DON'T TAKE CHANCES WITH COLDS

Relieve suffering this sure way that

Does More Than Work On Chest!

The worst part of suffering from a cold is due to congestion and coughing. That's why you need medication that does more than just work on the chest. You need Vicks VapoRub—because it acts two ways at once:

1. VapoRub relieves muscular soreness and tightness, stimulates chest surfaces.
2. At the same time, VapoRub's special medicated vapors also bring relief with every breath. You can't see these vapors, but you can feel them as they

travel deep into the nose, throat and large bronchial tubes. Congestion starts breaking up. Coughing eases. Soon you enjoy warming relief that lasts for hours.

So when colds strike, use the best-known home remedy to relieve such suffering—Vicks VapoRub.
