Texas Politics Spiced By Ike's Okay Of Shivers

By JACK BELL

WASHINGTON — President Eisenhower appears to have invited a test of his political popularity in Texas that could reverberate in the fall campaign for control of Congress. The President's usual action Wednesday in endorsing Gov. Allan Shivers, Texas Democrat who is bidding for a renomination that is normally equivalent to reelection, may make Shivers' connection with the President one of the chief issues in an Aug. 28 runoff primary.

Some Texas Democrats thought the endorsement might rebound to the benefit of Ralph Yarborough of Austin. Yarborough ran 23,852 votes behind Shivers in the first primary last Saturday. Because of votes for other candidates, neither major rival polled a majority, so a runoff is necessary.

Other Texans said they believe Eisenhower is just as popular in their state as he was when he carried it by 133,000 votes in 1952 and that his public praise will help Shivers.

Shivers, who backed Eisenhower in the 1952 presidential race and has maintained close relations with the President, has been under fire in Texas in connection with a personal deal and an investigation of insurance companies.

Texas generally said these matters — plus the action of former Vice President John Garner in criticizing a third elective term bid — may have been more carefully in Shivers' side from the 21 vote margin he rolled up over Yarborough in 1952. Yarborough had supported this year of most Democrats who call themselves liberals.

Refreshments were served from a beautiful tea table centered with an arrangement of Magnolia and a cluster of pastel candles. Mrs. L. E. Adams poured. Gladiali were used about the room.

Aerial Ladder Added By Portland Firemen

PORTLAND — Portland's fire department Friday displayed a \$34,298 aerial ladder truck, the last piece of equipment bought with a \$1,500,000 tax levy voted five years ago.

The money was to have been enough to give the department all the equipment it needed, but Chief Edward Grenfell said inflation was greater than expected and as a result several more such trucks, for fighting fires in apartment houses and other buildings of medium height, are needed but money for them is lacking.

South Portland Site For Recreation Hailed

PORTLAND — In what was called a progress report Thursday to the City Planning Commission on site for the city's recreation center, Ross Island and the Oaks park were hailed as having many fine features.

Lloyd R. Keefe, planning director, said the river island the adjacent park, with nearby Sellwood park included, were "the best location for a combination of all things. The combination included not only the recreation center for which voters approved an 8 million dollar outlay, but a world's fair which has been talked some, an exposition building, an armory, perhaps the county fair and a general park.

Its disadvantage: Not very accessible, especially in view of lack of a bridge to the island.

Also mentioned, and lauded as highly accessible, was a site along the west bank of the Willamette River between the Hawthorne and Ross Island bridges. And another site, a four-block area across the street from the journal building, also was praised but getting the property would cost about \$3,200,000.

The Planning Commission can only study and report on sites. There is a five-man committee which will actually pick the site, build the recreation center and run it. Three of its members attended the Planning Commission meeting.

Oregonian Confident Of Uranium Strike

ONTARIO, Ore. — Louis Hall, the man who first staked a uranium claim near Harper, is convinced he'll find uranium. He said on a visit here he was going to get a drill and go down 300 to 1,000 feet if he had to in quest of mineral wealth.

Soon after word got out that Hall had staked a claim, there was a minor rush which geologists cooled off with skeptical reports.

But Hall continues enthusiastic. He has formed the Blue Moon Mining Corp., the name selected because of "blue moon" in the title of his favorite song.

His enthusiasm for the mine is kept whetted, now, by the family parakeet which, Mrs. Hall says, can sing the first bar of the song.

Officers Probing Socialite Murder

CLEVELAND — Cuyahoga County law officers today planned a meeting to decide their next step in the case of the brutal slaying of a Bay Village socialite.

Since July 4, when 31-year-old Marilyn Sheppard was found dead in her blood-soaked bed, police have been unable to come up with enough evidence to charge anyone with the crime. But today, the chief law enforcement officials of Cleveland and the swank suburb have a meeting scheduled with County Prosecutor Frank T. Cullinan.

"We're going to decide whether present findings justify an arrest," Cleveland Police Chief Frank W. Story said.

The victims husband, Dr. Samuel Sheppard, prominent 30-year-old osteopath, has been undergoing most of the police questioning — much of it bearing on his relationship with a pretty laboratory technician who used to work with him in Bay View Hospital.

The girl, Miss Susan Hayes, 24, who came here voluntarily from California to testify, was quoted by officials as saying she and the doctor carried on a romance earlier this year, and for some time past.

So far, officers have failed to find the weapon with which Mrs. Sheppard was hacked to death in her beautiful lakefront home. Her husband testified at an inquest last week that he awakened by her screams after a nap on a downstairs couch and ran into her room. There, he said, he grappled with her assailant and chased him out.

He has been wearing a brace on his neck to protect injuries he said he received in the fight.
