MR. AND MRS. LEE MARSH and their family pose in the above picture. Left to right: Lee Ray, 15; Barbara, 18; Mr. and Mrs. Marsh and twin sons, Terry and Gary, 10. The family resides at 2040 N. Stephens. Mr. Marsh owns United Saw Service.

LEE RAY AND BARBARA both are talented pianists as well as being fine vocalists. Lee Ray plays the trumpet also. Barbara is a student at Northwest Nazarene College in Nampa, Ida.

TODAY'S SOCIETY feature page is of one of Roseburg's most interesting families. Mr. and Mrs. Marsh are both extremely modest regarding their own ability and in telling of the accomplishments of their family.

BECAUSE of not having the opportunity to study music as a boy, Lee Marsh has doubled and trebled his efforts to give his daughter and three sons a musical education. The twins, Gary and Terry, are just beginning their music lessons on the trombone and trumpet. All four of the children find music interesting and Mr. and Mrs. Marsh find much pleasure in their fine family.

LEE MARSH is a natural musician, being a fine pianist without benefit of lessons. Because of his love of music he is seeing to it that all four of his children are having lessons in numerous musical channels. Mr. Marsh is pianist for the Nazarene Church here.

MRS. LEE MARSH, at right, and daughter, Barbara, are pictured above. Mrs. Marsh gives dramatic readings besides running a home and being the best audience ever for her talented family.
