Now that motorists are taking a closer look at value, there's a strong, new surge to Pontiac. These facts tell you why:

Pontiac is the biggest car in its field—the only one that gives you the solid feel and quality appearance of genuine fine-car length and weight. Its luxury is just as impressive—truly regal as befits this beautiful, king-sized Silver Streak. And performance is in a wonderful class of its own—smooth and quiet from take-off to top range... eager and spirited as a fine car ought to be... and reliable and economical in the world-famed Pontiac way.

That's a fast look at what you get. What you pay is the smallest price ever placed on a big, luxurious car—within a few dollars of the lowest! Come in, and find out how our liberal deal and Pontiac's high resale worth whittle even that low figure down to everybody's size!
