"SO HELP ME HANNAH." FOR POISON OAK Proved Outstanding IN FORESTRY DIV. TESTS

Poison Oak is one of the big problems of the California State Division of Forestry. Every year it takes hundreds of men "off the job" and makes expensive hospital cases of help badly needed in fire control work.

Starting in June, 1952 and continuing through October, exhaustive tests were made in hospitals and work camps, under State Doctor supervision, in cooperation with the California State Division of Forestry. These scientifically controlled studies proved "SO HELP ME HANNAH" outstanding over other known products for its ability to give instant relief and to clear up the Poison Oak Dermatitis quickly.

Reports stated that "SO HELP ME HANNAH" is a definite asset in combating Poison Oak Dermatitis, in that through relieving the itching and burning sensation caused by Poison Oak, the men are able to report to the project and to do a full day's work without aggravating their condition. "Prior to the receipt of 'SO HELP ME HANNAH' lay-ins due to Poison Oak Dermatitis were numerous. After receipt of

the ointment lay-ins were negligible." In practically all cases the men treated stated that the ointment gave instant relief, checked weeping and reduced swelling rapidly. Even in bad "smoke" cases, where men were fighting fires, "SO HELP ME HANNAH" proved quick and effective. In addition to the State medical authorities who conducted the tests, more than 60,000 people in California and Oregon who have used "SO HELP ME HANNAH" know the merit of this product.

Hundreds of letters testify to the effectiveness of "SO HELP ME HANNAH" on many types of skin irritations. Included are boys back from the South Pacific with "fungus-like" skin irritations that baffled Army clinics and doctors. "SO HELP ME HANNAH" has cleared up many allergy cases. It also takes the itch out of insect bites, hives, measles, chicken pox and itching poxes. And it takes the hurt out of sunburn . . . gives instant relief. It is pleasant and safe to use around the eyes and on any part of the body. \$2.00. Satisfaction guaranteed. Get a jar from your druggist today.
