## CARD OF THANKS

I would like to express my sincere and heartfelt thanks and deep appreciation to our many friends who stood by so faithfully during Elsa's long and difficult illness. Their love, help, flowers, cards, and prayers sustained her through the days and weeks and were cherished by her beyond expression. As it is impossible to thank personally each of the many friends who by their gracious and understanding kindness shared our burden, I take this way of trying to reach each of you - God bless you!
