

Israel Condemned For Gaza Attack; Peace Plan Talked

UNITED NATIONS, N.Y. (AP) — Having condemned Israel for the Gaza attack last month, the U.N. Security Council turned today to discussion of ways to pacify the explosive Israeli-Egyptian frontier.

Up for debate in today's meeting of the 11-nation council was a Western-sponsored resolution asking both countries to cooperate with Maj. Gen. E. L. M. Burns of Canada, U.N. truce chief in Palestine, on steps to stop border-crossing.

By unanimous vote, the council adopted another Western-backed resolution last night holding Israel guilty of a prearranged army attack Feb. 28 on Egyptian forces in the Gaza strip.

Thirty-eight Egyptians and eight Israelis were killed in the battle. The resolution condemned the attack as a violation of the U.N. Charter, the council's 1948 Palestine cease-fire order and the 1949 Egypt-Israeli armistice agreement. It also called on Israel for "all necessary measures to prevent such actions" and said both sides should observe the armistice pact.

Films Will Be Shown At CAP Meet Thursday

Three films will be shown at the regular Civil Air Patrol meeting at the Fairgrounds Thursday night, according to spokesman Frank von Borstel.

The meeting is scheduled at the CAP building at the Fairgrounds at 7:30. Showing of the films will probably start at about 8 p.m., von Borstel said.

Names of the films are: "Aerology — Flight Techniques with Respect to Thunderstorms," "Civil Air Patrol" and "Formosa" (an orientation film).

"COMMUNITY MINSTRELS" will be presented Friday and Saturday nights at the Green School gym, sponsored by the Green PTA. Here, members of the cast go through some of their antics in preparation for presentation of the play. Left to right are Donny Michael, Nancy Michael, Ed Theiss, Bea Cornelsen and John Hartwig, who is interlocutor and, with his wife, play director. Hartwig produced and directed the "Cavalcade of the Golden West" at the San Francisco World's Fair, has directed and appeared in many pageants and minstrel shows in Canada and Montana. The "Community Minstrels" cast of parents, teachers and young people will present lively comedy, singing, tap dancing in the show within a show. Starting time both nights is 8 p.m. (Picture by Roger Schrimpf).

Coon Accuses Democratic Majority Of Double Talk

WASHINGTON (AP) — Rep. Coon (R-Ore.) has accused the Democratic majority of Congress of "talking out of both sides of its mouth."

He said the Democrats were endorsing partnership development of small watersheds but were attacking similar construction proposals for dams.

Coon's comments were prompted by the House increasing from 11 million to 12 million dollars the appropriation for small watershed financing.

Democratic support of this measure amounted to "playing politics with resource development," Coon said.

The watershed program is financed jointly by the federal government and local interests. Coon said that is the same approach as is proposed by the Eisenhower administration for construction of multi-purpose dams.

Neuberger Says Let Russians Visit NW Farms

WASHINGTON (AP) — Russian farmers should be permitted to visit the Pacific Northwest "to learn how democracy operates at the grassroots," Sen. Neuberger (D-Ore.) said this week.

Commenting on the proposed visit of a Russian farm group to the U.S., Neuberger said in a letter to Secretary of State Dulles, the Northwest could offer:

Grand Coulee Dam—"Greater than their own vast power plant at Dnieperstroy."

Sawmills and logging camps of Oregon's Douglas and Lane Counties.

And wheat ranches he said "will give the Soviet farmers another measuring stick by which to

Uranium Seekers In State Will Be In Thousands

BAKER (AP) — The number of people seeking uranium in Oregon this year will be in the thousands. Hollis Dole, acting director of the State Department of Geology, said here.

Dole told a group of men interested in mining, that he expects payable uranium deposits to be found in Oregon within two years.

Clinton P. Haight Jr., who presided at the meeting, reported interest here in mining has increased about 30 per cent over last year.

gauge their own agricultural methods."

Describing Oregon as the birth place of "the initiative and referendum—the most democratic institutions in the country," Neuberger said "Let the Soviet farm delegation learn how democracy operates at the grassroots."
