

## North Umpqua Road Construction Speeded

By MRS. ARTHUR SELBY  
The Funderburk Construction Co. is putting on a third shift Monday. With three crews working eight hours each, the company is operating around the clock to hasten the construction of the six-mile extension of the new North Umpqua Highway above Steamboat Creek.

On Vacation  
Gifford Evans, student at Southern Oregon College arrived Wednesday to spend spring vacation visiting his parents, Mr. and Mrs. James S. Evans.

Tim Suhrstedt accepted employment the first of the week as assistant at Amann's Associated Station. Suhrstedt drives one of the Glide school buses and was formerly employed at the Glide Chevrolet Station.

Mr. and Mrs. Bob Wintlerle and daughters of Bandon spent Wednesday visiting friends. Wintlerle, enroute to Portland to attend the OEA convention, was formerly 6th grade teacher at Glide School.

James S. Evans and J. A. Long of Roseburg drove to Eugene Wednesday on business.

In Fair Condition  
Jim Welch, owner of the Lone Rock Market, is reported to be in fair condition at Douglas Community Hospital, according to Mrs. Welch. Welch drove to the airport March 11 expecting to take a plane to Portland on a business trip. Becoming ill, he returned to his home and was taken to the hospital March 13, suffering from a severe case of the flu. Later, in the week, he developed yellow jaundice, Mrs. Welch said.

Mrs. Hilda (Tillie) Rockwell was released Wednesday from the Douglas Community Hospital to recuperate at the home of friends in Roseburg. Mrs. Rockwell suffered a broken right leg above the ankle in a fall at her home early Monday morning. The leg is in a cast with steel heel and she will learn the use of crutches.

New Trial Demanded  
In Klamath Falls Shooting

KLAMATH FALLS (AP) — Dist. Atty. Frank Alderson was served Saturday with notice that the conviction of James Quinton Anderson on a murder charge last month will be appealed to the State Supreme Court.  
Anderson, 32, was found guilty at Burns of the fatal shooting of Richard David Miller.  
As a result of the appeal, Circuit Judge M. A. Biggs, Ontario, who presided in the Anderson case, postponed a hearing set for Burns next Wednesday on a motion for a new trial.

Herbert Welch, Lakeview, defense attorney, said he will base the appeal on contention that Judge Biggs failed to instruct the jury on the matter of self-defense. He said he also will argue that Alderson and Charles Raymond of Portland, special prosecutor in the case, illegally participated in the trial because they had not been deputed by the district attorney of Harney County, where the trial was held.

Where the Atlantic and Pacific oceans are about 50 miles apart at the Panama Canal, tides in the Atlantic rise and fall about a foot and those in the Pacific about 12 1/2 feet.

ATOMIC TANK OF TOMORROW—What an atomic-powered tank will look like, if and when one is made, is illustrated by the wooden model held by Col. George T. Peterson, chief of research development at the Detroit, Mich., arsenal. Army plans call for a tank with an atomic power plant and 155-mm. cannon.
