VA Is Planning Big Budget Cut

WASHINGTON (AP) — The Veterans' Administration (VA) told Congress Saturday that some of its 1953 organizational changes will save costs by at least 48 million dollars a year and other "substantial savings" are likely.

Administrator Harvey V. Higley said as a result the VA would request less money for next year.

In a report to the House Veterans Committee, Higley said that, in addition to specific savings of 48 million dollars, "there were also numerous accomplishments during the year for which the dollar amounts of savings are not available" but which have brought "substantial savings."

"The reorganization of the Veterans' Administration which is currently in progress," he said, should provide more economies.

India Holy Men Make Suggestion To Assure Peace

ALLAHABAD, India (AP) — The holiest of India's Holy Men suggested Saturday that the world's Big Four leaders assemble nude on Himalayan heights and there seek peace for the people of the troubled earth.

They believe India's Premier Nehru — also nude — should preside at this proposed meeting of President Eisenhower, Prime Minister Churchill, Premier Malenkov and Mao Tse-Tung.

And if the lofty Himalayas are impractical they suggested an alternative — the burning ghats of Benares City where Hindu bodies are cremated.

The proposal came from the Holy Men known as Naga Sadhus who are regarded as having attained human perfection by discarding all earthly desires and possessions, including clothes. They are here to lead some 5 or 10 million pilgrims in the month-long Moka period of bathing at the confluence of the sacred Ganges and Jumna Rivers.

This is not the first nude conference to be suggested by the Naga Sadhus. Three years ago a leader suggested that Truman and Stalin should meet naked in the Himalayas — also to talk peace.
