

NEW STAMP — This is the proposed 15-cent stamp being planned for the "certified mail" service. It would be used in first-class mail where no specific value is claimed, but where proof of mailing and delivery is desired. The stamp would be available at less cost than registered mail, according to postal authorities in Washington, D. C.

WHAT'S AHEAD? — Better folk than this fellow have lost their heads over the troubled world situation. Could be this London Zoo pen in just doesn't want to face the news that's popping these days.

In Newspaper Libel Suit

NEW YORK (AP)—Former S. U. Rep. W. Kingland Macy here was awarded \$30,000 libel damages against the New York World-Telegram and Sun in a suit in which he sought \$250,000.

A State Supreme Court jury of 11 men and one woman deliberated more than six hours before it brought in a verdict against the Scripps-Howard afternoon newspaper.

Macy's suit said the newspaper virtually accused him of blackmail in printing that he used the much publicized Hanley letter of the 1950 state election campaign to further his own political ambitions.

Macy hailed the jury's verdict as "a great vindication."

The newspaper contended its story was "a fair and reasonable news report" and that the suit was an attempt to "murder it."

The issue involved a Sept. 5, 1950 letter written by then Lt. Gov. Joe R. Hanley to Macy, Long Island Republican leader but a political foe of former Gov. Thomas E. Dewey.

2-GUN WANG — In Taipei, Formosa, Wang Pa-mei, looking two-gun, was formally looking for the Communist Party of China. He was arrested in 1950 for recruiting guerrillas on poles, and other atrocities. The famous former woman pirate recently returned from the Tachen area, where she fought Communists.

**Government To Mail Out Questionnaire To Farmers**

WASHINGTON (AP)—The government will mail questionnaires to nearly 70,000 farmers in all parts of the country this week asking them what crops, and how much of each, they plan to grow this year.

The farmer-recipients, who serve as unpaid crop reporters for the Agriculture Department, will be asked to state specifically what their plans are as of March 1.

The department will use the returned questionnaires to prepare its spring report on farmers' planting intentions. This report serves as an important guidepost for the government in determining farm policies, and also furnishes information on what other farmers plan to do.
