We are open from 6 am till midnight!

STAFF REDUCED
SALEM, Ore. — Oregon's Veterans Bonus Division, which had 77 employees two years ago, now is down to one employee.
Bonus payments have been made to 126,557 veterans of World War I or to next of kin, totaling \$50,300,600.
Only 200 bonus claims remain to be processed, and 5,430 disallowed claims are being reviewed.

Reduce with Dorothy Thompson

You, too, can follow this famous news analyst's own personal and private reducing plan. East Coast Shipyards Threatened With Strike

NEW YORK — A possibility of strikes by 24,000 CIO workers faced 11 East Coast shipyards Thursday.

A union spokesman said Wednesday a threatened strike against eight Bethlehem Steel Co. yards—where the deadline is Friday midnight—might spread to two New York area yards of the Todd Shipbuilding Corp. and to the Maryland Drydock Co. in Baltimore.

Contract negotiations have been going on here between representatives of Bethlehem and the CIO Industrial Union of Marine and Ship Building Workers of America. Bethlehem normally is the pace setter in the industry's labor relations.

In the Bethlehem negotiations Wednesday, the union pressed for a wage increase of 21 cents an hour. Wages of a first class mechanic now are \$2.97 an hour.

Contract negotiations have been going on here between representatives of Bethlehem and the CIO Industrial Union of Marine and Ship Building Workers of America. Bethlehem normally is the pace setter in the industry's labor relations.

Goodyear Tire Strike Now In Third Week

CLEVELAND — A nationwide strike against the Goodyear Tire & Rubber Co. entered its third week Thursday while workers in Akron plants of three other companies armed their union negotiators with strike power.

The CIO United Rubber Workers continued talks here with Goodyear representatives, but no progress has been reported in settling the wage dispute which has 23,000 workers in 10 plants on strike.

About 13,000 Goodyear workers are in Akron, where employees gave power to call a strike to union representatives negotiating with the Firestone Tire & Rubber Co., the B. F. Goodrich Co. and the Seiberling Rubber Co.

Workers across the nation in other plants of the three companies are taking similar strike votes this week.

Union Accuses Employers Of 'Break' Attempt

SEATTLE — Officials of the AFL Lumber and Sawmill Workers Union charged Thursday employers had tried to "break" the union at Port Angeles.

Earl Hartley, president of the Puget Sound District Council of the union, said employers had called a meeting of employees at the Sequim Lumber and Supply Co. and had asked the union members to return to work without a wage increase.

Hartley charged that invitations to attend the meeting were postmarked prior to conclusion of a negotiating meeting between the union council and the employers July 13. He said the move was "thwarted" when the union members rejected Wednesday the back-to-work proposal in a secret ballot.

A spokesman for the employers said Thursday the proposal was not an attempt to break the union. He said the employers had given their employees "a chance to decide whether they wanted to get back to work on a fair basis."

The AFL union and the CIO Woodworkers of America struck June 21 for a general 12½-cent hourly wage hike.

Hartley said a back-to-work offer to employees of the C. D. Johnson Lumber Co. at Toledo, Ore., is substantially the same type of proposal made at Port Angeles. The Toledo employees will vote on the offer Friday.

About 60 million of the 80 million motor vehicles in the world are passenger cars.

Hospital Construction Funds Voted By House

WASHINGTON — Overriding its appropriations committee in response to White House prodding, the House Thursday voted \$15,900,000 for grants to states for expanded hospital construction.

The Appropriations Committee had turned down President Eisenhower's request for \$35,400,000, approving instead a \$2,000,000 allotment for surveys and planning.

The \$15,900,000 voted by the House on a standing count of 80-41 was added to a catchall supplemental appropriations bill. The House previously had yielded to the President's request for funds for airport and ship construction, which the committee had rejected.
