Special City Tax Levy Of \$125,620 To Be Asked

WASHINGTON (AP) — Saturday is the first deadline for something like a million of Uncle Sam's new tax collectors — the householders who pay a domestic helper an average of \$4 a week or more.

The new social security law that went into effect Jan. 1 qualified domestic help for social security if they make \$50 a quarter, or more, from any one employer. That figures out to about \$4 a week.

The householder is required to make the social security payments, and the first one is due no later than Saturday.

Payments are due for any help around the house who earned as much as \$50 during January, February and March, including a baby sitter, maid, handyman, laundress, cook, housekeeper, gardener, janitor, furnace man, governess, valet, butler, chauffeur or other help.

The law puts the entire responsibility for making the social security tax payment for a domestic on the householder employer. It makes no difference if the domestic does not want to join up in social security. Nor does age make any difference — the teen-age baby sitter is qualified.

CIRCULARS OUT

Two new conservation circulars have been prepared by the OSC agricultural extension service. One discusses "Trashy Fallow for Conservation." The other concerns "Water Conservation — The Hydrologic Cycle." Both may be procured at the Douglas County Extension Office, Pacific Bldg., Roseburg.

Senior Class Play Tonight And Saturday

Roseburg High School's senior class will present the three-act comedy, "Time Out For Ginger," at the senior high school auditorium at 8 o'clock tonight and Saturday.

The play, under the direction of Miss Patricia Hollerath, drama instructor, recounts the problems and trials of the father of three teen-age daughters. The role was originally played by Melvin Douglas on Broadway. David Morgan, senior, will play the role in the local production. Others in the cast include Cheryl Carter, Nancy Coleman, Carol Zimmerman, Nancy Cate, John Steiner, Tommy Rlythe, Chuck Crose, Wayne Heninger and Sandra Humphreys. Barbara Sory is student director. Sets were constructed by Lee Brown, custodian.

Longtime County Resident Dies

Mrs. George (Bertha) Naragon, 72, died April 27 at a Roseburg hospital after a short illness. She was born Jan. 12, 1878, in Charlevoix, Mich., and moved to Douglas County 25 years ago to make her home. She was a member of the Christian Science Church.

Surviving are her husband, George, Smith River; four sons, Daniel, Flint, Mich.; Kirtz, Downing, Calif.; Hammond, Huntington Park, Calif.; and George Jr., Gresham; four daughters, Mrs. Vern (Beatrice) Chamberlain, Kalamazoo, Mich.; Mrs. Vern (Mary) Graham, Flushing, Mich.; Mrs. Sam (Laura) Raymond, Flint, Mich.; and Mrs. George (Edith) Grumbley, Smith River; four sisters, Mrs. John (Martha) Morris, Maywood, Calif.; Mrs. Ralph (Edith) Dearden, Mich.; Mrs. John (Sarah) Wharton, Bay City, Mich.; and Mrs. Albert (Viola) Pashik, Midland, Mich.; 17 grandchildren and 40 great-grandchildren.

Funeral services will be held in The Chapel of the Roses, Roseburg Funeral Home, Monday, May 2, at 11 a.m., with services conducted by Harry Wallen, former first reader of the First Church of Christ, Scientist, Roseburg. Interment will follow in Civil Bend Cemetery.

Students To Be Feted Royally Over Weekend

Seventh and eighth graders at Central Junior High School, Roseburg, will be feted royally Saturday and Sunday. They'll also try their hand at running the city and county government.

It's all part of Elks National Youth Day which BPOE members are observing Sunday.

Here in Roseburg the Elks Club is sponsoring one project for the leadership training class at the junior high. It involves the students taking over city and county offices from 8 a.m. to noon Saturday.

After their term of office concludes, the students will be guests of the Elks at a luncheon. It will be held in the Blue Room of the Elks Club, according to Glen Scott. He is chairman of the youth activities committee of the lodge.

Saturday afternoon the youngsters will be the guests of the management of the Indian Theater and will view a free movie.

Sunday they and children throughout the county have been invited to attend a free magic show to be presented at Roseburg High School gymnasium, starting at 3 p.m. It is sponsored by the Elks.

Scott said no adults would be permitted to view the show "unless they were accompanied by children."

Water Resources Bill Goes To Conferees

WASHINGTON (AP) — The House and the Hydroelectric Commission over whether a dam should be built.

Under present law, the Fish Commission can block construction of a dam.

The House finished its work on the \$15,000,000 state building program and sent it to the Senate which immediately sent the major portion of it to the Taxation Committee.

That committee asked for the two major building bills because it is thinking about adding clauses which would block construction if the people refused to accept either a sales tax or an income tax increase.

The buildings in these two bills would cost more than \$12,000,000. They include almost all of the buildings for state institutions, and the major share of the college and university buildings.

The Senate voted for the House bill to double the 1 per cent withholding tax on income. It ties in with the 60 per cent income tax boost already sent to the governor.

U.S. Now Better Prepared Than Ever Before To Cope With Any War If It Comes

United States leaders hope there will be no war with Russia, but if one should come, we are better prepared than ever to cope with it.

That was part of a report given Roseburg Rotarians Thursday noon by Walter S. Mallory, club member and captain in the Naval Reserve. He attended a recent national resources conference in Spokane, at which time high-ranking military personnel and civilian leaders were briefed on "Economic Mobilization."

Mallory spoke about 15 minutes on his 10-day course, which was adapted from a 10-month course of the U.S. Armed Forces Industrial College. One of the requirements of the course was that those participating should speak to groups at home, and in other ways spread the information.

Mallory told his fellow club members he was trying "not to be an alarmist," but that we must not forget we are fighting an enemy in a cold war, an enemy who hopes to bankrupt our country.

The Soviet Union, the speaker said, probably will not start a war unless other methods of conquest fail or unless Russian leaders believe they can win. But we must be on guard, he warned.

To be prepared, four factors are being given thorough study by the Office of Defense Mobilization under our new streamlined defense set-up: Manpower, material, money and management.

Mallory pointed out that military strength is no longer measured only by armed forces, leaders and strategy. The whole economy of the nation is important.

As to manpower, all persons available for "nationally useful effort" must be considered.

As far as material is concerned, logistics has become a real science since World War II. The U.S. a "have not" nation, must plan carefully to make sure it can obtain 89 vital materials from throughout the world.

Money is raised in "three primary ways, by borrowing from banks, through sale of war bonds, and through taxation. If it should become necessary to finance another war, more emphasis would be put on taxation, Mallory said, in order to give "our survivors, if any," a better situation after it is over.

In the study of management, it has been found that the economy must be controlled completely during wartime. The speaker made a comparison of the economies of the United States and Russia in relation to geopolitics. (The Soviet Union is 32 times larger than Texas, has 160 languages 11 time zones.)

By 1965, it is predicted, the U.S.S.R. will surpass all Western Europe in industrial might. The

Rev. Milo Ross Opens State CE Convention

Young adults over 18 will have a quiet hour at the same time in Room 4 of the First Christian Church. The rest of the morning will be devoted to conference periods and a fellowship convention.

The nominating committee will report at 11:15, and election of officers will be held at 2 p.m. Presentations for work done by CE participants will be made during the afternoon services, and a convention banquet will follow at 6 p.m. The evening meeting will again take place at the Central Junior High auditorium with the Rev. Mr. Ross in his second address of the convention. Special music will be provided at this service by the First Christian Church Choir, under the direction of Clarence Trued.

The Saturday evening meeting will materially conclude the convention except for a brief meeting Sunday morning at the Christian Church. An installation of officers will be held just prior to the closing of the convention at 9:30 a.m.

Lillie Moore Property To Be Given Appraisal

The Lillie Moore property at Washington and Rose streets in Roseburg, under the jurisdiction of the U.S. General Services Administration, will be appraised for public sale at a future date.

City Manager George W. Farrell said GSA men told him of the action. The City of Roseburg will have opportunity to bid on the property when it is put up for sale.

It is not known definitely whether the property will be appraised for park purposes, Farrell said, but if it is it might be possible for the city to buy it for one-half of the appraised price.

Two Minor Traffic Accidents Are Reported

Two minor traffic accidents on city streets were reported Thursday, Roseburg police said Friday.

Lee Gerald Merchant, 1328 Harrison St., was cited for operating his car in the wrong lane of traffic after he struck a car driven by Robert Leslie Meard, 912 Mill St., officers said. Merchant was making a right turn when the mishap occurred.

land, and Miss Ila Bartell, 18, Dallas.

Miss Garrett is convention pianist. The daughter of Mr. and Mrs. Lee Garrett, she is a senior at Grant High School. Her father is chairman of the board of the Central Christian Church in Portland.

Miss Bartell read the scripture—Romans 12. The daughter of Mr. and Mrs. J. J. Bartell, she plans to attend Northwestern Christian College in Eugene, following graduation this summer. Her father is an elder in the church.

Among the delegation from Florence were Elizabeth Wood, 17, Judy Worthylake, 11, Kathy Osborne, 11, and Margaret Circle, 16. They said they enjoyed the program. At least one of them attended the CE state meet at Klamath Falls in 1954.

Most of the youths hoped the rain would stop. They applauded long and loud when Roseburg Mayor Ernest M. Barker Jr. told them he and the city manager had made a deal with the weatherman to stop the precipitation.

And the young and young-in-heart loved the singing at the session. It was led by the Rev. Richard Merriman, pastor of the Redmond First Christian Church. The smiling minister filled in at the last minute when earlier commitments prevented the appearance of the Rev. Ivan Correll, Hillsboro, who was to be song leader.

Famous Trichologist Tells Truth About Saving And Improving Hair

This new method of home treatment for saving and growing thicker hair will be demonstrated in Roseburg, Oregon, Saturday only, April 30, 1955.

These private individual demonstrations will be held at the Umpqua Hotel on Saturday only, April 30, 2 P.M. till 9 P.M.

OKLAHOMA CITY — April 27 — In an interview here today, D. Russell Collins, internationally famous trichologist and director of the Collins Hair and Scalp Experts, Inc., said, "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

"The Collins firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offers a guarantee," Collins said.

Once a person avails themselves to the Collins treatment his skepticism immediately disappears. To insure this, we offer this guarantee. "If you are not completely satisfied with your hair progress in the very first 30 days your money will be returned."

HOPELESS CASES DISCOURAGED First the Collins specialists are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in this lost category.

no appointment is necessary. After the examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Collins firm in Oklahoma City, and a trichologist will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, the Collins firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL "We have no cure-all for slick, shiny baldness," Collins emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to me a miracle."

There is one thing Collins wants to be certain every man and woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR IMMEDIATE "If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Collins said. "Our firm is definitely behind this treatment, it all depends on the individual client's faithful observance of a few simple rules."
