Linn Phone Co. Given Permit To Sell Bonds

SALEM (AP)—The Linn County Telephone Company was granted permission by Public Utilities Commissioner Charles H. Helzel Monday to sell \$600,000 of its first mortgage bonds to several life insurance companies.

The company is owned by Mountain States Power Co.

The proceeds from the sale will be used to discharge mortgage indebtedness and to pay for new construction.

The order also allowed the telephone company to sell 3,000 shares of its common stock to the parent company for \$100 a share.

Hungarian Who Got Nobel Prize Wins New Honor

By FRANK CAREY
AP Science Reporter

CHICAGO (AP)—A major American scientific honor has been awarded a scientist who fled here in 1947 from Hungary to do research that might be "no damn good at all."

He is Dr. Albert Szent-Gyorgyi, 60, who Sunday was presented the

Albert Lasker Award of the American Heart Assn., including a \$1,000 prize — for "distinguished achievement" in the field of research concerned with heart and blood-vessel diseases.

Specifically he was honored for pioneering studies leading to a better understanding of the action of muscles — a contribution which

the AHA declared had provided new clues to the mechanism of heart failure and "removed many barriers to the study of normal and diseased hearts."

The gentle, friendly, gray-haired researcher had won the Nobel Prize in medicine in 1937 for his isolation of vitamin C.

And he had won other honors for other achievements.

The scientist, now director of the Institute for Muscle Research at Woods Hole, Mass., told reporters that studies under way by himself and his colleagues might eventually lead to an "approach" to a better understanding of such elusive ailments as muscular dystrophy.
