

# Delinquency Has Not Changed Materially, Speaker States

By RUTH M. EVANS  
Mrs. Joy Gubser, assistant superintendent of public instruction for the state of Oregon was guest speaker at the annual dinner for the Myrtle Creek Board of Education at Myrtle Creek Tuesday, Delinquency Topic.

She spoke on the topic "Juvenile Delinquency," and traced its origin from the 18th century to the present time.

Three important factors were noted by Mrs. Gubser:

- (1) Juvenile delinquency is greater during a war period or shortly after.
- (2) Youth today compares favorably with youth of other years.
- (3) As the population grows, juvenile delinquency grows. The ratio remains the same.

She stated further, that unrest and delinquency go hand in hand and listed these three reasons: Mobility of population; depletion of resources, and increase in tension. She noted that there are three constructive agencies that work together: home, church and the school. Oregon needs many more good teachers to help develop the adolescent youth into good citizens, she said.

At Neet, superintendent of Myrtle Creek schools, introduced the board members and their wives. Vincent Knox, chairman of the board, spoke in behalf of the board, saying, "the faculty is an integral part of the community." Knox also expressed pride in the work the teachers are doing for the boys and girls of the school district.

Mrs. Anna Marie Fedje, general program chairman, introduced Mrs. Clois Pounds who

gave a reading entitled "Kentucky Philosophy."  
Clarence Dial sang two solos, "Hills of Home" and "The Desert Song" accompanied by Mrs. George Childress on the piano. Jack Kistling, classroom teachers president, was master of ceremonies.

Other members on the program committee were: Edna Helgeson, Alice McMurray, Shirley Van Lo, Muriel Valdes, Morace Robbins, Clarence Dial, Ethel Wynter, Wilma Smith and Clois Pounds.

The dinner was prepared by the cafeteria personnel and served to approximately 100 persons.

## Alabama Sergeant To Get Coveted Medal Of Honor

U.S. 3RD DIVISION, Korea (AP)—A modest, soft-spoken young Southerner shook his head in wonder Thursday and said, in a voice little more than a whisper, "I never thought anything like this would ever be within my reach."

Twenty-two-year-old Sgt. I. C. Lao L. Mize of Gadsden, Ala., had just learned he was to get America's highest military award, the Medal of Honor, "for conspicuous gallantry... valorous conduct and unflinching courage" in 14 hours of continuous fighting when 2,000 Chinese attacked Front Post Harry on the central front last June.

Mize didn't much want to talk about those 14 hours, during which he is credited with rescuing a wounded fellow American, killing at least 65 Chinese, regrouping his men for the counterattack which eventually drove the Reds of the outpost, and—after the fighting diminished—helping evacuate the wounded.

"Only 10 of my platoon lived through the night," Mize recalled, his eyes somber as he ticked them off on his fingers.

"Only seven of us were able to walk off the hill, and two of those were walking wounded."

## Refueling Tanker Plane Explodes In Operation

TOKYO (AP)—An American Superfort tanker plane exploded and crashed Thursday while refueling a jet fighter in the air and five crewmen are believed to have died.

The jet was not damaged. The Air Force said it has found four bodies and another crewman is missing and presumed dead.

Six crewmen parachuted from the flaming air tanker. They were taken to a hospital for a check.

The tanker sprang a leak while refueling an F84 Thunderjet near Nagoya in Central Japan. The jet disintegrated.

Fire broke out almost immediately and an explosion followed. The tanker crashed on an open hillside. Helicopters and ground parties found the bodies.

The tanker belonged to the 421st Air Refueling Squadron at Yokota Air Base near Tokyo.

## Oregon Missionary, Wife Said Beaten In Colombia

BOGOTA, Colombia (AP)—Colombia's Evangelical Confederation, protesting anew that this Catholic nation is persecuting Protestants, has charged that 15 persons attacked an Oregon missionary and his pregnant wife, beating and kicking them.

The confederation said the victims were the Rev. and Mrs. Warren O'Dell Nowowiejski, Assemblies of God workers from Salem, Ore. It reported Wednesday they were assaulted at Sogamoso, Boyaca Department; that Mrs. Nowowiejski was knocked to the ground and that their home was looted.

## Oakland Issues Call For Sale Of City Hall Bonds

Bids on bonds to finance Oakland's new city hall will be received by the city until May 4, according to News-Review Correspondent Edith Dunn.

An ordinance authorizing sale of the bonds was given final approval at a meeting of the city council this week.

In other action at the meeting a group of property owners in Wells Addition asked to have the lot put in across a road to carry off water from a ditch. They said the water drains on their property. It was decided to conduct a survey to establish property lines.

Edwin Stearns announced at the meeting that all heirs of D. W. Stearns are willing to sign a deed to transfer the city park west of town to the county. The property was deeded to the city years ago by D. W. Stearns, one of Oakland's earliest residents who came to the city in 1851. The park is on Calapooia Creek.

An ordinance was passed pertaining to the widening of Stearns Avenue at the railroad crossing and for paving the avenue to the west city limits this summer.

A letter was read from the Douglas County Housing Authority asking for a street light at the housing project in Oakland.

## Income Tax Cut Opponents Hold Tight On Measure

WASHINGTON (AP)—Two Senate opponents of a further big cut in income taxes said today their stance would not be altered by a substitute "head tax" proposal.

Senators Byrd (D-Va.) and Carlson (R-Kan.) said in separate interviews they remained against the proposed income tax reduction because of the substantial net loss of revenue involved.

The substitute came to light after top Treasury officials said the income tax cut could mean dropping 25 million taxpayers from the rolls.

Sen. Frear (D-Del.), one of the sponsors of the slash in income levies, said he proposed to keep all such persons on the rolls by making them liable for a \$5 or \$10 annual "head tax."

This would continue to make them conscious of their responsibilities as citizens, he said.

However, Byrd commented this appeared to him to be designed to "sugar coat" the income tax reduction. He said he doubted whether it would be administratively feasible. Frear said he was not ready to announce details.

## H-Bomb Holdup Due To Debate, Says Cole

(Continued from Page One)

Subcommittee yesterday that "greatly increased production of thermonuclear weapons"—those popularly called hydrogen bombs—account for increased spending in the next fiscal year.

Operating costs will rise by 427 million dollars, \$1,282,000,000, Strauss said, and he added, "Virtually the entire increase occurs in the cost of producing uranium and of producing weapons and weapons materials."

Strauss said results of current tests in the Pacific will play an important part in making the thermonuclear weapon a major instrument for the defense of the free world, but the commission also will seek for versatility through development of a "family of weapons."

AEC announced yesterday the third test of the current Pacific series, and Strauss said "information of great importance to national defense continues to be derived."

## Planes Collide; 30 Said Killed

MOOSE JAW, Sask. (AP)—Two planes crashed in the air over the northeast section of this industrial town Thursday and some 30 persons were reported killed.

First accounts from the scene said 16 bodies had been recovered.

One of the planes was a Trans-Canada Airlines North Star, a four-engine craft capable of carrying 48 passengers. The plane, equivalent of the DC6, is the largest used by TCA.

The other was a single-engine Harvard trainer from a royal Canadian Air Force flying school outside Moose Jaw, a city of southern Saskatchewan lying between Regina and Swift Current.

The crash came about 10:15 a. m. (9:15 a. m. PST).

Both planes plummeted down and disintegrated when they hit the earth.

## Sec. Wilson Issues Security Risk Directive

(Continued from Page One)

the question of security is received action will be taken to determine whether acceptance or retention is consistent with the interests of national security.

"In no case will any person reasonably believed to have at any time engaged in any of the activities listed... be appointed or enlisted in any of the armed services without the approval of the secretary of the armed service concerned."

In the cases of draftees the directive declares:

1. "Known Communists will not be inducted into the armed services."
2. Inductees who do not "satisfactorily" fill our loyalty questionnaires or whose questionnaires disclose "significant derogatory information... will be accepted into the service and retained on non-sensitive assignments in the lowest enlisted pay grade permitted by law, pending completion of a thorough investigation."

## Sen. McCarran Sees U. S. On Verge Of War

(Continued from Page One)

point is what kind of teeth—should the policy decisions be backed up by naval forces, air forces, ground forces, or some combination of these?

Eisenhower's refusal at his news conference yesterday to spell out probable free world action if the Chinese Communists move in force into Inchon caused some senators to speculate that a program of limited counteraction is in the making.

Among these, Sen. H. Alexander Smith (R-N.J.) said he sees no need to use U.S. troops in Indochina, but he added in an interview: "In case of a crisis there, we may need to use naval power and undoubtedly air power. I don't think anything we are doing now contemplates employing American manpower in Asia but quite conceivably it calls for air and naval power."

## Orla Phillips Winner Of Hair-Styling Contest

Orla Phillips, former member of the Roseburg Unit of the Oregon Beauticians Assn., took first place in the championship hair-styling contest held in connection with the Pacific Coast Beauty show in Portland Sunday and Monday.

The award is one step from the coveted "Master Artist" award, which is held by only a few stylists in the state. A winner of the award may not compete again for 10 years.

Also making the trip to the show were members of the Roseburg Unit: Irene Wangeman, Ethel Oederkirk, Irene Clark, Fern Andrus, Elizabeth Hughes, Marjorie Miles, Faye Endicott, Fern Craig and Helen Roysse.

## GLIDE JUNIORS HOSTS

The Glide junior class will entertain the senior class and high school faculty at a banquet tonight at the Roseburg Country Club. The guests will be entertained during the evening with a program arranged and produced by the junior students.

"MRS. OREGON" — Mrs. Jack (Ona) Holmgren, chosen "Mrs. Oregon" in a statewide contest, will represent Oregon in a national contest at Ellinor Village, Fla., later in the month. Mrs. Holmgren will compete with 49 other finalists for the title, "Mrs. America." Shown with her is her daughter, Joyce Ann, 18 months old, and her two colliers. (Picture by "Chris" of the Photo Lab.)

## Highway Reconstruction Changes Route Numbers

(Continued from Page One)

ward over the old Pacific Highway from Winston through Myrtle Creek to Canyonville and east from Canyonville through Tiller to Trail. The section from Winston to Roseburg, following the present highway, which is to be bypassed, will be known as S.H. 42N.

State Highway 38, the Drain-Reedsport route, is to be extended seven miles eastward over the route of the present Pacific Highway to connect with the new route of U.S. 99 at Anlauf.

Moving the location of the Pacific Highway to a site west of Sutherlin will replace the Y connection at Deady with State Highway 225 between Sutherlin and Elkton. The existing 225 designation for the Deady branch will be eliminated.

## Planes Collide; 30 Said Killed

MOOSE JAW, Sask. (AP)—Two planes crashed in the air over the northeast section of this industrial town Thursday and some 30 persons were reported killed.

First accounts from the scene said 16 bodies had been recovered.

One of the planes was a Trans-Canada Airlines North Star, a four-engine craft capable of carrying 48 passengers. The plane, equivalent of the DC6, is the largest used by TCA.

The other was a single-engine Harvard trainer from a royal Canadian Air Force flying school outside Moose Jaw, a city of southern Saskatchewan lying between Regina and Swift Current.

The crash came about 10:15 a. m. (9:15 a. m. PST).

Both planes plummeted down and disintegrated when they hit the earth.

## Land Classification Committee Ends Hearing

(Continued from Page One)

timber land. Separate budgets will be set up for each type.

An assessment of five cents per acre will apply to grazing land, unless actual fire fighting costs push the figure higher for the ensuing year. Assessments on timber land will depend on the actual cost of giving them protection for a general estimate, it could be noted that assessments on forest lands in fire patrol districts will run about 18 cents per acre this year.

The committee, recently appointed to carry out the provisions of the new law, must decide which classification should apply to forest lands. Previously, all forest lands carried the same assessment, whether timber or grazing land.

Agricultural and tillable lands are not involved. They are exempt from fire patrol assessments because they lack fire hazards. Generally speaking, forest lands are any lands which have flammable material on them — including brush or slashings.

Four other Oregon counties — Coos, Curry, Jackson and Josephine — now have five-member classification committees. The Douglas County Court named Elton V. Jackson, Fred Bonebrake and Philip E. Johnson to the local committee. Other members are Homer G. Lyon Jr. of the State Forestry Dept. and James C. Moore of the Oregon State College Agricultural Extension Service.

All members were present for Wednesday's meeting, although Bonebrake acted as chairman during part of the day because of the illness of Chairman Jackson.

## Roseburg High Graduate Takes Teaching Position

BILL BRADY ... to Ohio U.

Bill Brady, 1949 graduate of Roseburg High School, son of Mr. and Mrs. R. Glenn Brady, 690 Booth St., has accepted a teaching assistantship in speech at Ohio University, Athens, Ohio, for the school year of 1954-55.

He will also do graduate study leading to an M.A. degree in drama and radio.

Brady plans to leave Oregon in June to do summer work in the university theatre before taking up his academic program in September.

He is finishing his first year as an instructor of speech at Oregon State College, following his graduation from that institution in June of 1953.

## James Hughes Burned By Electrical Current

A Youngs Bay Lumber Co. electrician, James Hughes, 52, was showing satisfactory improvement at Mercy Hospital today, following an accident Wednesday in which he was badly burned.

Hughes received burns on the hands and face as the result of an electric flash. His left hand was the most seriously burned. He was wearing glasses, which protected his eyes.

Edell Bryant, personnel manager at the mill, near the east edge of Roseburg, said the accident occurred when Hughes threw a small electric switch. The main switch had not been thrown, Bryant said, and power caused an electric arc to jump out and strike Hughes.

## BIRTHS

Douglas Community Hospital

LUTHI — To Mr. and Mrs. Jesse Luthi, Sutherlin, April 3, a daughter, Norma Jean; weight seven pounds twelve and one-fourth ounces.

CHURCH — To Mr. and Mrs. Charles Church, 1038 Hamilton, Roseburg, April 5, a daughter, Tracy Elizabeth; weight seven pounds eleven and one-half ounces.

A giraffe usually is more than 5 feet tall at birth.
