

Glide-Idleyld Area Takes Steps For Kiwanis Club

A step toward organization of a Kiwanis Club in the Glide-Idleyld Park area was taken Tuesday night when 10 Roseburg Kiwanians met with 22 area residents at the Red Barn.

A petition was circulated among those attending, for the purpose of obtaining the names of those interested in forming a club.

Mrs. Arthur Selby, News-Review correspondent at Glide, said a committee consisting of George Churchill, Forrest Kennaday and James S. Evans was appointed to solicit the names of others interested in the project.

After a turkey dinner, the meeting was opened by Gordon Stewart, president of the Roseburg club.

He called upon Horace Berg, district vice president of Kiwanis International; Earl Plummer, former president of the Roseburg club; Robert G. Davis and James E. Slattery, members. All spoke on the aims and purposes of the organization.

Robert Auferheide, one of the directors of the Roseburg club, made the offer of sponsorship by Roseburg members of a club in the area. Then, the petition was circulated.

As soon as the petition is completed, another organizational meeting will be called in the area.

One Of 10 Most Wanted Fugitives Caught In LA

LOS ANGELES (AP)—One of the FBI's 10 most wanted fugitives, a man whose wife didn't even know he was wanted by the law, was captured without trouble last night in an industrial district of Los Angeles where he was working.

FBI Director J. Edgar Hoover in Washington and the local FBI office announced that Alex Richard Bryant, 47, was unarmed and offered no resistance when he was arrested at a trucking company where he was employed as a truck spotter.

The FBI said Bryant, who had been living here with his wife and one child under the name of Edward F. Lawson, has spent all but seven months of his adult life behind bars or as a fugitive. The federal agents said he has a criminal history dating back to 1924.

Sec. Dulles Requests Sidestep Soviet Plan

(Continued from Page One)

ence is not the place to decide that matter."

Britain's Foreign Secretary Eden and France's Foreign Minister Bidault concurred with Dulles on the rejection of the Soviet proposal.

After they spoke, Molotov—who had declined to start the debate on his own proposal—replied in a long statement which Western authorities described as contending the big five conference is urgent. He should tackle the following issues:

1. Military questions such as disarmament and reduction of forces.

2. General relaxation of world tensions, including an examination of causes of tensions, and specifically an improvement in relations with Communist China.

3. Economic questions. In this connection, he made the point that he thought it abnormal that 800 million Chinese and Russians and others in the Communist sphere should be cut off from fuller trade contacts with the rest of the world.

Molotov had submitted to the conference's second session Tuesday a formal resolution calling a five-power meeting in May or June. The United States already had rejected the whole concept.

But it also had accepted, along with Britain and France, a Russian sponsored agenda which put the five-power proposal as the first item of business beginning in the third session.

PORTLANDER CONFIRMED

WASHINGTON (AP)—The Senate Labor Committee Tuesday unanimously confirmed President Eisenhower's nomination of Robert O. Boyd of Portland, Ore., to the National (railway) Mediation Board. The nomination now goes to the Senate for action.

Myrtle Creek Will Vote Upon School Bonds

Voters of School District 19, Myrtle Creek, will go to the polls Feb. 4 to decide on a proposed \$135,000 bond issue for school construction, Supt. Al Nest reminds.

The issue would pay for the erection of eight elementary rooms at Tri-City and a two-room elementary addition to the present Myrtle Creek Primary School building.

Nest reports that the program is expected to house elementary students for the next two years, and possibly three.

He indicated that three rooms of elementary students are housed in rooms now that won't be available next fall. These include two rooms in the high school building now used for elementary students, and which must be used for high school purposes next year, and one third grade room now being housed in the recreation room at Myrtle Manor housing project.

The enrollment forecast in the district shows the need for at least three rooms, making a total of three rooms that definitely will be used next fall.

According to school board sources, the tax levy next year will be lower even with the passing of the bond issue. The school enrollment has shown a small but steady increase since the beginning of the year.

The bond issue has received the unanimous backing of a 12-member citizens' committee and the school board.

Nest said all citizens in the district who voted under the last election, or who have registered 30 days prior to this election are eligible to vote.

Polls will be open between 2 and 8 p.m. on the voting day.

Douglas County OEA Schedules Annual Meeting

The Douglas County Division of the Oregon Education Assn. will hold its annual winter meeting and election of officers on Saturday, Feb. 29, from noon to 3:15 p.m. at Fullerton School.

The date was set at a recent meeting of the executive committee of the organization, according to Bob Sabin, division president.

At the meeting, the committee voted to appropriate \$100 to the Overseas Relief Fund for Korean Teachers. The money will be used to purchase clothing for five teachers in that country. This brings to \$200 the amount given by Douglas County teachers in the past year. In May last year, Roseburg teachers gave \$100.

David White of Glide High School reported plans to survey the teacher salary schedules of schools in the county and to issue a report to all teachers in the county as to the main provisions of the schedules.

Vera Matthewman briefly reported on action taken at the OEA Representative Council meeting in Portland last month.

The committee also voted to allow up to 20 in the delegate to the NEA convention at New York City next June. The delegate will be chosen at the annual meeting here. Candidates will be selected from the four sections of the county division.

The next meeting of the executive committee is set for April 3 in Roseburg, at which time new officers and committee heads will confer.

Hawaii Statehood Bill Formulated

WASHINGTON (AP)—The Senate Interior Committee Wednesday approved a Hawaii statehood bill for Senate consideration.

Chairman Butler (R-Neb) said the committee action came on a 2-3 vote after it had divided 8-7 on an earlier motion separating the Hawaii legislation from an Alaska statehood proposal.

He said the committee agreed unanimously to vote on the Alaska legislation "no later than Feb. 4."

A meeting will be held Feb. 3, Butler said, to permit all committee members to offer amendments, if desired, to the Alaska bill now being worked over by the territories subcommittee.

Butler said the committee session was attended by all but two of its members.

Warm Rain Replaces Snow; Highway Damaged

back on the lines Wednesday morning after the Monday night storm cut the towns off completely.

In Roseburg, seven suburban lines still are out in the area, and work is progressing to bring back local service in Glide, Oakland, Sutherlin and Camas Valley. McGuire said all construction men here are working. Repair work possibly will continue through Thursday.

Three full construction crews are working to restore full toll service between Roseburg and Coos Bay after the service was knocked out in the storm. About half of the toll circuits now are operating.

Tuesday night's rain was responsible for postponement of two basketball games in the county. Both were B-League contests—between Canyonville and Yoncalla at Yoncalla, and Glide and Camas Valley at Camas Valley.

Eisenhower Promises Probe Of Coffee Prices

(Continued from Page One)

3. Discussed the distinction, as he sees it, between the policies of his administration and the "New Deal" of the preceding democratic administrations. He said his administration is politically liberal in dealing with individuals and conservative in dealing with economic and monetary matters.

A major difference can be cited, he added, simply by taking a look at the budget which he said shows his administration is reducing spending and that his predecessors went further and further into debt.

4. Asserted that Rep. Condon (D-Calif.) has every right to clear himself of charges of subversion. Condon last year was refused permission to visit atomic tests because of information the Atomic Energy Commission said it had received about him. The congressman has denied that he is or ever has been a Communist or a sympathizer of the Communist Party.

5. Declared a measure of humanity will be employed by the Army in handling the case of Cpl. Edward S. Dickenson, the American former prisoner that was first chosen to remain with the Communists and then elected to return home. The Army has started court martial proceedings against Dickenson on the ground that he had unlawful dealings with the enemy.

The President said, too, he is certain the armed forces will use sympathy in dealing with Americans who confessed under duress to engaging in germ warfare. The Marine Corps has ordered an inquiry into the case of Col. Frank H. Schwable, Marine pilot, who while a prisoner signed a germ warfare confession which he renounced when released.

Eisenhower said he was so disturbed when he read about the start of court martial proceedings against Dickenson that he got in touch with Secretary of Defense Wilson about the case.

Storm Hits Hard In Myrtle Creek Area On Monday

Monday night's storm hit hard at the Myrtle Creek area, Mrs. Ruth Evans, News-Review correspondent, reports.

George O'Malley, manager of California Pacific Utilities Co., said rural telephone lines were down in South Myrtle and Riddle. But worst damage to phone service came in the Milo area and the line to Tiller. There wet snow and trees tried to knock down poles and lines.

Full crews were in the area working Tuesday, and service was expected to be restored Wednesday. California Pacific operates the Myrtle Creek - Canyonville - Riddle exchange.

Power service also caught damage from the storm. Bob Adams, manager of the Southern Oregon Power Co. office in Myrtle Creek, said the main transmission line at Toketee was felled by heavy snow Monday morning, causing power outages in the area.

Electric poles and crossarms were down on the Days Creek cutoff in the Milo area and on North and South Myrtle. Hot wires across the cutoff held up traffic for quite awhile during the morning, although school buses got through.

The Logging Co. mechanics and loggers were laid off until Friday, according to A. B. McGuire. One hundred men were tarred out of work.

The new snow brought the total to 30 inches at Canyon Creek and 16 inches at Rock Creek.

Fullerton School Dads To Sponsor New Scout Troop

Roseburg boasts a new Boy Scout troop with the formation of a group Tuesday night at Fullerton School, according to D. R. Dimick, information chairman of the Fullerton Dads Club. The troop was created by unanimous vote of the club.

Neal Meyer has been selected as scoutmaster, with Newel Howard as his assistant. A Scout committee meeting was held in the home of President Ralph Voeller.

At the gathering, Ted Prusia was elected chairman of the Troop Committee, and Meredith Wilson will act as treasurer and Walter Sandquist as secretary.

Dimick was named institutional representative, the same office he holds in the Fullerton Cub Pack. Other members of the committee are Bernard Young, Millard Magnus, Jack Cummins and Voeller.

Prusia and Meyer announced that the first meeting of the troop will be scheduled at an early date.

At a Jan. 19 meeting of the club, Bruce Elliott, who has been long in Scout work, outlined the Scout program.

Myrtle Creek School Board To Study Budget

The Myrtle Creek school board will meet in a special session Monday night to review the preliminary budget for school year 1954-55, according to Supt. Al Nest.

There would be a several mill decrease under the present millage for two reasons: (1) More funds will be available from state sources, and (2) the \$45,000 one-year levy contained in this year's budget would now be paid.

The district budget committee of five Myrtle Creek citizens and the school board will meet in a special session next Monday night to go over the entire budget program.

SURVIVE TWO PLANE CRASHES — Author Ernest Hemingway (right) and his wife, Mary (left), have arrived safely in Entebbe, Uganda, after two plane crashes in the upper Nile country of East Africa. In the first crash, the Hemingways' chartered plane smashed its landing gear in a takedown near the Victoria Nile. Hemingway, his wife and the pilot then hitch-hiked a ride on a motor launch to Butiaba, where they boarded a second plane, which crashed and burned on takeoff.
