New Crackdown On West Berlin Seen In Making

BERLIN (AP)—Communist-surrounded West Berlin looked Wednesday for a new Red crackdown on its traffic with the Soviet Zone following East German charges that the Western powers have turned the city into a spy center. The East German cabinet Tuesday night announced the arrest of 52 "Western agents" and the liquidation of "a considerable number of espionage and terror groups." It said these were being directed from Allied-occupied West Berlin.

The Red regime said it would take "all necessary measures" to protect the East German state from what it called the West's criminal activities based in West Berlin. West Berlin circles anticipated the Communists would put new restrictions on Germans moving between the Allied part of the city and the Eastern zone. Many Germans live in one area and work in the other. Other visits relatives or friends across the borders.

Rita Hayworth Suspended By Columbia Pictures

HOLLYWOOD (AP)—Rita Hayworth has been suspended by her studio because she failed to report for work on a new picture. Columbia Pictures announced the suspension and asserted that under her contract she cannot work elsewhere until she makes two films for Columbia. The warfare between the actress and the studio broke out last Thursday. She notified Columbia that she was not reporting for work on "Joseph and His Brethren," scheduled to start shooting Monday. Her lawyers then filed suit in federal court to end her contract, contending that postponement of the picture's starting date has nullified the agreement.

From additional vaccine supplies, many communities hoped to make sure that children up to the age of 14 would receive shots, with special provisions for those whose families could not afford inoculation by a private doctor. There were estimates that as many as 45 million might be vaccinated this year.

Hanna Properties Up Valuations Of Riddle District

The addition of new Hanna nickel properties to the Douglas County tax rolls has increased the assessed valuation of the Riddle School District by 45 per cent and made it the fifth richest district in the county. County Assessor Morris Bowker said the change in assessed valuation for 1955-56 will be an increase of \$1,631,740. Taxes on this amount will be collected next November.

It was brought about by the continued installation of mining and smelting equipment and the buildup of real properties of two Hanna firms connected with the nickel operation. They are the Hanna Nickel Smelted Co., refiners of the ore, and the Hanna Coal and Ore Co., the mining end of the operation.

No Signs Seen Of Attack By Reds On Target Date

don't expect one because the Reds still don't have airfields close enough, as they now have near the Matsus. Also, the beaches here are heavily defended. Quemoy's strength is a military secret but as the rumored invasion days approach it can be said that Quemoy is stronger in men and arms than it was a year ago when its manpower was estimated at 40,000.

Army Identifies Body Of Wartime Correspondent

TOKYO (AP)—The Army has identified the body of AP Correspondent William R. Moore nearly five years after he was killed in desperate American fighting to check a Korean Communist drive on Pusan.

Moore died July 31, 1950, at the age of 40. He had dropped his pencil and notes to help care for the wounded of an American tank platoon, overwhelmed by Red forces near Chinju, about 50 miles west of Pusan. The Army's graves registration laboratory at Okokura, Japan, made the identification, which was confirmed officially in Washington. The small tank force, which Moore had joined the day before he died, was on a bluff and reconnaissance mission to find where the Reds were and how strong they were.

Western Lines Asks New Route

SPOKANE (AP)—Western Airlines will operate daily round trip service between Spokane, Portland, Seattle and Calgary, Alta. if the Civil Aeronautics Board approves its application, a company official said Tuesday.

Thomas Murphy, assistant to the president, said Western would have two round trip flights a day between here and Portland, and two between Spokane and Seattle, and one between Spokane and Calgary. "We are awaiting word from the CAB on preliminary hearings," Murphy said. "It may be several months before we receive approval, but we have been acquiring aircraft in the hope we can extend our service to Spokane and from here to Calgary."

Both Northwest Airlines and United Airlines have filed exceptions to Western's application for competitive routes between Spokane and the two Coast cities. Murphy said Western intends to have its Calgary-Spokane service as a link to a direct route to California from points in Canada. Western now operates into Edmonton and Lethbridge, Alta., via Great Falls, Mont.

Salk Vaccine Will Be Made Available Later For Adults

ANN ARBOR, Mich. (AP)—The Salk vaccine, success of which was formally announced Tuesday can protect adults as well, but a bill to "give the children priority" was sounded by Dr. Dwight H. Murray, Napa, Calif., chairman of the American Medical Assn.'s board of trustees.

Enough vaccine to inoculate 39 million children with three shots each—a complete course—is expected to come pouring from pharmaceutical houses. Dr. Salk, on the basis of new findings, urged that only two shots be given this summer. This would expand the available supply to make enough available for 45 million—about the entire population of children under 10 years of age, trained minds of doctors.

Gunman's Death Ends Horror Plot

LOUISVILLE, Ky. (AP)—Three hours of horror for a mother and her children and a 20-year-old grudge ended in death Tuesday for a mad gunman. Guy C. Shearer, chairman of the Kentucky State Alcoholic Beverage Control Board, fired the shot that finished the revenge plot of Thomas Fay Redfern, 35, short of his objective.

After holding Mrs. Shearer and her three children as hostages, Redfern sat down to discuss his mission with Shearer, Police Chief Carl Heustis and Dr. S. Spafford Ackery, a psychiatrist who had befriended him several years ago. Shearer, who had flown to Louisville from his office at Frankfort, listened as Redfern, flushed with anger, reminded him of an arrest 20 years ago when Shearer was a probation officer.

"I want compensation for what you've done," Redfern cried. He reached for a gun in his belt. Heustis lunged across a desk and felled Redfern with a flying tackle. Dr. Ackery grabbed the man's gun hand by the wrist and forced it floorward. Shots rang out in Shearer's fashionable East Louisville home and Redfern went limp with a bullet through the heart.

Fullerton Dads Vote To Construct Track For School

Grade school track participants and enthusiasts in District 4 were given a hearty boost Tuesday evening by Fullerton Dads Club members. The dads authorized construction of a dirt track at Fullerton School. Weather permitting they hope to have it completed in time for a triangular track meet May 13. Cost will be paid by the club, according to president Ted Prusia.

Some 50 fathers meeting at the school approved the action. Earlier this year the club had requested that the District 4 school board provide funds for construction of the track. The request was tabled due to lack of funds. In other action Tuesday the Dads Club voted to sponsor six national assemblies for Fullerton students in 1955-56.

Newly elected club officials will take office at the annual school picnic scheduled for May. They are: Don Barrows, president; Bus Sporer, vice president; Jim Loomis, secretary; Bob Dishman, treasurer; and Asa Irwin, sergeant-at-arms.

Special guest speakers at the session held at Fullerton School were District 4 School Supt. M. C. Deller and Ray Martin. Supt. Deller told the background of the proposed school budget for the district. Martin, representing the Knights of Columbus, discussed indecent literature on sales on the newsstands.

Jacob Legler Elected To Head Select Masters

PORTLAND (AP)—Jacob J. Legler of Portland is the new grand master of the Oregon Royal and Select Masters. His election took place Tuesday at the second of three meetings of York Rite Masonic bodies here. The grand commandery of the Knights Templar convened Monday and the York Rite Masons were to meet Wednesday.

The legislation, supported by log truckers, was opposed by the Highway Commission. The legislation would deter large retail outlets from selling milk as loss leaders. The House Highway Committee approved a bill to transfer the state's 87 truck weighmasters from the Highway Commission to the state police.

STILLWATER, Okla. (AP)—A lie detector test has cleared Sherman Johnson of Portland, Ore., in a 1924 dance hall shooting that claimed two lives. Sherman, 67, was arrested in Portland recently after the sister of one of the victims identified him as Charlie Goss, the man accused of the slayings.

Sherman was brought here and held in jail pending the lie detector test. He was to be released Wednesday. County Atty. Bob Murphy said that records of a 1924 divorce indicated Johnson was in Ore. on at the time of the slayings.

Goss is charged with murder in the fatal shooting of Essie Mae Pless and Alfred Robinson in a fight at a Cushing, Okla., dance hall.
