

Rotary Governor Visits Local Club

Roseburg Rotarians Thursday were honored by a visit from their district governor, Kersey C. Eldridge, of Portland, met with Rotarians at a 10 a.m. session before the group's noon luncheon meeting.

In his address at noon in the Umpqua Hotel Eldridge praised the local group for "wonderful administrative leadership." He told Rotarians there was plenty of room for service in Rotary for all. "The field is never overcrowded," he said.

The visiting dignitary discussed the services of the international organization. He urged all Rotarians to lend a hand for better international understanding among nations.

Eldridge is accompanied on his present tour of several Oregon cities by his wife, Mrs. Eldridge, who is also a Rotarian. They lunched with the Rotary Anns at the hotel while the men were meeting.

The Eldridges travelled to Medford Thursday. They had spent Tuesday evening in Myrtle Creek.

Retired Dentist, 93, Dies Friday

Dr. Leonard Luther Pickens, 93, retired dentist, died this morning at the Roseburg Veterans Hospital.

He was born July 31, 1861, in Warren County, N.Y., and came to Oregon 66 years ago. He was a resident of West Linn.

Dr. Pickens was a veteran of the Spanish-American War and was the last captain of his regiment at the time of his death.

Surviving are his wife, Clara May, West Linn; a daughter, Mrs. James P. Fagan, Laguna Beach, Calif.; a brother, Clinton Pickens, and a sister, Miss Nellie Pickens, both of Glenns Falls, N.Y.

Funeral services will be held in Oregon City on Wednesday, Nov. 2, at 11 a.m. Cremation will follow and the remains will be interred in the Willamette National Cemetery. The chapel of the Roseburg Funeral Home is in charge of the arrangements.

CIRCUIT COURT

Judgment Order
Mary E. Hunter vs. State Industrial Accident Commission. Plaintiff found to have partial disability equal to 50 per cent loss of use of arm, an increase of 25 per cent over previous award.

Suit Dismissed
State Unemployment Compensation Commission vs. Rice Lumber Co., Inc. Plaintiff's claims fully satisfied.

Order
State of Oregon vs. William Riley Hamby. Defendant released from probation granted in December 1953 on sentence for burglary.

Sixth Fireman Succumbs From Chemical Blast

PHILADELPHIA (AP)—A sixth fireman died Friday from injuries suffered in the blast in the rear of a chemical plant Thursday which killed three fire officials and two other hosemen.

The latest victim was James Boyle, 32. He had suffered second and third degree burns of 40 per cent of his body.

The freak explosion—there was no fire—did not damage the inside of the two-story Charles W. Berg Laboratories plant. It shattered a tank minutes after the arrival of firemen summoned by a telephoned report of seeping ammonia fumes in the area.

At Least Three Persons View Large Meteor

At least three Roseburg persons witnessed the flight of a meteor in the southern skies Wednesday night. The meteor, so bright that it lit up the landscape, is being traced by Dr. Hugh Pruett, Eugene, astronomer for the general extension division of the State System of Higher Education.

Mrs. Earl Strang was with her family at a drive-in theater in North Roseburg when she saw the phenomenon. She said it fell through the skies to the southwest shortly before 9 p.m. It was like a large star with a very long tail, she related. Due to smoke, Mrs. Strang said, the tail looked like it had many colors in it.

By the time she could call the attention of her husband and daughter, Mrs. Joe Saller, the meteor had disappeared. Saller, however, saw it.

Pruett said the meteor probably landed near the Oregon-California border. He will take about three weeks to plot the course, he estimated. In the meantime, he invited postcards of the course and location to aid him.

Also reported to have sighted the meteor was Mrs. Oral Freemyer, who lives in the Newton Creek homes area. Mrs. Freemyer was seated in her living room when she sighted the flaming object in the southwest skies.

Special Skiing Film Scheduled At Junior High

A color movie, "Symphony On Skis," featuring some of the most celebrated names and places known to ski lovers will be shown to Roseburg audiences Saturday at 8 p.m. at the Central Junior High auditorium.

Warren Miller, former Sun Valley instructor, will bring his film here under the sponsorship of the Edelweiss Ski Club, with proceeds earmarked for improvement of the Taft Mt. recreation area. Miller has traveled 120,000 miles in 10 months to photograph the three miles of film, according to Rae Betlach, social events chairman. He has recorded the styles of such ski greats as Emile Allais, three times world champion, Shiguro Igaya, Dean Perkins and Jack Nagle. Famous ski scenes from Austria, Switzerland, America and South America will also be shown. Miller will narrate the film.

Fifty tickets to the show have been reserved for winners of the Newwollah parade, which will precede the show. Those wishing to attend the movie may see the parade then go directly to the junior high auditorium.

Mrs. Sommerlatte Will Return To United States

MOSCOW (AP)—Mrs. Karl Sommerlatte, central figure in a diplomatic incident involving two wives of the American embassy staff, said Thursday night she expects to leave the Soviet Union next Wednesday.

Well-informed sources said her husband, who is second secretary in the embassy, would leave at the same time or shortly thereafter.

Ranking Senators Visit State To Back Candidates

a legislator "working for the public utilities, the bankers and the lumber barons."

The seven visiting Republican senators meanwhile were asserting this was not so, and said Morse and the Democrats were unfairly criticizing Cordon's voting record. They described Cordon as a senator who wanted common-sense in government. They also urged his election to give President Eisenhower a Republican Senate.

Neuberger also spoke in Portland asserting that "six out of the seven senators here to support Cordon voted with Cordon for the final version of the Brieker amendment, which came within one vote of passing—a version opposed firmly by President Eisenhower." He also said all seven opposed a public power preference clause in the Priest Rapids hydroelectric bill.

Eisenhower To Stump Four States In Campaign

(Continued from Page One)

the nation via TV and radio at 9 p.m. (EST) Monday.

The last major Democratic salvo is to be fired Saturday night when Stevenson's speech to a New York rally is carried to the nation by NBC TV and radio networks.

On his home grounds in California, Nixon announced Thursday night: "We're going to win this election."

He said in South Pasadena that Democrats in "ever increasing numbers" are deciding to support Eisenhower by voting for Republican congressional candidates. This, said Nixon, is because "they realize that the issues in this campaign are more important than party labels."

In Indiana, Democratic state chairman Charles E. Skillen has accused Gov. George N. Craig of "using the Indiana State Police as a political tool."

This happened Thursday after the governor ordered State Police to investigate complaints that the Communist Party has been distributing material urging support for Democratic candidates. Skillen said the Democrats already had asked for a federal investigation of the alleged Communist activity.

Meanwhile, infighting continued to mark New York's hot gubernatorial contest. Democratic candidate Averell Harriman, delivering a full-dress reply to a series of charges made against him, accused his GOP opponents of using what he called the Nazi and Red technique of "the big lie."

W-D Fire Dept. Called To Fires

The Winston-Dillard Rural Fire Dept. was kept busy Thursday, but only one fire of major proportions was quenched.

The biggest fire was set off by a defective flue at the Albert M. Res home on Grape Street in Winston. The house is owned by Leroy Winship.

Fire Chief Robert Nichols reports no one was home at the time. The blaze in the house was reported by neighbors. Nichols estimated damage at \$350, not covered by insurance. The fire was discovered at about 7:30 p.m.

The department was called out at 2:40 in the afternoon to investigate a noisome trash fire on the property of Clifford Knott. No damage resulted, but Knott was warned.

At 3:10, the department was called out by a false alarm. It was the seventh false alarm for the department. It was apparently caused by a telephone mixup. There were no indications the alarm was turned in by a prankster.

Flying Saucer Show On TV Causes Stir

PORTLAND (AP)—A television program on station KPTV here Wednesday night was a phantasy featuring flying saucers. The announcer, as part of the program, said that such an affair had landed at Portland and an occupant had been seen going into the woods in the southwest part of the city.

As expected, station and newspaper switchboards began to light up with credulous viewers asking for confirmation.

Gene Brendler, master of ceremonies on the program, was forced to tell people it wasn't so.

Geddes Speaks At Lions Club On Measures

State Sen Paul Geddes explained some of the less understandable measures appearing on the Nov. 2 general election ballot at the weekly Lions Club meeting Thursday night.

Dwelling principally on referendum 5, titled State Property Tax, Sen. Geddes backgrounded his explanation with a discussion on state finances. He said the large surplus in the treasury after World War II is practically used up, and the state expects to show a deficit of \$15 to \$20 million for the next biennium, unless added revenues are obtained.

With the \$80 per census child for schools voted by the people and higher education costs totaling nearly that much more, there are very few places where the state budget can be cut, the senator stated.

The measure, which would limit a tax on property to six mills, he said, is fostered principally by sales tax advocates who feel real property is taxed heavily enough now should be left to the city, county and school level.

Oregon has had no property tax since about 1940, since income tax offsets have provided adequate revenue. A six mill levy would raise only about \$12 million. Geddes drew no conclusion, except that added revenues were essential to the state, whether from an unrestricted property tax or from other sources.

He dwelt briefly on the proposed Roseburg measure establishing a new tax base, made possible by legislative action. He described the present base of only about \$69,000 as unrealistic.

Club activities included a nouncement of the annual football banquet, sponsored by the club, for Nov. 30 at the Elks Terrace Room. Oregon University football players quarterback George Shaw and lineman Ron Pheister will be the speakers, reports committee chairman Bud Parsons.

The club's first social activity, an informal dance, is scheduled Nov. 5 at the Country Club. Club reported social chairman Virgil Lomax. West Roseburg Lions and their wives are welcome.

Entertainment included trio selections by Nancy Cate, Nancy Fromdahl and Joan Phillips, senior high school students.

QUORUM NOT PRESENT

Business at the Douglas County Planning Commission meeting in Roseburg was held to a minimum because a quorum was not present for action.

Senator Malone Backs Candidacy Of Cordon

(Continued from Page One)

He is chairman of one of the committee's sub-committees. The one related to minerals, materials and fuels.

Sen. Malone's committee has just turned out Senate Report 1627 (after 53 hearings and talks with 360 witnesses. That report, he said, shows we in the Western Hemisphere can become self-sufficient in fighting wars and in living in peace. He committee members, according to the senator, talked to "sound government engineers and economists, not those who learned their business from reading books they'd just written."

The senior senator from Nevada was busy in his home state campaigning for Republican candidates when he decided to come into Oregon. Malone, in private life an engineer, entered the senate himself in 1946. He has worked often with Sen. Cordon.

"Guy's a plugger, works all the time," he said. "We really work for him. And he spends more time working than advertising himself."

The "truth squad" member also had this to say: "If you believe Eisenhower started out good in his job, give him an Eisenhower Congress for two more years. If you don't like it then, vote it out."

Sen. Malone cited lowered taxes, no war, and beginning of good work as reasons to keep in the Republican Congress.

He also cited removal of Communists from government. He is a veteran in such work himself, being the man who saw that William Remington was removed from his government job.

PTA OBSERVES AEW

The PTA of Green School will meet Friday at 8 p.m. in the school gym. The meeting will be in observance of American Education Week and a film on education entitled "Sippy and the Three R's" will be a feature of the program. The schoolrooms will be open and displays of the pupils' work will be shown. The teachers will be present to meet the parents and discuss the various phases of the work presented. Refreshments will be served by the fifth grade room mothers.

MOTHER PASSES

Mrs. Elizabeth Lierle, mother of Mrs. Paul Barcus, has passed away in San Gabriel, Calif., according to information received here. The body will be sent to Dodge City, Kans., where services and interment will be held Nov. 2. Mrs. Barcus had been called to San Gabriel due to her mother's serious illness.

Assault Charged Against Minister

Two Douglas County ministers apparently have set aside "brotherly love" precepts long enough to carry on a little battle in and out of court.

The Rev. L. A. Dubose, pastor of the Winston Baptist Church, was arraigned in district court Thursday on a charge of assault and battery.

The man filing the complaint, Judge Elmer G. Baldwin said, was the Rev. Rice Arnold, minister of the Sutherlin Baptist Church.

Dubose allegedly struck Arnold on Oct. 26, the complaint states. Arnold had a warrant sworn out for Dubose's arrest.

Judge Baldwin released Dubose on his own recognizance pending further disposition of the case. Dubose pleaded innocent to the charge.

CORDON GETS THINGS DONE! THIS MEANS JOBS FOR OREGON

Senator Guy Cordon is chairman of the Senate Committee on Interior and Insular Affairs. He is also chairman of the Appropriations Committee's sub-committee on Interior. Because of these vital positions — and because of his determination to GET THE JOB DONE, Guy Cordon has been and will continue to be of invaluable service to our State. His record in getting funds for multiple purpose dams and power projects is well known. But this is not his only concern. He has also been instrumental in getting legislation and funds for hundreds of smaller projects... for irrigation flood control, navigation.

In Douglas County, these public works are now serving our community. They were made possible by the hard work and influential position of Guy Cordon.

THIS IS THE RECORD!

PROJECT	House Appropriation	SENATE (CORDON)	Final Appropriation
UMPQUA RIVER and HARBOR	\$100,000*	\$227,500	\$227,500
UMPQUA RIVER and TRIBUTARIES	\$166,000*	\$365,000	\$365,000

In 1948, the House made no provision for these projects. That year, Senator Cordon made \$127,500 available for the Umpqua River and Tributaries project and \$194,000 for Flood Control on Umpqua River and Tributaries. **TOTAL ★ \$592,500***

\$592,500 THIS IS WHAT GUY CORDON HAS DONE FOR Douglas County!!

DON'T TRADE A RECORD FOR A PROMISE!

Re-Elect GUY CORDON U. S. SENATOR

Cordon for U. S. Senator Comm., W. H. Steiwer, Chrm., Imperial Hotel, Portland, Oregon
