DO YOU KNOW —

that the hour of 5 to 6 is the most dangerous hour for traffic accidents? 7 to 9 P.M. for deaths? The reason is obvious for the accidents — it's "going-home" time. Pedestrians dart into the streets, motorists step on it to get home quickly.

From 7 to 9, fatigue plus early darkness is the answer with slower reactions and poorer vision.

Take it easy at all times — a few extra minutes may save a life — yours!

4H, Forestry Clubs Organize At Yoncalla

By MRS. GEORGE EDES
The first meeting of the 4-H Yoncalla Livestock Club was held Nov. 20. The following officers were elected: president, Tommy Richards; vice president, Bill Allen; secretary, Wilson Allen; reporter, Roger Russell. The song leader will be elected at the next meeting.

Officers Named
A meeting was held at the Percy Langdon home in Shoestring recently for the purpose of organizing a 4-H Forestry Club. Dan Langdon was elected president; Gail Briner, secretary; Kenneth Bowman, news reporter; and Virginia Langdon, song leader. Other

members are Carolyn and Barbara Clark, Linda Briner, Claudia Bowman, Rodney and Mary Thompson, Kathryn Howard, Johnny Mill and Dicky Langdon. Mr. and Mrs. Percy Langdon are leaders.

Lines Going Up
Work is progressing rapidly on the new Yoncalla telephone lines according to Mrs. Kittle Job, manager. The new lines are expected to be completed by next fall when the new dial system goes into effect. The lines have been installed to the Bob Campbell ranch on Rice Hill and the Leonard Cogswell place west of town. The poles will be raised on Red Hill to the Harvey Cokeram place this week.

The line is being staked for the holes to be dug to Elkhead. Shoestring and along the Rome Howard road. Plans are to start work on the Scotts Valley line immediately. The Creswell telephone board of directors met with Mrs. Job last week to discuss their needs for a dial system.

Mrs. Lula Lindsey of Portland is staying at the Della Wise home in Scotts Valley for the winter. Mrs. Lela Pool of Tacoma, Wash., visited at the Wise home last week. Mr. and Mrs. Raphael Wise took her to Eugene where she boarded a plane for her home.

Mr. and Mrs. Richard Knight spent the weekend visiting relatives in San Francisco.

Russell Scott and Walter Meler spent the weekend duck hunting at Fort Klamath.

Mrs. Betty Jones and daughter, Gloria, of Salem are visiting at the Loyd Mathis home.

A nine pound boy was born to Mr. and Mrs. McClintock Nov. 7. Mrs. McClintock will be remembered as Carolyn Thiel, daughter of Mr. and Mrs. Ernest Thiel.

The Yoncalla Saddle Club will hold a potluck dinner at Halo Hall, Dec. 3 at 6:30 p.m. Election of officers will be held following the meeting.

Although goose quills were most often used for pens, the quill of hawks, swans, eagles, owls, peacocks and turkeys also were used.

Famous Trichologist Will Demonstrate How To Grow Thicker Hair ... And Guarantees It!

DEMONSTRATION TO BE HELD HERE

This new method of home treatment for saving and growing thicker hair will be demonstrated in Roseburg, Ore., Thursday ONLY DEC. 2, 1954.

These private individual demonstrations will be held at Umpqua Hotel on Thursday ONLY, Dec. 2—12 NOON to 9 P.M.

OKLAHOMA CITY. — In an interview here today, William L. Keele, internationally famous trichologist and president of the Keele Hair and Scalp Specialist Inc., said "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so-called cure-all could correct all the disorders," he explained.

Guaranteed

"The Keele firm recognizing that most people are skeptical of claims that hair can be grown on balding heads, offers a guarantee," Keele said.

Once a person avails themselves to the Keele treatment his skepticism immediately disappears. To insure this, we offer this guarantee: "If you are not completely satisfied with your hair progress at the end of 30 days your money will be returned."

Hopeless Cases Discouraged

First the trichologist is quick to tell hopeless cases that they can not be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald, is he in this lost category. If there is fuzz, no matter how light, thin or colorless, the Keele treatment can perform wonders.

A complete, private examination is given by a trichologist to determine the condition of the scalp, and cause for his hair trouble.

Free Examinations

This examination is very thorough and highly technical. It requires 20 to 30 minutes.

The trichologist makes no charge for this examination and

no appointment is necessary. After the examination the person is told the required length of treatment and how much it will cost.

After starting treatment, the person makes regular reports to the Keele firm in Oklahoma City to check progress of the home treatment.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help independent trichologists are visiting various cities throughout the United States to conduct examinations and start home treatment.

No Cure-All

"We have no cure-all for slick, shiny baldness," Keele emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Keele wants to be certain every man and woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

Hair For Lifetime

"If clients follow our directions during treatment and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Keele said. "Our firm is definitely behind this treatment. It all depends on the individual client's faithful observation of a few simple rules."

How's Your Hair?

If it worries you call Trichologist M. Den Adell at the Umpqua Hotel in Roseburg, Ore. on Thursday ONLY, Dec. 2, 12 noon to 9 p.m. The public is invited.

You do not need an appointment. The examinations are private and you will not be embarrassed or obliged in any way. Both men and women are welcome.—Adv.

Paired for fast starts in cold weather

Extra starting snap is built right into "Detergent-Action" Chevron Gasolines—because they're "climate-tailored" for winter driving. "Detergent-Action" removes carburetor deposits, biggest cause of engine trouble—starting with the first tankful. You get a smoother-running engine, extra power, longer gas mileage, no more stalling or rough idling.

Less "starting drag" with free-flowing RPM 10-30 Special Motor Oil. It lets your motor spin into action with fast, battery-saving starts. It saves your gasoline, too, up to 1/4 gallon in every 5, and it quiets hydraulic valve lifters, cuts down wear.
