

### Green Family Back From Midwest Stay

By MARY WEIKUM  
Mr. and Mrs. Dean Rammage of Green and sons, David and Dexter, returned last week from a two-week vacation spent in the vicinity of Kearney, Neb., where they visited Rammage's mother, Mrs. Grace Rammage. They also visited Mrs. Rammage's parents, Mr. and Mrs. Ray Savinger, and numerous other relatives.

Mr. and Mrs. Wiley McCraw have sold their home on Castle St. to Mr. and Mrs. Frank Houser, formerly of Eugene. The McCraws have moved to Enid, Okla., to make their home.

Numerous activities for the Green Community Church are scheduled for the coming week. On Tuesday the church council will meet. On Wednesday evening the Harris and Hauser program of sacred music will be presented. Everyone is invited to hear this program. Thursday evening is the Youth Fellowship meeting in the social rooms. Friday evening at 6:30 is the date set for the church fellowship supper. This is a pot-luck affair, and everyone is welcome. Newcomers in the community are given a special invitation to come and get acquainted.

A gentleman who makes the most of his music! Hear him three times a week with big-name guest stars on...

**RAISING THE FLAG OF HOPE**—Five-year-old Mary Kosloski, the 1955 March of Dimes Poster Girl, raises a flag atop Mt. Baldy, Ida., officially opening the 1955 March of Dimes campaign. Basil O'Connor, president of the National Foundation for Infantile Paralysis, and students of Herley, Ida., High School help open the campaign. The banner will remain flying until the campaign ends on Jan. 31. The Idaho area was chosen because there were no polio cases there during 1954.

### O & C Advisory Group Suggests Revamping Rules

PORTLAND — The O & C Advisory Board is recommending that the Department of Interior revise the regulations on logging roads in O & C timberlands. The recommendation was made over opposition led by A. F. Hartung, president of the CIO workers, and Reginald T. Titus, executive vice president of the Western Forest Industries Assn. who said the present regulations provide unlimited access and make for competitive bidding.

Some lumbermen have complained the regulations are complicated and impose too many restrictions. A subcommittee headed by Frank Sever recommended the change, asserting that reasonable access still would be provided. Support for this came from Loran Stewart, Cottage Grove lumberman, and George Spaur, state forester. The board is a group named to advise the Bureau of Land Management on problems connected with the Oregon and California Railroad grant lands, taken back by the government after land frauds were discovered a half-century ago.
