

Two Missing OSC Students Found On Mary's Peak

CORVALLIS, Ore. (AP)—Two Oregon State College students, lost overnight and objects of an intensive search, were found Thursday morning in good condition, Sheriff Clifford Lilly was told by State Police radio.

Tyrrell G. Lowry, 22, a senior and experienced skier; and Richard D. Gilbert Jr., 20, a junior and head of the Oregon State College ski team.

They started out soon after noon Wednesday for Mary's Peak, a 4,097-foot eminence, the highest in the Coast Range, southwest of here. The weather here was bright and appeared good over the mountains. The two wore wool shirts and were thought to have windbreakers in their car.

When they failed to return by late evening, fraternity brothers at the Sigma Alpha Epsilon house notified police. Sheriff Clifford Lilly organized a party with students forming the bulk of it, and an immediate start was made.

The missing students' car was found at a point known as the lower parking area, a popular camping spot. The ski area—a clearing of limited extent at the top of the peak—is reached up a road from there.

Much of that road was drifted so deeply it was all but indistinguishable, searchers said.

There are few trails down the peak and all of them are on logging roads. Elsewhere timber, down trees and brush bar the way. Lilly said he thought it likely that the two, caught by the storm, became confused when they no longer could see their way. From the top, Lilly pointed out, all paths are down and in the darkness it would be difficult to know the direction.

CLUB TO MEET
The Matie Club of the Eastern Star will meet Friday night at 8 p.m. at the home of Mrs. Mary La Prath in Glendale.

Prisoners Still Holding Out, But Progress Seen

(Continued from Page One)

"The men say they are determined to hold out, but we are optimistic as to the eventual outcome." Father Hartigan said "one of the injustices they feel greatly is the type of sentencing in the criminal courts of the commonwealth, whereby men are sentenced for very long terms which takes from their hearts any hope."

"They agree," the chaplain said, "that proper sentencing is practiced in California whereby a man is sentenced for an indefinite period, limited to life, which gives him a year-to-year hope according to the progress he himself makes in prison."

The 35-year-old priest said that was the convicts' principal complaint. He did not outline any further grievances.

He said the convicts were "very courteous, respectful and talkative, indicating a desire to lay bare their problems."

He said the hostage guards "have been given every consideration and courtesy. No person has been mistreated."

4-H Club Members Get Honor Awards At Meet

Eight Douglas County youngsters were honored for their outstanding 4-H work during 1954 Wednesday evening. They were medal winners in National 4-H Awards Contests.

The winners were named at a meeting of the Central Douglas Leaders Assn. in Roseburg where some 100 4-H enthusiasts participated in an officers training session sponsored by the leaders.

Winners for the past year's 4-H work were: achievement, Carmen Ford, Roseburg; Canning, Margaret Price, Elkton; clothing, Joy Zeller, Brockway; dairy achievement, Glenn Jones, Camas Valley; dress revue, LaVonne M. A. Jones, Reedsport; Margaret Price, Elkton; and Darlene Ollivant, Bonnie Roark and Donna Schulze, all of Roseburg.

Training sessions for 4-H Club officers were conducted in a concluding portion of the program. M. A. Jones, Camas Valley, president of the association presided over the meeting.

Sec. Dulles Urges Prompt Senate Approval Of Treaty For Defense Of Formosa

WASHINGTON (AP)—Secretary of State Dulles urged Senate leaders Thursday to proceed promptly with approval of a mutual defense treaty with Formosa on the ground that this would contribute to "stability" in the Far East.

Dulles also indicated at a session of nearly two hours with leaders from both parties and both houses of Congress that the administration will do everything possible to get the United Nations to explore the possibility of a cease fire between the Chinese Communists on the mainland and the Nationalists on Formosa.

He said the big question is whether the Communists will pay any attention to U.N. efforts for peace, but thought even if they did not the impact of such an undertaking on world opinion would be tremendous.

Before the State Department conference, Sen. Mansfield (D-Mont.) said it appears the United States "is changing its policy" toward Red China, but Knowland said he is not ready to say a shift is in the making.

School Committee Gathers At Riddle, Gets Advice

standards was his subject.

The situation in Riddle now is that the new elementary school building would have an immediate stabilizing influence in the area.

Legumes, Grasses Get Attention At Farm Meet

(Continued from Page One)

stressed management of forage crops. He cautioned land owners against "grazing lands too short."

Warren favored rotation grazing or "waiting for three or four weeks before returning livestock into the same area."

Four methods of using pastures were listed by the specialist. (1) continuous grazing which produces an average of 300 pounds of beef per acre; (2) rotation grazing (three weeks period) which can produce 417 pounds of beef per acre; (3) daily rotation, which yields 580 pounds of beef per acre; and (4) cutting of green forage and hauling it to the livestock which may yield 740 pounds of beef per acre. Legumes in a pasture will also increase the tonnage, Warren said.

D. E. Anderson, dairy specialist, stressed feed requirements per animal today to fatten the animal or keep it a milk producer (in the case of cows).

County agent J. Roland Parker presided over the meeting held in the Farm Bureau Hall on Spruce Street.

Cabinet Gives Eisenhower Gift Of Paintings

By MARVIN L. ARROWSMITH

WASHINGTON (AP)—President Eisenhower's Cabinet Thursday gave him a surprise gift—a set of books on the "world's great paintings—to mark the start of his third year in office.

The President, who dabbles in painting, went to the cabinet room to attend the regular weekly meeting of the National Security Council and found White House staff members and top administration officials assembled there.

Mrs. Eisenhower, wearing the same light grey suit she wore on inauguration day two years ago, also was on hand.

"What a very secret security meeting this is!" Eisenhower exclaimed.

"I must say, I don't see how this horde accumulated so quietly." Vice President Nixon, noting "this happens to be another birthday," told the President all administration officials "have been extremely proud of the opportunity to work with you" and to "be in your team."

The vice president added that the group had only one concern—"that you have not had enough to do so we have purchased some books."

Nixon then pushed across the cabinet table a big box wrapped with gold paper and tied with a large blue ribbon.

"I sincerely trust," the President laughed, "that this is not the annual budget."

When the package was opened to an eight volume set of books entitled "The Great Centuries of Painting," Eisenhower exclaimed: "Wonderful!"

At 64, the President begins his third year in the White House with assurance from his physician he is in "excellent health" for a man of his age.

OSC Enrollment Up 11 Per Cent

An 11 per cent increase in enrollment this winter term over a year ago is reported by Oregon State college.

Enrollment has reached 5101, which is 519 more students than the 4582 total at the same time a year ago. It is the highest winter term registration since 1950-51.

Biggest gains are in the freshman class, 15 per cent, and sophomore class, 33 per cent up from last year. Veterans registration swelled by returning Korean servicemen is 813, compared to 581 last winter term.

Full term registration was 8 per cent greater than last year.

Reorganization Of State Revenue Offices Sought

(Continued from Page One)

and gift tax division delayed beyond July 1, 1957.

The idea of having all revenue departments placed under a single administrator first was proposed four years ago. The interim committee, however, didn't go for the single department idea.

Portland State College, now an extension center, got the green light Wednesday when the Senate Education Committee voted for a bill to make it an independent college, with authority to grant degrees.

The committee vote was unanimous, but Sen. Donald R. Hubbard, Eugene, abstained from voting. Sen. Warren McMinnee, Tillamook, was absent.

The committee inserted an amendment to keep the college at its present site in downtown Portland, and removed the requirement that the college would have to become independent by next September. The date will be set by the Board of Higher Education.

The Senate is expected to vote Friday on the measure.

Legislators pay, now \$600 a year, will become an issue again. Sen. Gene L. Brown, Grants Pass, said he would introduce a constitutional amendment proposal to raise the pay to \$2,000 a year, plus \$10 a day expenses while the Legislature is in session.

The measure would be referred to the people in Nov., 1955. Last November, the people rejected the Legislature's request that legislators be allowed to fix their own salaries.

Body Of Luther Bennett Found In Cabin At Court

The body of Luther J. Bennett 53, a resident of Roseburg for about a year, was found Wednesday evening by his stepson, J. R. Pierce, in Bennett's cabin at Roseburg Auto Court.

Coroner L. L. Powers said the man apparently had been dead between 24 and 36 hours. Death was attributed to natural causes.

The body was removed to Roseburg funeral home, where funeral arrangements will be made after arrival of relatives.

Services To Be Held For Former Resident

(Continued from Page One)

Funeral services for Mrs. Lavina Smith, 84, former Douglas County resident who died Tuesday in Coos Bay, will be held Friday.

Chapel services will be conducted at 11 a.m. at Mills Funeral Home in Coos Bay. Interment will follow at 3 p.m. at the Myrtle Creek IOOF Cemetery.

Mrs. Smith was born Jan. 16, 1871, in Josephine County near Kirby. She lived for many years in Myrtle Creek before moving to Coos Bay.

She is survived by one son: W. I. Smith, Coos Bay; two daughters, Mrs. L. E. Ausmus and Mrs. Francis Norris, both of California; one sister, Mrs. Ella Nichols, Riddle; one brother, Bert Yarbrough, Sacramento, Calif.; and eight grandchildren.

Stevens To Aid Investigation Of Maj. Peress

WASHINGTON (AP)—Secretary of the Army Stevens was said today to have promised to cooperate with the Senate Investigations subcommittee in its proposed new investigation of the Peress case.

A committee source, declining to be quoted by name, said Stevens gave such an assurance to Sen. McClellan (D-Ark) yesterday in a private conference devoted mostly to other matters.

McClellan declined comment. But he announced a postponement until Monday of a subcommittee meeting which had been called for today, and said he expects then a "tentative discussion" of plans to reopen the Peress case.

Irving J. Peress, an Army dentist, received a promotion to major and an honorable discharge after invoking the Fifth Amendment in refusing to answer questions about communism. His case figured largely in accusations by Sen. McCarthy (C-Wis) that the Army had coddled Communists. Stevens, while disputing that, has said Peress' case was badly handled.

McClellan told newsmen he will submit a tentative budget asking the Senate for "a little less than \$200,000" to finance subcommittee activities in the next 12 months.

Nicaragua Says Border Conflicts May Develop

(Continued from Page One)

peated. Wednesday night President Anastasio Somoza, longtime enemy of the Costa Rican regime headed by President Jose Figueres, told newsmen in Managua the situation could develop into "an international conflict."

The OAS Commission sped its buffer zone proposal by plane to Somoza and delivered an "urgent" copy at the office of Foreign Minister Mario Esquivel in the Costa Rican capital.

The proposal was drafted on orders of the OAS Council in Washington. It provides for a zone 18 miles along and 6 miles wide in the critical northwest area around the rebel stronghold of La Cruz, where Somoza said the two Mustangs violated Nicaraguan territory during an attack on the town.

The F51 fighters, among four purchased from the United States at a reported price of a dollar each, were on their first mission since their arrival here Monday.

While peace making efforts were being hurried, the Costa Ricans were readying the Mustangs for additional action Thursday in the northwest.
