Sales of Heidelberg Beer have more than tripled since 1947

This is the greatest tribute to a beer's popularity in the whole Northwest!

In just seven years, the sales of Heidelberg Beer have **MORE THAN TRIPLED!**

We have just completed another big expansion of our brewery to meet this greatly increased popular demand.

Of course there is a reason for Heidelberg's outstanding popularity, and you who enjoy Heidelberg regularly know the reason is that wonderful flavor.

It's a flavor that simply *can't be imitated*. Because the Heidelberg formula is a carefully guarded secret that produces a light beer combining velvety smoothness with zesty tang!

Folks call this "THE VELVET TANG," and it is found only in Heidelberg Beer. If you have not yet discovered what "THE VELVET TANG" can do for your taste and thirst, a delightful experience awaits you. Don't miss it!
