Snow Piling Up In Wet Weather

By THE ASSOCIATED PRESS
 The cold weather that is making things miserable for gardeners, orchardists and others is a boon to much of the state.

Snow is piling up in the mountains, and daily the outlook is improving for water needed by farmers and power generators the rest of the year.

A dry fall and winter left much of Oregon far short of normal snow storage.

But now Bend reports more snow has fallen in April than in the winter months of December through February—8½ inches in April compared with 1½ in the three winter months. Up to two feet fell in the mountains in the latest storm this week, and irrigation prospects were vastly improved.

Southern and Eastern Oregon also reported improvement. Along with the additional snow the cold weather has delayed the runoff of winter snows. That in turn improves prospects of ample water for irrigation and power later in the year.

Thomson's New Defense Begins Taking Shape

NEWPORT, Ore. — Richard Thomson's new defense began shaping up Thursday against the charge that he attempted to kill his business partner, James Meuler, in 1953.

His mother, Mrs. Ella B. Thomson, and Dr. A. Howells of Albany testified Wednesday they believed he was temporarily insane at the time the state contends Thomson hit Meuler over the head with a piece of pipe and then sent Meuler over a cliff in a car.

Thomson added that he did not put his hand on a piece of pipe, although that was his testimony in an earlier trial. The defense is contending now that there was no piece of pipe in the car.

Thomson explained he "knew different now and was confused at the time of the first trial." The first trial resulted in his conviction last year, but the verdict was overturned on appeal because improper evidence was used.

His mother said she noticed her son had changed character in the month before Meuler nearly lost his life. Meuler was thrown from the car as it bounded down the bluff, and he recovered in a hospital.

Atomic Explosion Again Called Off By Shift Of Wind

SURVIVAL CITY, Nev. — Fear that three Nevada communities might be engulfed in a fallout of radioactive dust Thursday caused further postponement of this spring's major atomic test.

The delay, the third in a row, came less than half an hour before the scheduled start time, 5:15 a.m. Atomic test chiefs had gambled that the weather would remain favorable and nearly 5,000 observers and participants were at their stations.

Instead, the wind shifted and "Operation Cue," the big test of this nation's civil defense against atomic warfare, was dubbed "Operation Miscue."

BOARD MEETING SET
 Dist. 4 School board members will hold a special luncheon meeting Friday at Central Junior High School. The board will take up some last-minute problems pertaining to Hucrest School and the Joseph Lane addition, according to Supt. M. C. Deller. The public is invited to attend the business session which will get underway about 12:30 p.m., the superintendent added.

70 Persons Visit Board Meeting At Myrtle Creek

Some 70 residents of School dist. 19 (Myrtle Creek and Tri-City) concerned about the rapid turnover of teachers in the district sat in on the regular school board meeting Wednesday evening.

It was the largest number of spectators to view a board meeting that most persons could recall, reports News-Review Correspondent Ruth Evans. They sat through one of the board's longest meetings.

For nearly four hours members ploughed through new and old school business, heard citizens' comments and came up with some decisions.

The board, acting on the recommendation of school administrators, named a supervisory principal over the primary and upper elementary buildings in Myrtle Creek, George Childers. This year principal of the upper elementary building, was advanced to the position.

The action gave board members more work. May 9 at the regular meeting they will appoint two teachers to serve as "head teacher" for each building. Mrs. Evans reports.

Two New Resignations
 While the board appointed, it continued to accept resignations. Two new ones were acted upon Wednesday night, bringing the total number to 22. And, it was this problem which mainly concerned Dist. 19 citizens. No panacea was forthcoming at the session.

One bright spot appeared at the busy session. The teaching application of Mrs. Marilyn Hurley was accepted by the board. Earlier Mrs. Hurley had resigned.

In other business the busy board set, May 3 as the date for a special hearing for Tim Hurley. Hurley has requested to teach in the system in 1955-56. A high school instructor, he was not re-elected by the board. The hearing will be held May 3 at the school building. Mrs. Evans said.

Budget Election May 31
 Tentatively, the board set the school budget election for May 31. Final approval of the date hinges on the recommendation for increase of teacher salaries by a citizens' committee.

The proposal that an industrial arts program be set up in the high school was not acted upon. Explaining the program was George Jackson, Oakland. Jackson is a candidate for the position of shop teacher at the high school.

Three proposals were presented at the meeting by members of the Tri-City Dad's Club. They concerned the elementary school: (1) Tilting of the playground area to alleviate drainage; (2) construction of a multi-purpose building; and (3) surfacing of the playground area.

The dads were asked to investigate the third suggestion further. The board moved to consider more fully the other matters.

Final matter of new business concerned a request from the Myrtle Creek Club to use the high school gym for a non-commercial youth program during the summer—it was tabled. The Elks seek to use the gym as a place to give youth in the area boxing training. Mrs. Evans said. The matter he discussed at the May 9 session.

Problem 2—Simple everyday foods for the family and entertaining. As projects, HE members selected simple cake decorating, freezing prepared foods and the making of rolls and bread from sweet dough.

Problem 3—How to improve, beautify and care for our homes, using what we have. Projects for the problem include family business and the law, coverlet tooling (special meeting) and advanced lamshade making (workshop).

Home Extension is open to any interested homemaker, according to extension agent Miss Helen Chandler. Currently some 700 women are enrolled in the units. Many others attend without having signed up.

Hotel In Salem Latest Called In Bombing Threats

SALEM — A second Salem hotel was evacuated Wednesday night in the continuing series of fake bomb threats in Oregon.

This time it was the Marjion Hotel. Some 100 guests and 250 persons at a Rotary Club banquet were forced outside while the hotel was searched for a bomb. None was found.

A telephone call about 9 p.m. threatened a bomb explosion at 9:30 p.m. The guests were back in the hotel by 10 p.m.

The same thing happened at the Senator Hotel the previous night. At the position where the fake bomb threats centered after a department store was bombed in a \$50,000 extortion attempt 1½ weeks ago, schools still were plagued with them.

Another Portland high school, the fourth to be hoaxed, was evacuated for a half-hour while the building was searched after a telephoned threat.

The school superintendent blamed students trying to get out of classes, and suggested that evacuations cease. He also suggested extending the school year for any time lost.

Three students were arrested and accused of phoning an earlier threat to another high school. Police quoted them as saying they did it for a joke. They were turned over to juvenile authorities.

Adult Swimmers Still In Demand In Douglas Co.

Adult swimmers are in particular demand in Douglas County. They're needed to help teach children's swimming classes, which are being offered next year by the Water Safety committee of the county chapter of the American Red Cross.

Water Safety chairman Leon Mulkey said the number of youngsters wishing swimming instruction outnumbers, currently, the available number of teachers.

The chairman pointed out, too, that it is not too late for children to register for swimming classes. He said there seemed to be some misunderstanding regarding the swimming survey taken among students earlier this year. The survey sheet does not automatically register a youngster for a swimming class, Mulkey emphasized.

He asked that students wishing to learn more about swimming contact the Red Cross office, telephone OR 3-3255 to enroll.

Adult swimmers who wish to help instruct should call the same number, he concluded.

Oakland School Budget Vote Scheduled May 20

Voters in Oakland School Dist. 1 will ballot May 20 on the proposed special levy of \$51,761 for operating expenses in the 1955-56 budget.

The figure is about \$6,000 less than the current year's budget for operation, according to Supt. James Cummings. Voting will take place in the Washington School gymnasium between the hours of 2 p.m. and 8 p.m.

Total operating budget for the district is \$226,609. Of the sum \$174,848 is allowed by the Rural School Board.

Retirement of bonds and payment of interest in the amount of \$96,177.50 in 1955-56 will also appear on the ballot. The sum goes toward payment of construction previously approved by Dist. 1 voters.

Communist Fails To Get Majority In Italy Vote

ROME — A Communist-backed candidate took the biggest share of votes in the opening ballot of a parliamentary election Thursday to choose a new Italian President. But he fell far short of the necessary two-thirds majority.

In the second ballot of the day a large percentage of the 842 senators, deputies and regional delegates cast blank votes.

Ferruccio Parri, nominee of the Reds and their leftwing Socialist allies, withdrew after getting 308 votes with 562 required for election, on the first ballot. The blank votes in the second poll indicated the two leftist parties, with their candidate not in the running, had abstained after their good showing on the first ballot.

Whitworth Choir To Sing Friday

The choir is currently touring Washington, Oregon and California. Extended tours into eight western states were inaugurated under the current choir leadership. The 1955 tour makes the fourth visit of the Whitworth choir to California.

Anders is in his eighth year as director of this musical organization. Since coming to Whitworth, Anders has brought his choir to a position of leadership among choral groups of the West. He is a much sought-after adjudicator for Northwest music festivals. He also serves as a regular choir director-organist for a large Spokane church.

Faith Expressed In Salk Vaccine; Check Underway

used without reported incident.

"We believe that the immunization program against poliomyelitis should continue," he said in a statement, "and I urge that parents and children scheduled to take part in the vaccination program continue to follow their plans."

He said his own 7-year-old son will receive his first shot as scheduled early next month.

Meantime, federal and state authorities worked in California to determine whether it was faulty vaccine or merely coincidence which caused the polio cases at this time.

Five of the eight diagnosed cases and three of the suspected ones occurred in California. Two other cases were reported from Pocatello, Idaho, and one from Chicago. Another suspected case was reported from Denver, where a 12-month-old child had been inoculated with vaccine supplied through commercial channels.

Officials said it normally takes 10 to 14 days after exposure for polio to develop, and emphasized it is possible that all the stricken children were developing the disease before they received their shots.

Hitchhiker Tells Officers Story Of Armed Robbery

(Continued from Page One)

Then he ordered the men in front to put their hands on their knees (including one hand of the driver) and directed the car west on Highway 42 at Winston. Showing knowledge of the area, the gunman then told the driver to turn left at Brockway Store, then up west Willis Creek Road to a small clearing. In the course of the ride, he told the men got in the car at the last place you stopped."

After ordering all three men out of the car, the gunman told the other front-seat passenger a youth of about 19, to search Head. Then the gunman searched the others. By then, Head said, the youngest man was getting hysterical and begged the man not to shoot him. The gunman told him to shut up and ordered him and the driver back into the car.

Head said the gunman told him to walk down the road, which he did. Head looked back after he was about 100 yards away and saw and heard a gunshot as the car pulled away. The shot apparently was not aimed at anyone.

Head said he walked two miles down the road to the Daie Moore residence, but since there was no phone there, he walked on to Dilard. He called the sheriff's office from the Roseburg Lumber Co. mill, and a deputy went out and picked him up.

An all-points bulletin was put out, and the California border stations were notified. Another deputy went to the scene of the robbery to gather more information and clues.

Special Prayer For World Peace May Day Plan

May Day will be observed Sunday in Roseburg as a day of special prayer for world peace.

The Roseburg Junior Chamber of Commerce has asked all local church congregations to give a new significance to the day, observed elsewhere in the world as a Communist holiday, according to Mervin R. Hisel, chairman of the Jaycee project.

"The project has been named 'May Day - Pray Day,'" Hisel said. Church leaders have been requested to lead congregations in a plea to bring leaders of Western and Communist nations together in a search for lasting peace. Civic, fraternal and service groups have been asked to join in the observance, Hisel said.

"By doing so, we will not only exert the most powerful force at our command, prayer, toward the search for world peace, but we also will give new, lofty significance to May Day," he pointed out.

Support of the program has been given by Mayor Ernest Barker Jr. through issuance of a special proclamation.
