

# Locally Organized European Tour For Northwestern Folk Scheduled To Start May 13

By LAURA OLSON  
Staff Writer, News-Review

A European spring tour for northwesterners organized by two Roseburg residents has attracted nationwide attention.

The seven-week excursion begins May 13. It is the product of planning, discussing and organizing by Miss Patricia M. Pan American district manager John Moller, Portland, says it is the "first time a tour to Europe has been organized locally in Oregon." (Usually tours are arranged through an Eastern travel agency.)

The tour fee includes eight interesting features: (1) transportation to and from the starting point (Roseburg, for example); (2) first class hotel reservations; (3) three meals per day in Europe; (4) sightseeing trips; (5) transfers and care of luggage; (6) tips and taxes; (7) all other gratuities; and (8) help from Miss Mayo.

Jelkski termed this initial trip as "fun but difficult." He anticipates no bother with future tours. The travelers need only their passports and cash. Jelkski also recommends they get a smallpox vaccination before departure. The vaccination is required to reenter the United States.

April 1 has been set as the time room reservations in Europe be verified. Jelkski operates the Lewis Travel Service in Roseburg. He says he has received comments regarding the trip from various parts of the country. Right now some 10 persons are scheduled to make the tour. The maximum number is around 20. Jelkski says a smaller number is really better since it enables persons to enjoy themselves more.

He and Miss Mayo, who will guide the tour, spent long hours working out the itinerary. "We wanted to give a good first look at Europe to everyone," Jelkski said. He added there were endless possibilities of routing, "as many as clouds in the sky."

Tour escort Miss Mayo is familiar with the route. A native Oregonian, she has spent much time in Europe. Jelkski says in addition, an English speaking guide will accompany the party on its sight-seeing trips.

Party members arrive in Copenhagen, Denmark, May 15 by plane. They journey south into Germany, to the Netherlands, back to Germany, into Switzerland, down to Italy, back to the French Riviera, on to Paris with a fine sight-seeing trip.

One trip feature has won many plaudits. Jelkski says the planners "tried to make the tour leisurely." To do this a stopover of two or three days every two weeks was included. The first stop

comes May 29 at Lucerne, Switzerland; the second June 16 at Nice. "The people are happy about it," he added.

The tour fee includes eight interesting features: (1) transportation to and from the starting point (Roseburg, for example); (2) first class hotel reservations; (3) three meals per day in Europe; (4) sightseeing trips; (5) transfers and care of luggage; (6) tips and taxes; (7) all other gratuities; and (8) help from Miss Mayo.

Jelkski termed this initial trip as "fun but difficult." He anticipates no bother with future tours. The travelers need only their passports and cash. Jelkski also recommends they get a smallpox vaccination before departure. The vaccination is required to reenter the United States.

Jelkski says a smaller number is really better since it enables persons to enjoy themselves more.

## Washington U. Faculty Members Take Up Issue

SEATTLE (AP)—The Dr. J. Robert Oppenheimer controversy flared anew on the University of Washington campus Tuesday with the issuance of a statement of protest by several faculty members.

In the public release, the faculty group took exception to remarks made Saturday by Alfred A. Schweppe, former dean of the University Law School, declaring: "We can only infer from the published portions of the statement that Mr. Schweppe is not in possession of all the facts."

Schweppe Saturday approved the action of Dr. Henry Schmitz, in rejecting a physics department nomination of atomic scientist Oppenheimer as a Walker-Ames lecturer and rebuked critics of the university president.

In Tuesday's rebuttal, the faculty group, led by Dr. Joseph Kraut, an instructor in the department of biochemistry in the University School of Medicine, said the nomination of Oppenheimer was unanimously approved by the Walker-Ames Committee of the university.

"President Schmitz nevertheless vetoed the nomination and maintained his position in spite of vigorous student and faculty protest; thus it was not the U. of W. which refused to have Dr. Oppenheimer, it was president Schmitz alone," the statement said.

Kraut said members of the committee include R. B. Van Horn, head of the civil-engineering department; Harold Stoke, dean of the graduate school; Allen Edwards, professor of psychology; Leo Hitchcock, head of the botany department; and Franz Michael, professor in the Far Eastern department.

"Mr. Schweppe's contention that convincing scientists are trying to force Oppenheimer on an unwilling university is obvious nonsense," Kraut said.

The statement continued: "Opposition to this action by the president has by no means come exclusively from 'persons trained primarily in the technical sciences and therefore presumably incapable of exercising moral judgment.'"

"It would appear, then, that it is not only scientists who 'object childishly' to infringement of intellectual freedoms."

## Young Man Tells About Slaying Family Of Four

McMINNVILLE, Tenn. (AP)—Billy Gibbs, 23-year-old father of newborn twins, has given officers gruesome details of killing a farm family of four, hiding their bodies and selling their livestock.

Dist. Atty. Fred Gilliam said Gibbs signed a statement in the presence of his father and a Tennessee Bureau of Identification agent giving an account of the slayings, which occurred the day after his twins were born.

## Atomic Blast Flash Obscured By Clouds

CRESCENT, Ore. (AP)—The atomic blast at Yucca Flat Tuesday morning appeared here—100 miles north of the California border on Highway 97—as a dull flash behind clouds.

Allen Guddat, sawmill operator, said he saw the light and also noted a buzzing on his car radio at the time, which he ascribed to the blast.

At Klamath Falls where earlier flashes often have been seen, there was heavy cloud cover and it was snowing.

## Jelke Trial May Finish With Testimony Today

NEW YORK (AP)—Minot F. (Mickey) Jelke's lawyers expect to finish the young oleomargarine heir's defense today against accusations that he induced a girl to be a prostitute.

When the trial recessed Monday with a banker still on the stand, chief defense attorney George Washington Herz said he needed only one more day to wind up his case. On this basis, the jury may begin deliberating a verdict tomorrow or Thursday.

California Oregon Power Co. service repairmen estimated that several hundred homes were without power between 11 p.m. Monday and 1:30 a.m. Tuesday. The area affected included residents on Keasey Road, Calkins Road and north of Carl's Haven.

## Garden Valley Girl Stricken

By ERMA FIELDING  
Lois Lehne, 15-year-old Garden Valley girl, is in Swedish Hospital Seattle, following a recurrence of an illness which hospitalized her last fall and winter.

Her mother, Mrs. Myron Lehne, took her to Seattle late last week to a specialist for examination and treatment. The Lehnes had just returned from Seattle last week where Miss Lehne had been receiving treatment.

Residents of the Valley banded together when it was learned the girl must return to Washington, to raise a total of \$254 to defray the families expenses for the return trip. Mr. and Mrs. Charles Dunn and Mr. and Mrs. Sig Madson spearheaded the drive.

Roses To Grow  
John Carrigg, owner of the Maywood Nursery, presented a rose bush to each boy and girl in the first and second grades at the Garden Valley school to plant in a plot on the school grounds. Ray Young, father of one of the students, prepared the ground. Actual planting of the bushes will be done as soon as the weather permits.

A business meeting of the Garden Valley Community church was held Wednesday evening instead of having the regular service. A new practice was adopted whereby the checks written for goods purchased for the church are to be co-signed by the pastor. This has not been done in the past.

Plans were made to have the interior of the church plastered. Plans were also made to start work on the parsonage as soon as the necessary arrangements are made for a building permit. It was also decided to have a potluck dinner fellowship of members and friends once a month. Saturdays were designated cleanup and work days at the church for all who are able to help.

From Portland  
Mr. and Mrs. Hugh Ritchie returned this week from a trip to Portland.

Mrs. W. C. Thurlow returned recently from Portland where she underwent a medical checkup.

Mrs. W. D. Love is staying in Roseburg with her sister, Mrs. S. L. DeLapp, for a few weeks.

## Morse Demands Patterson State Views On Big Dam

THE DALLES (AP)—Sen. Morse (D-Ore.) Monday asked Oregon Gov. Paul Patterson to state publicly his views on the Hells Canyon Dam issue.

The Oregon senator told a Democratic rally here that the governor should state how he stands on a bill which Morse and others are sponsoring in the Senate calling for federal construction of a high dam on the Snake River site.

The Idaho Power Co. also is seeking the dam site, but for construction of a low-head, privately financed power project.

Morse also told the enthusiastic audience of 50 that he was preparing for introduction at this session of Congress a series of bills which would increase penalties for violation of anti-trust laws.

Much of the talk was devoted to criticism of the Eisenhower administration's policies in the Far East. He said this country would be acting outside international law if it defends Quemoy and Matsu off the coast of Red China.

He said that he would not sacrifice one American soldier in defense of the islands. Some Republican leaders contend the islands are vital to the defense of Formosa.

Morse was to discuss farm problems in a talk Tuesday night at Hood River. He will return to Washington after the talk.

## Doernbecher Furniture Auction Continues

PORTLAND (AP)—Auctioning of equipment of the Doernbecher furniture plant continued here Tuesday.

Some 2 1/2 million dollars worth of machinery and other equipment is to be sold in the three-day auction which began Monday.

The big furniture plant, which at one time employed more than 1,000, was closed last December.

## Bevan Smiles On Leaving Meet On His Behavior

LONDON (AP)—Left-winger Aneurin Bevan appeared Tuesday before a special Labor Party subcommittee seeking his promise to behave. He came out of the secret session smiling, but noncommittal about a threat of expulsion unless he stops rebelling against party policy.

## Senator Upholds Ike's Attendance At Church Service

WASHINGTON (AP)—Sen. Allott (R-Colo.) said Tuesday President Eisenhower is doing a lot more for the country by regular church attendance than Sen. Neely (D-W. Va.) is doing in criticizing him for it.

Allott blasted back in an interview at Neely's criticisms Monday of the President's golf, his church attendance and his foreign and domestic programs.

Neely, in a speech to the CIO United Auto Workers Convention at Cleveland, said the President never belonged to a church before he became chief executive yet now gets his picture taken nearly every Sunday attending services.

"I object to connecting religion with politics," Neely said. "Any man who tries to parade his religion that way before the public is ungodly."

Allott replied: "Any man who is President of the United States and by his example of church attendance calls the attention of the people to the need of devotion is doing a lot more for his country than a man who can find nothing better to criticize."

Presidential Press Secretary James C. Hagerty said he doesn't think "anybody in the United States believes" what Neely said about Eisenhower. He added that he had not told the President about it, but was speaking "for the White House."

## Jury Awards Damages After Dynamite Blast

A circuit court jury this morning awarded \$1,000 general and \$368 special damages to an 11-year-old Milo girl, Deanna Raines, whose mother had sued the family's landlords after a dynamite cap blast injured the girl a year ago last fall.

The verdict went against Pete and Pearl Ulam. The girl and her brother, Jimmy, both were injured in the blast, which occurred Nov. 27, 1953, in a shed near the Raines home. Mrs. Doris Lee Raines, the mother, charged that the Ulams were negligent in leaving the caps where the children could get to them.

Miss Raines suffered arm and chest injuries in the blast. Jimmy, who lost an eye, was the complainant in a suit tried in circuit court last month. At that time, a jury found for the Ulams.

## Churchill Says Four Power Conference Hopes Brighter

LONDON (AP)—Prime Minister Churchill said Tuesday prospects of a four power parley seem to have brightened lately. He added he still favors a conference at the summit "but so far heads of government have not agreed to this method."

The 80-year-old Prime Minister made the statement in the House of Commons.

Amid laughter, he dodged the question of a Laborite who wanted to know if top level talks can be arranged soon enough to enable him to participate in them personally as Britain's leader. There are reports Churchill plans to retire soon.

"The future, Churchill said, 'is veiled in obscurity, and I should not like to plunge too deeply into it this afternoon.' There have been reports that Churchill intends to give up leadership of the Conservative government this spring in favor of his successor-designate, Foreign Secretary Anthony Eden. Churchill himself has given no public clue he intends to go.

Churchill told the House of Commons the international situation certainly "seems to have taken a friendly turn lately." He added: "I have never departed in any way from my view that a top-level meeting, without an agenda, might be a helpful manner of approaching the solution of these world problems. There might be a better chance of success if the initiative (for such a conference) came from the summit but so far the heads of governments have not agreed to this method."

Churchill seemed to suggest in his statement that a proposal for a top-level Big Four conference already has been formally and secretly considered by President Eisenhower, French Premier Edgar Faure, Soviet Premier Nikolai Bulganin and himself recently.

Churchill said the British government will consider any arrangements that will "bring about the results we all require."

## Marine Trio Of Roseburg Returning From Korea

Three Roseburg Marines are expected to arrive back in the United States from Korea the last part of this month, according to a dispatch from the Fleet Home Town News Center at Great Lakes, Ill.

They are: Pfc. Larry D. Cox, son of Mr. and Mrs. Vance L. Cox of Rt. 1, and husband of the former Pauline Crosshaw; Pfc. Dale L. Bowman, son of Mrs. Edith Bowman, and Cpl. Ellis R. Woodworth, son of Mr. and Mrs. H. J. Woodworth of 429 W. Lane St.

They are scheduled to arrive at San Diego, Calif., with the second group of the First Marine Division, which has been ordered from Korea to Camp Pendleton, Calif.

The group sailed from Inchon harbor March 10. The returning troops are aboard four LSTs and two Navy transports.

## Two Springfield Council Members Recall Council

SPRINGFIELD, Ore. (AP)—Recall of two Springfield councilmen is being sought in petitions circulated here.

The petitions say the two men, Paris Broadlove and Council President Ralph Nicholas, have "served their own personal interests rather than those of the city of Springfield."

The recall movement apparently is an outgrowth of the recent hiring of Herbert C. Hamilton of Cottage Grove as city manager. Two other councilmen voted with Nicholas and Broadlove to hire him.

Both councilmen said the accusations in the petitions was not true.

## Canyonville Easter Services Reported

By VIRGINIA PROCTOR  
Several pre-Easter and Easter service activities have been announced for the Canyonville area.

The Rev. Ernestine Hitchcock of the Canyonville Methodist Church announced this week the program for Holy Week.

Sermon for Palm Sunday will be titled "Who Is This?" The sacrament of Christian baptism and reception into church membership will be given that day.

April 7 at 7 p.m. Maundy Thursday, a candlelight service will include the sacrament of the Lord's Supper. Communion meditation by the Rev. Hitchcock is titled "This I Give." The senior choir will present an anthem.

April 8 at 7 p.m. Good Friday a service of guided meditation will be presented by the Rev. Hitchcock.

The Easter message at the morning worship hour will be "The Rent Veil" and both senior and junior choirs will present music. At 7 p.m. there will be an Easter sunset service with the high school MYP assisting.

A special play depicting the agony of the crucifixion will be presented at the Gospel Tabernacle in Canyonville 8 p.m. Tuesday, April 5. Mrs. Robert Shaffer is directing the play.

The Rev. A. M. Shaffer will preach at the morning worship service at the Tabernacle Easter Sunday.

Jerry Pippin of Roseburg will conduct Easter services at the Church of Christ in Canyonville.

## Hospital News

Douglas Community Hospital  
Admitted  
Surgery: Hans L. Hanson, Raymond Severson, Oakland; Frances McIntyre, Roseburg; Jerry Weathers, Gamas Valley.

Medical: Mrs. Robert Cooley, Mrs. John Cullitt, Ardie Scott, Mrs. Charles Drew, Roy McFarland, Mrs. Arthur Wilson, Roseburg; Mrs. Dean Roe, Winchester; Robert Weinberg, Mrs. James Schloeman, Glide; Mrs. Roger Warren, Salem; Charles Burnett, Winston.

Discharged  
Winford Bardwell, Richard Moore, Mrs. Arthur Smith, Winston; Francis Benefiel, Mrs. Richard Markkille, Roseburg; Kathy Pratt, Oakland.

Mercy Hospital  
Admitted  
Surgery: Mrs. Floyd Crittenden, Roseburg.

Medical: Mrs. E. J. Hennebeck, Earl West, Roseburg; Mrs. Wendy Knapp, Sutherlin.

Discharged  
Lee Vale, Mrs. Virgil Vance, Kelsey Smith, Gayle Geddes, William Baise, Roseburg; Mrs. John Samuel and son, John Gerard; Wesley Day, Sutherlin; Mrs. Raphael Reincsek, Neskevin, Ore.

## Radio Operators Announce Plans To Strike Lines

SAN FRANCISCO (AP)—The CIO American Radio Assn. announced Monday night a strike ultimatum to Pacific Far East Lines in protest against the AFL Sailors' one-contract plan.

"We will deliver a 24-hour ultimatum to Pacific Far East Line Tuesday morning," Philip O'Rourke, vice president of the Ship Radio Officers' Union said Monday night.

"If they do not guarantee us complete protection against this type of back door agreement, we will strike Wednesday," O'Rourke declared.

Pacific Far East recently chartered the freighter Tonsina, which carried an all AFL crew under a single contract negotiated with the Sailors Union of the Pacific.

Pacific maritime contracts generally are negotiated with seven unions, including the CIO Radio Officers and CIO Marine Engineers. The CIO unions contend the SUP plan for bulk cargo ships was raising their jurisdiction.

The SUP contends it is taking no jobs from American seamen but moving into a bulk cargo field dominated by foreign shipping companies.

## Southern Douglas OEA Meeting Slated Soon

Southern Douglas County OEA will meet April 4, at 6:30 p.m., at the Myrtle Creek Cafeteria, reports Marlen Yoder, president.

Dr. Elmo Stevenson, president of Southern Oregon College will talk on "Your Job," the theme of the program. A skit may also be presented by a group of Dillard teachers. The program has been arranged by Harold Lohbeck, Tri-City principal, and program chairman.

Yoder asks that all school heads notify Myrtle Creek School Supt. Al Noel the number of teachers attending from their respective schools by April 1.

The Southern Douglas OEA serves all schools south and west of Winston Junction in Douglas County.

## Ceremonies To Dedicate Vancouver's New Freeway

VANCOUVER, Wash. (AP)—Ceremonies will be held Thursday to open Vancouver's new seven million dollar freeway.

Gov. Arthur Langlie will cut the ribbon at about 2:30 p. m. to open the road officially.

The two mile stretch of highway has been under construction since November, 1951.

## Council Fixes Pinball Machine Licensing Fee

(Continued from Page O-c)

and distributors received council agreement after a standoff lasting about an hour and a half.

This action was taken by the council acting as a committee of the whole, with Council President Dr. Byron Woodruff in the chair in place of Mayor Ernest Barker Jr. That gave Woodruff a vote, along with Barker. Councilman Rudy Ritzman was absent.

"That left the way open for this situation," Woodruff had been chairman of a committee which fixed the schedule at \$500 for distributors owning up to 29 machines and \$250 additional for those owning between 30 and 49. He stuck by his committee's recommendation. His stand was supported by the mayor and Councilman Robert Harris and Sidney C. Moon Jr.

The rest of the council, led by James Knudtson, balked, maintaining that a per-machine fee after the basic \$500 would be more equitable. Assemblers George Lauma, Kenneth Ellison and William Adair concurred.

Four votes on related proposals resulted either in defeat or an unbreakable tie before Harris came up with the solution:

A distributor will be charged \$500 for the first 20 machines and \$17.50 per machine above that figure. The old rate was a flat \$100 per machine per quarter.

Operators (haven owners, etc.) will pay \$20 per quarter per machine for those owned by distributors and \$75 per quarter per machine for their own devices.

The pinballs in Roseburg have been closed down since mid-December when the licenses of three distributors were lifted when machines were found by police to be paying off. Since then, the council has been working at writing a new ordinance. The distributors involved were: Carriaco Amusement Co., Sunset Amusement Co. and Sanders Amusement Co.

## Two Youths Remanded To Juvenile Officer

Two high school boys, aged 15 and 16, this morning were remanded to the jurisdiction of the county juvenile officer after the mother of a third boy charged them with assault and battery.

Mrs. E. L. Worthington, 237 S. Flint St., signed the complaint after her son, DeWayne, a Central Junior High School student, was beaten up near the school Monday afternoon.

Mrs. Worthington called city police to the school after being notified by a teacher that her son had been beaten.

## 110 Log Trucks Counted Driving On Jackson Street

Most everyone agrees that timber is Douglas County's biggest business, and a Roseburg man Monday recorded some figures which point up that fact.

E. G. Wilmarch, 430 N. Jackson St., said he counted 110 loads of logs and 16 loads of lumber passing his residence Monday.

## High Winds Cause Power Outage Here

High winds late Monday night swung two power wires together in west Roseburg. They put a 4,000 volt circuit coming from the Veterans Administration out of service.

California Oregon Power Co. service repairmen estimated that several hundred homes were without power between 11 p.m. Monday and 1:30 a.m. Tuesday. The area affected included residents on Keasey Road, Calkins Road and north of Carl's Haven.

# NASH GIVES YOU MORE!

## Years-Ahead Styling and 7 Amazing Features!

**Sleep into the "biggest room" on the road, with widest seats, widest wrap-around windshield. You see more to the front, the side, the rear.**

**Yes, a change lounge in Nash. New use for Airliner Reclining Seats. Nap the children, give driver a "break"—convert into Twin Travel Beds.**

**Fish-bowl test proves a new kind of ride! In Nash, new Deep Coil Springs have 3 times the cushioning, new anti-sway safety on curves. New, shorter turning.**

**Turn one knob in Nash and never be bothered again by cold or heat or dust. All-Season Air Conditioning System\* costs hundreds of dollars less than other systems.**

**Come with Nash into a new motoring age. See and try 7 new motoring wonders that put the new 1955 Nash years ahead of others—years ahead in comfort, performance, safety! See a complete "new look" in motor cars, inspired by the famous Nash-Healey sports car. See years-ahead front-end styling with new low hood, forward thrusting "Road-Guide" fenders—and new Safety-Vu headlights. See and drive the beautiful '55 Nash Ambassador or Statesman today.**

**TRY THE NASH "7-FEATURE" DEMONSTRATION RIDE**
