Vacuum-packed to keep it roaster-fresh.

It's the "Prime Flavor" coffees in Maxwell House that make such a wonderful difference in flavor.

These selected coffees—grown in just three regions in the world—are the heart of a fine blend. Some brands contain only small amounts of these extra-flavor coffees. Some contain none. But Maxwell House is made first and foremost of "Prime Flavor" coffees.

Maxwell House is bought and enjoyed by more people than any other brand. They know every cup is Good to the Last Drop!
