HARMONY HOUSE is not in the jewelry business BUT
This ad contains 2000 diamonds—the number of speakers in the
new Columbia 360K* phonograph

*Incredible but true. The completely new Columbia "360K" phonograph actually contains 2000 separate high frequency speakers. The "K" designation stands for Kilosphere, a remarkable Columbia electrostatic speaker development. Without it this compact phonograph would have to be as big as a house. Listen to it. You will hear a quality of living, breathing sound that is unexcelled by any other phonograph in the entire world!

Range exceeds 22,000 cycles per second, maintains the Fletcher-Munson curve of all levels. Super-powered 10-watt amplifier with push-pull, negative feedback. Professional type of Variable Reluctance Governor with built-in compensated pre-amplifier. Separate jacks for attachment of new Columbia FM-AM Tuner and auxiliary remote speaker.
