JUST NEW TEPEE SAME INDIAN...

We have just received an eviction notice! We have been forced to move from our favorite tepee (milk carton) to another! We have changed our milk carton from the familiar square, flat top to the square milk carton with pointed top. This enforced move has been caused by the labor difficulties of the American Can Company. We have depleted our stock of Canco milk cartons and now are using a different milk carton to bottle our products.

PURE-PAK CARTON

Some of our milks are now bottled in the PURE-PAK carton... the square carton with the tepee top. We changed to this carton to maintain our standards of purity and insured cleanliness for your protection. Look for this carton at your grocery... look for familiar Umpqua name.

SAME TOP QUALITY

Our milk carton has been changed but the quality of our milk has not. Regardless of the shape of the milk carton you are assured of top quality milk when you buy Umpqua Milk. Look for the name Umpqua before you buy!

Until the labor difficulties at American Can Co. are settled, you will find some Umpqua Milk bottled in Pure-Pak cartons. This Indian is unhappy about having to move to a different tepee but it has been beyond your control. Look for the Indian head on the carton and you will find pure, farm fresh Umpqua Dairy Milk. It has been necessary, as an emergency measure, to borrow milk cartons from the Zottola Creamery, Grants Pass, to bottle our milk. These cartons may still be used a few times. Remember, regardless of the carton name, you will still have Umpqua Milk inside.
