

Polio Benefit Contests Scheduled By Glidesters

By MRS. ARTHUR SELBY
One of the many polio benefit activities at Glide during the 1955 March of Dimes campaign will be a basketball doubleheader Saturday night.
The first game is scheduled to start at 7 p.m. at the Glide High School gymnasium. One of the games will pit the Glide Town Team against Associated Plywood of Roseburg. The other will send Oakland's town team against Roseburg's Moose Lodge.
All proceeds will go to the Glide March of Dimes campaign. The Glide Camp Fire Girls will sell popcorn and soft drinks. Money from these sales will also go to the campaign.

Portland Area Has 15,000 Unemployed Union Men

PORTLAND (AP)—There are 15,000 unemployed union workers in the Portland area, Bill Way, president of the Portland AFL-CIO Labor Council, reported. Last week he had said an incomplete check showed 12,000 jobless.
Way told the council that total unemployment in the area—including Multnomah, Clackamas and Washington counties in Oregon and Clark County, Washington—was about 40,000.
The figures are based on a union survey of unemployment in AFL and CIO locals, Way reported.
The survey was made after Way criticized published year-end business surveys and roundups as being too rosy.

Cadillac

A Great Discovery Is About to Be Made!

The hand you see here is about to turn the ignition key in a new 1955 Cadillac.

It is the hand of a man who has never driven a Cadillac before—but who finally decided to see for himself if all the wonderful things he's heard about the car are true.

Well, he's about to make an important discovery! He's about to learn that, in 1955, Cadillac actually surpasses its own great reputation!

He'll sense it the instant he turns the key—and hears the eager answer of that 250-horsepower Cadillac engine.

He'll sense it again when he touches his foot to the accelerator—and brings that dynamic engine into action. It will set him instantly in motion—and will carry him forward with a surge of power that is a revelation all in itself.

And then—out on the open road—the full proof of Cadillac's greatness will begin to unfold itself!

He'll discover its incredible ease of steering and handling—so marvelous that the car seems almost to read his mind.

He'll discover its amazing levelness of ride—so great that even the road's roughest spots are difficult to perceive.

He'll discover its marvelous balance on the curves and corners—its incredible quietness of operation—its extraordinary agility in the traffic lanes—and the reassuring action of its big, powerful brakes.

And so it will go—mile after mile—and revelation after revelation—until the discovery is complete... and the drive is ended.

And even then, one final, confirming fact will await him. For he will find that his travel has scarcely moved the needle on the fuel indicator!

Yes, the evidence will be abundant—and the verdict without question: *This is the greatest motor car performance of all time!*

If you haven't as yet taken a drive in a 1955 Cadillac, you ought to do so soon.

It's an education in all the things a motor car should be and do—and you owe it to yourself to get the report firsthand.

Stop in soon, won't you? We'll be most happy to give you the keys—any time!
