

ANOTHER OVERPASS on the Pacific Highway rerouting through Roseburg is the Community Hospital Overpass above. Columns are being constructed now on Bellows Ave. by the R. E. Meade Co. of Grants Pass. The overpass will be 120 feet long and carry four lanes of traffic on its 58-foot width. It is comparable to the Harvard Street overpass, also located in West Roseburg. (Paul Jenkins Picture).

Cross-Complaint Filed By Zsa Zsa In Divorce

SANTA MONICA, Calif. (AP)—Actor George Sanders beat Zsa Zsa Gabor to the punch when he sued her for divorce Nov. 2, but the Hungarian actress may have the last word, at that.

Zsa Zsa filed cross-complaint for divorce yesterday. She denied

Sanders' charge of mental cruelty and in her complaint alleged that he caused her grievous mental distress and anguish.

The actress' complaint said a property agreement had been agreed upon and would be executed before the divorce hearing. The couple separated last Oct. 20.

FARMER CAGNEY

WORCESTER, Mass. (AP)—Movie tough guy James Cagney is to appear in a new role tonight. He will be one of 14 Massachusetts farmers to receive a soil conservation award from State Agriculture Commissioner Henry T. Broderick.

Cagney operates a farm in Chilmark, Martha's Vineyard.

Ford Notes Anniversary Of Startling Wage Scale

DETROIT (AP)—Forty years ago today Henry Ford gave the industrial world a jolt it long remembered: He established the \$5-a-day minimum wage in his factories.

Ford's historic scale announced Jan. 5, 1914, became effective a week later. Factory wages then ranged from \$1 to \$2.50 a day, depending on skill.

Ford's action was of tremendous significance, socially and economically. It brought instantaneous criticism as well as praise.

"Industrial suicide," some manufacturers wailed.

"Just social justice," Ford replied.

"It will ruin the Ford company and others with it," cried the critics. "Ford is trying to buy the workers' souls."

"It is a sound thing, economically and socially," Ford retorted, "and the time is not far distant when none can fail to realize it."

Ford always maintained "the country's best market is created by the wages it pays."

The industrial bombshell he dropped on his competitors, of course, did not ruin them or the Ford Motor Co.

The company Ford founded 10 years earlier on a shoestring had just filed its financial statement. This showed assets of approxi-

Storm Tides Inundate Italian River Lowlands

MILAN, Italy (AP)—Storm tides in the upper Adriatic smashed into the snow-covered lowlands of the Po River delta today breaking three dikes and flooding five villages with more than three feet of water.

Police and firemen manned boats in the predawn darkness to carry some 200 marooned residents to dry ground in the wind-whipped cold.

Scores — perhaps hundreds — of others were reported clinging to rooftops and waiting in upper-story windows for rescue.

ately 35 million dollars and a surplus in excess of 28 million.

Communist Jet On Way To U. S.

TOKYO (AP)—The Far East Air Forces today said the Communist MIG 15 that the Reds apparently do not want back was enroute to the United States aboard a huge C124 Globemaster.

TO THE POINT

DALLAS, Tex. (AP)—After a short hearing this week, U. S. Commissioner W. Madden Hill decided that a woman ought to be held on a charge of receiving goods stolen in interstate commerce.

But he was having a hard time deciding what would be a fair bond for her when he asked: "What is your husband doing?"

"Four years," she replied.

Carp have been known to live for 75 years.

The Far East Command, at the same time, withdrew an offer to return the plane to its "rightful owner" since "no one seems willing to take credit for being owner of the plane."

The Russian-built MIG 15 was turned over to the Far East Command at Kimpo Airfield last Sept. 21 by a North Korean pilot who fled communism and collected \$100,000 for the plane.

The Air Force said the MIG 15, which had been undergoing tests on Okinawa, was crated up and sent to the United States today aboard the Globemaster.

Far East Air Forces Commander Gen. O. P. Weyland said, "The Air Force plans to reassemble the Communist fighter at Wright Patterson Air Force Base, Ohio, for further examination and testing."
