

### Program, Prize List Released On Lamb Show

The program and list of prizes for the 15th annual Douglas County Fat Lamb Show have been released by J. Roland Parker, county extension agent and secretary of the Douglas County Livestock Assn.

Rules generally remain the same as in former years. The show is billed for June 12 at the county fairgrounds. Exhibitors must be in place at 10 a. m. All animals must have been the property of the exhibitor for at least 60 days, and all lambs shown must have been dropped since the first of the year.

Premiums totaling \$900 are being offered in three divisions—two in open class and one in junior class.

Prizes for single fat lambs in both open and junior classes will be the same. A cash prize of \$15 will go to the winner in each of the two divisions. Other prizes include \$12 for second, \$10 for third, \$8 for fourth, \$6 for fifth and \$5 for each of the next five places.

Open class also will have a division for a pen of five lambs. First prize in this classification is \$50, and \$40 for second. Others are \$30 for third, \$25 for fourth, \$20 for fifth, \$15 for sixth, \$14 for seventh, \$13 for eighth, \$12 for ninth and \$10 for each of the next 11 places.

The Willamette Valley Ram Sale Committee is offering \$12.50 each to the best pen of five and to the champion fat lamb of the show.

The Douglas County Livestock Assn. sponsors the show, which will be held in the sheep barns at the fairgrounds.

Those entering animals in the junior class must be between 9 and 19 years of age. Lambs weighing between 80 and 100 pounds are desired from the market standpoint, according to Parker.

Applications for entry are available through the county extension office.

### Air Force Reservists Hold Weekly Training

A regular meeting of area Air Force Reservists was held in Roseburg Wednesday night, with 1st Lt. David Kesner conducting a training program on airborne troop and equipment maneuvers in combat.

The meeting of Flight A, 9415th Air Reserve Squadron, was held at the Air Force Reserve Training Center, 904 S. Stephens St. The unit will meet again at 8 p. m. on June 16.

Capt. Donald P. Hemingway Jr., liaison officer of the 991st Group, with headquarters at Medford, made a regular visit to the local squadron headquarters. At Wednesday night's meeting, he explained various phases of the reserve training program.

### Felony Investigations During May At New Low

Investigations of felony crimes during May were the lowest in two years, Police Chief Stan Olson has told the City Council in his month-end report.

There were 16 felony crimes investigated including one grand larceny, four auto thefts and two fraudulent checks. Others reported by Olson were three break-and-entries and six petty larcenies.

Arrests were correspondingly low, 39 for the month. Twenty-three were charged with drunkenness, about 40 per cent greater than usual. Juveniles were held responsible for the break-ins, and three arrests were made. One person was charged with larceny and three with drunken driving.

### PASTOR DIES

Word has been received in Glendale of the death of the Rev. George Wood in Portland.

The Rev. Mr. Wood was once interim pastor at the Glendale Baptist Church. He had also served as a fill-in pastor at Glendale during his life. Death came as a result of a cerebral hemorrhage.

### Highly Competitive Timber Sale Conducted

was Empire Millworks Corp., Sutherland.

One mile west of Drain—Pfeiffer and Wingard Lumber Co., Yoncalla, entered the only sealed bid on 88,000 board feet of Douglas fir. The fir was appraised at \$8.60 per thousand, but sold at \$12.35 for a total of \$220,90.

Thirteen miles northwest of Roseburg. This salvage tract of 664,000 board feet drew no bidders. It will be held open for bids for 90 days. It is appraised at \$4,296.20 with Douglas fir appraised at \$8.70.

### Roseburg Firemen Answer 17 Calls During May

Roseburg firemen answered 17 alarms during May, but damage was held to an estimated \$1,010 of property valued at \$218,500 which was exposed according to Fire Chief W. E. Mills.

In his month-end report to the City Council, Mills said that fire was involved in 15 of the alarms. One was false and firemen flushed gasoline spilled from a wrecked car in another alarm.

One fire was started by children playing with matches. The first were five fires, overheated stoves and the like.

**Guadalcanal War Hero Wins GOP Nomination**  
SIOUX FALLS, S. D. — Ten years ago a droll six-footer named Joe Foss stirred the nation with his exploits in the tense and critical air war over Guadalcanal Island.

Foss today carried the same warrior's flare for action that won him the Medal of Honor into the fight for the South Dakota governorship.

Unlike some of his touch-and-go aerial battles, this is a fight the handsome veteran is almost certain to win. His victory Tuesday in the state Republican primary virtually assured him election in this GOP citadel.

Foss downed 26 Jap planes as a Marine pilot, matching Eddie Rickenbacker's World War I total. He came home to Sioux Falls to a tumultuous parade with 50,000 lining the streets to welcome him.

### Nuclear Powered Airplanes Seen In Next 10 Years

ATLANTIC CITY, N. J. — A Defense Department atomic energy expert said Thursday nuclear-powered airplanes may provide a great new worldwide margin of U. S. air supremacy within 10 years "or sooner."

"The implications of nuclear air power are many and far-reaching," Robert LeBaron told the Edison Electric Institute. "Atomic-powered airplanes will greatly extend our air supremacy. These developments may be some time off, but they are real and can emerge within the next decade or sooner."

LeBaron is assistant to the secretary of defense for atomic energy and is chairman of the military liaison committee to the Atomic Energy Commission.

In his prepared speech at the Electric Institute's annual convention, LeBaron also forecast development of "mobile military atomic power plants" to provide "simpler transportation and service of supply to land armies."

Earlier, Jerome K. Kuykendall, Federal Power Commission chairman, said the electric utility industry as a whole is in a strong financial condition "with assets of about 26 billion dollars."

Furthermore, Kuykendall said the nation's power companies are "doing a good job of rendering adequate service at what appears to be reasonable rates."

In his prepared speech he said the power industry nearly doubled its assets in the nine-year period from 1944 through 1952.

**Kidnaper Is Sentenced To Die In Gas Chamber**  
SAN FRANCISCO — Harold Jackson, 52, kidnaper of Leonard Moskowitz, peninsula real estate man, Wednesday was sentenced to die in San Quentin prison's gas chamber.

But his co-defendant, Joseph Lear, 43, was sentenced to life imprisonment by Superior Judge T. E. Twain Michelsen with no possibility of parole.

After sentence was pronounced, Jackson told Judge Michelsen: "I am asking no modification. I was not guilty of kidnaping as such. At most it was attempted extortion."

### Conservation, Zoning Will Be Talked At Meet

Two pet projects of the Umpqua Basin Improvement Assn. will be aired at a meeting scheduled at the Riverside Grange Hall on Garden Valley Road Thursday, June 10.

County officials will be on hand to talk about water conservation and zoning, according to Association President Ralph Church.

Church said County Judge Carl C. Hill, County Surveyor Ben B. Irving and J. Hasielt Bell of Portland will discuss phases of water conservation, planning and zoning. Other officials, including O. J. Fett Jr., County Planning Commission chairman, and Curtis T. Beecher, member of the State Water Resources Committee will attend.

Among other things, Church said Judge Hill and Irving will outline county plans for participation in a water resources survey. The UBA had requested \$45,000 be earmarked for the county survey so that information would be available when state or federal assistance becomes available.

The proposed county budget includes a \$10,000 item for the survey, with the county engineering department budget increased to \$25,000 because of additional costs in doing the survey work. Fuller explanation of county plans will be given at the meeting.

Bell, a planning consultant hired by the county, will talk about planning and zoning and how the new commission will operate. The Umpqua Basin Improvement Assn. has its own five-member zoning commission. Its area includes the former Winchester and Garden Valley school districts and half of Wilbur's pre-consolidation district.

The June 10 meeting will begin at 7:30 p. m. Church said the public is cordially invited to attend.

### Cohn Labels Brownell Instigator Of Big Row

(Continued from Page One)

vised hearings, begun April 22, there has been off-and-on wrangling over introduction of telephone calls on which Stevens had his appointment clerk, John Lucas Jr., take shorthand notes.

Dirksen asked whether there were any objections to his reading his calls with the Army Secretary. He was permitted to go ahead.

All bore on the alleged mistreatment of Brig. Gen. Ralph Zwicker by McCarthy during an investigation of alleged Communist infiltration of the Army.

In one Stevens said he (Stevens) appeared to be "yellow-belly" in the row with Sen. McCarthy.

Dirksen quoted Stevens also as declaring, "I think I have been absolutely crucified and the (armed) services with me."

The calls were last February. In related developments:

1. The subcommittee voted in a closed session against releasing the transcript of what was said at a meeting it had May 17. Asst. Secretary of Defense H. Struve Hensel had asked for release of this transcript, contending it would show that McCarthy conceded he had no substantiation for his charges against Hensel. While refusing to release the transcript for voted to give a copy to each of publication, the subcommittee those who attended the session, including Hensel.

2. McCarthy suggested that Sen. Symington (D-Mo) make a one-man investigation of the McCarthy charges against Hensel. Symington rejected the suggestion.

3. The Defense Department asserted Thursday it has complete power and responsibility to weed out Communists or subversives working on secret defense contracts in private industry. It sent a statement to this effect to Symington who read it at the hearings.

### 5 Powers Talk Asian Defense

WASHINGTON — Military representatives of five powers met Thursday to discuss Southeast Asian defense, beginning exploratory talks which they said would lead to "further conversations which may take place later on a wider basis."

This language was used in a communique issued after the high ranking military chiefs and a half hundred of their assistants had met for an hour in the first session.

The reference to the possibility of further talks on a "wider basis" attracted interest in the light of the American view that the conference should have been held at a higher level than the military representatives.

### New Construction Here Continues To Be Strong

Valuation of new building in Roseburg continued strong in May, according to the month-end report to the city council made this week by C. H. Bonioli, city building inspector.

Permits during the month were written for \$124,775 in new construction and repairs. New construction totaled \$81,500, all but \$29,000 for new homes. The \$20,000 was for a building to be constructed on East Second Avenue by Bill Oerding.

The remainder of the items covered modernization of businesses and alterations, repairs and improvements to residences.
