painters translate his work to the steel sphere.

The globe, on a scale of 24 miles to the inch, is being constructed by Babson Institute of Business Administration at its campus, Babson Park.

**160 Striking Employees
Receive Christmas Check**

JAMESTOWN, N.Y. (AP) — About 160 striking employees of a furniture company have received Christmas presents from their boss.

All got \$15 checks Friday from Clyde Crawford, president of the Crawford Furniture Co., which has been struck since Nov. 9.

In a letter accompanying the checks, Crawford said, "we want you and your family to be able to enjoy this great holiday as much as possible..."

FIREMEN BURIED—Chicago firemen work frantically to free two of their trapped comrades who at this point have their heads out from under the bricks and debris. The men were trapped when a wall of a Skid Road hotel collapsed following a fire which practically destroyed the building. Eleven firemen were dug from the charred ruins alive. Six persons were killed and 18 others were hospitalized, 17 of them firemen.

**Mighty U.S. Air Force
Necessity, Says Ike**

WASHINGTON (AP) — President Eisenhower says a mighty American air force is an absolute necessity "if we are to preserve this country inviolate" from enemy attack.

Speaking informally Thursday night, the President told a banquet commemorating the 50th anniversary of powered flight that such an air armada is a powerful deterrent to potential enemies.

He also declared, however, that actually no amount of armed force of whatever nature is sure-fire insurance against aggression.

The real insurance, he declared, is a deep universal appreciation of spiritual and moral values—appreciation by potential enemies as well as by Americans.
