Friday evening, the regular meeting was held at the Riversdale Grange Hall with Master Carl Youngren, in the chair. Two officers were found absent, Ida Burr, pianist, and Katharine Young, lady assistant steward and acting pro-tem were Leila Spray and Maxine Mehlhoff.

Plans are being made for the 25-year-anniversary to be held in September and a committee was appointed including W. D. Love, chairman, Cliff Hess, Clara Hess, Cleo Tipton and Ethel Welker. Other committees were also announced and appointed, including the road committee consisting of Ora Walker, Ted Mehlhoff, Edwin Bayless and Norman Wicks. Insurance agent for the new year is Neida Norris, who would like to remind all Grangers carrying this insurance, who are not paid-up members, or who drop out of the Grange, their policy is automatically cancelled. Non-Grange members cannot carry Grange insurance. New sales slip chairman is Addie Schneider, and she urges members to please contact her by phone or mail Rt. 2 Box 805, Roseburg.

Hilda Walters reported on the auditing of the Secretary-Treasurer's books for the previous year which were audited at the Grange Hall, Jan. 8 by Anita Stark, Bill McLain and Hilda Walters.

The lecturer's program was one of interest in the Winter-Wonderland theme. Everyone responded with "Why I like Winter." Cliff Hess gave a very interesting report on winter gardens, how to prepare the soil for winter and how to spray and care for fruit trees, berries and grape vines, as well as the ornamental trees. Mr. Hess advocates that farming is somewhat like banking. "You have to deposit, before you can take away."

Social night will be Saturday Jan. 23, at 8 p.m. with the Eric Trozies and the Charles Starks on the committee. Cards and dancing will be the entertainment.

The program prepared by the lecturer, Essie Olson, for the next meeting, Feb. 5, at 8:15 p.m. will be colored slides, to be shown by Mr. and Mrs. W. D. Carter, on their trip to Europe.

Notice to Septic Tank Owners

There's nothing more simple than a septic tank—when it works! And there's nothing more embarrassing than a septic tank that doesn't work! Usually there are two reasons why they stop-up and overflow—first, because the tanks are not cleaned at proper intervals; secondly, toilet tissue that does not readily disintegrate may clog the drains and force them to back up!

Few toilet tissues are made with the septic tank problem in mind. The one that is—MD Toilet Tissue—is scientifically processed so that it absorbs water completely and quickly. Try it in a glass of water and see for yourself.

Best advice: Consult your County Health Department, your plumber, or a septic tank service company, for advice on cleaning your tank. Use MD Toilet Tissue!
