Camp Fire Girls Study Nature

By LOUISA COATS

Mrs. Gladys Burr and Mrs. Norma Martin recently took their Camp Fire group for a hike up Sibold Canyon Road. On the way they stopped along Porter Creek and made a study of frogs and the different types.

While they were gone some boys had killed a rattlesnake and the girls stopped to look at it and to learn about them from their leaders.

Returning to Mrs. Burr's home they held their business meeting and made plans to entertain their sponsors. They worked on their memory books which they completed. They decided to sell greeting cards and Christmas cards to raise money for the Camp Fire fund.

Those present were: Sally Ison, Genalee Sinclair, Sharon Coyle, Sha-in Martin, Linda Sherman, Mariene Bowles, Carol Burr, Nancy Sypher, Kathy Lucas, Ret a Freadman and Mrs. Burr and Mrs. Martin.

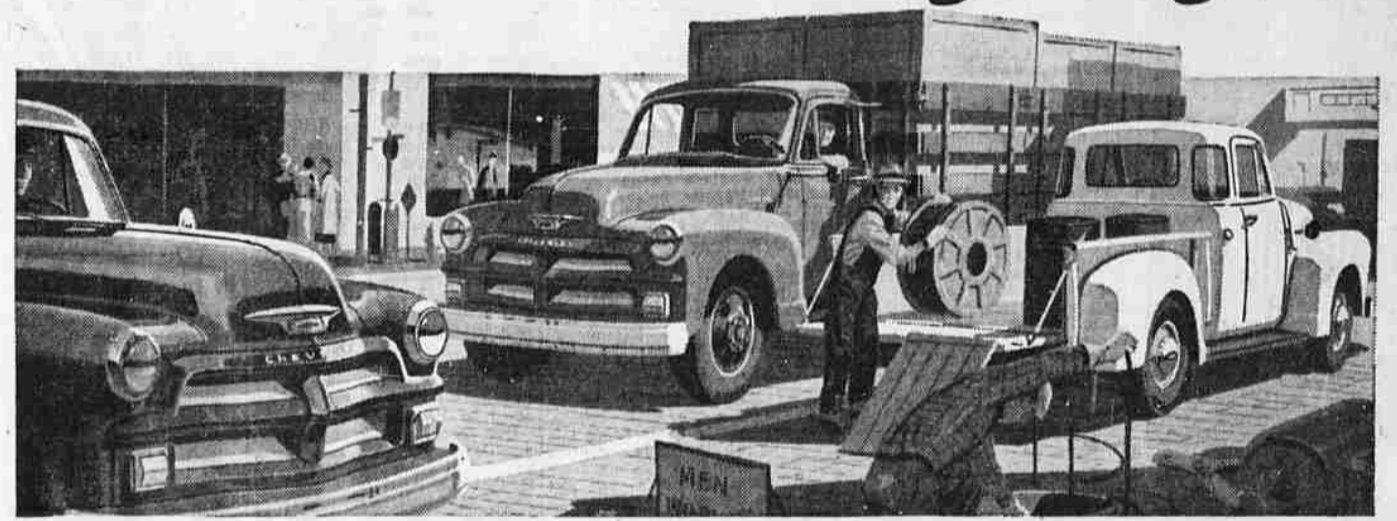

Word has been received by Mrs. B. B. Smith and Wayne and Irvin Breitenbuer of the death of their uncle, James Rookard. Funeral services were held in Myrtle Point Saturday. Mrs. Leon Simpson of the Frontier Store on the North Umpqua Road is also a niece of Rookard.

Mr. and Mrs. Elbert Smith have received word of a new great granddaughter, Sandra Lynn, born on July 2 to Lt. and Mrs. M. J. Wirth at the air force base in Hawaii; the baby weighed six and one-half pounds. Mrs. Wirth is the former Betty Lou Singleton.

Mr. and Mrs. B. B. Smith have received word from their son, Sidney, that he will receive his discharge at the navy about August 12 and will leave with his wife for Oregon about the first of September.

Mr. and Mrs. F. A. Ekstein of Coos Bay called at the home of Mr. and Mrs. B. B. Smith in Tenmile on Thursday.

New, bigger load space! New, lower loading height!

New Chevrolet Trucks... do more work per day... more work per dollar!

You save on operating costs. High-compression power in every model saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver increased horsepower and operating economy, both.

You save with lower upkeep, too. New chassis strength saves you money on maintenance. For example, there are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

You save extra trips. That's because of the extra load space you get. New pickup bodies are deeper... new stake and platform bodies are wider and longer. Also, they're set lower to the ground to make loading and unloading faster and easier.

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds. Increased acceleration and hill-climbing ability let you save time where it counts!

You save time on deliveries. With new truck Hydra-Matic transmission, you save valuable time at every delivery stop. And you can forget about clutching and shifting! This proved automatic transmission is optional at extra cost on 1/2-, 3/4- and 1-ton models.

And your savings start the day you buy. Chevrolet, you know, is America's lowest-priced line of trucks. And it's also the truck that has a traditionally higher trade-in value.

Now's the time to buy! Get our BIG DEAL! Save with a New Chevrolet!
