
DOGGIE—What may be the only chrome-plated fire hydrant in the world has been installed on a Portland, Ore., curb in front of a beauty shop operated by George Smith, better known as Pierre. He didn't like the old iron hydrant so persuaded city officials to let him make the fancy installation. Lila La Bontie, beauty operator, buffs up the hydrant. (AP WIREPHOTO)

Turkeys Will Retail Below Last Year's Mark

PORTLAND (AP) — Food store operators, noting that wholesale market prices for oven-ready birds are down, said Wednesday that Thanksgiving turkeys likely will retail 5 to 10 cents a pound cheaper this year than last.

Current wholesale prices are 8 cents a pound less this year on hens and 10 cents a pound less on toms.

Last year's retail prices were 59 to 61 cents a pound on 10 to 14 pound hens. Heavier toms were 53 cents a pound. Turkeys weighing less than eight pounds were 65 cents a pound.

Riddle School Head To Make Survey Of Area

Supt. Kenneth Stuart of the Riddle School system has been authorized to make a study and survey of families who have moved into the area since February to work for the Hanna company or to work on federal lands.

The purpose of the survey, according to correspondent Erma Best, will be to see whether the Riddle school district can qualify for federal aid under two public laws.

Mrs. Best says that it was reported Riddle stands a "good chance" of getting some funds for operational costs. The funds would be based on a per pupil basis for that number of students in excess of a 5 per cent increase over last year's attendance.

Mrs. Milo Newcomb has been hired to assist in the secretarial work on the project and the house-to-house canvass.

U. S. May Take Over Viet Nam Army Training

SAIGON, Viet Nam (AP) — Gen. J. Lawton Collins announced Wednesday that he is negotiating with the French and Vietnamese for the United States to take over "basic responsibility" for the training of troubled, Communist-threatened South Viet Nam's national army.

Collins, President Eisenhower's special ambassador to Viet Nam, quickly added that there were no plans for immediately replacing the French military officers and men now training the 250,000-man native army which has been equipped largely by the United States.

Instead, he explained to his first news conference since arriving in Saigon 10 days ago, an American-advised training program similar to that used in South Korea, Greece and Turkey is anticipated.

About 9,250,000 U. S. wives now hold jobs outside their homes compared with a peak of seven million during World War II.

WATER BABY—She's been swimming since she was 10 days old and at the ripe old age of one year Julie Sheldon now is an underwater expert. She can swim across the family pool in Hollywood, Calif.,—a distance of 25 feet—and turn somersaults in the water. Here Julie dives for a rattle held between the toes of her grandmother, Ms. Jen Loven, a Hollywood swimming instructor. (AP WIREPHOTO)

Two Hunters Become Ill With Rabbit Fever

SEATTLE (AP) — Two hunters became ill with tularemia, or rabbit fever, after helping clean 22 jackrabbits shot near Toppenish last week, a Seattle physician reported Wednesday.

Dr. R. T. Ravenholt, epidemiologist for the Seattle-King County Health Department, said these are the first cases of tularemia reported here in several years. It is caused by an organism which infects wild rabbits.

Dr. Ravenholt said the hunters, one from Seattle and the other a Roslyn resident, are expected to recover.
