116 NORTH JACKSON STREET—ROSEBURG

Washington Sets \$212 Million Highway Budget

By LEROY HITTLE
OLYMPIA — A \$212 million highway budget for the two-year period beginning July 1 was released Wednesday by Gov. Langlie.
It includes 158 million in new expenditure proposals and 54 in reappropriations for projects authorized in the past biennium but not yet completed.
The budget provides 15 million dollars for new construction on U.S. 99, the main North-South route through the state, during a

27-month period beginning April 1. Another 7 1/2 million is provided for U.S. 10, the chief East-West arterial.
On U.S. 99, a total of \$4,784,000 was recommended for extension of the Alaskan way viaduct in Seattle. More than a million was proposed for widening U.S. 10 to four lanes between Yyak and Sunset Lodge through Snoqualmie pass.
Large projects on U.S. 10 are recommended in the Spokane area. A total of \$1,012,000 was proposed

for extension of 2nd and 3rd Avenue one-way streets east from Arthur Street to the east city limits. Another \$1,900,000 was provided for continuation of the new freeway through the Spokane Valley.

KILLED BY TRACTOR

BOARDMAN, Ore. — Pete Kitto, 61, was killed Tuesday in an accident at his farm home near here.
A tractor he was operating overturned, pinning him beneath it.

Senate Alcoholic Traffic Meeting To Be Closed

SALEM — The Senate Alcoholic Traffic Committee won't admit the press or the public when it meets here Jan. 27.
Sen. John P. Housell, Hood River, chairman of the committee, said it would be an "informal meeting away from the Capitol Building."
Housell said he believes a closed meeting would "make frank discussion of the commission's problems easier."
He said no official business would be transacted.

Members of the liquor commission, which now is under fire from Gov. Robert Y. Thornton, will meet with the committee.
Closed committee meetings are very rare.

HEARING SLATED

SALEM — A public hearing on the bill to provide for state inspection of slaughter houses will be held Feb. 3 after the Senate's afternoon session, Sen. Truman Chase, chairman of the Senate Agriculture Committee, announced Tuesday.
