Crash Follows Crash On Fog-Shrouded Road

DARMSTADT, Germany (AP) — A motorcycle rammed into a parked trailer truck in a dense fog on the Frankfurt-Munich autobahn near Darmstadt Monday and its rider was killed.

Two trailer trucks stopped at the scene. Two other motorcycles smashed into the rear truck, killing both the motorcyclists.

Another truck, unable to stop in time, hit the wreckage and hurled the two bodies over an embankment.

A fourth motorcycle plunged into that truck, the rider and a companion were injured critically. Six automobiles piled up in the opposite lane. Traffic was stalled for two hours.

The United States population gain in the past eight years is more than a third greater than the entire population of Canada.
