POWER—Pontiac's husky 200-horsepower Strato-Streak V-8 with four-barrel carburetor, optional at low extra cost, delivers more power than any car within hundreds of dollars of its price. And road records show this power is teamed with the greatest economy in Pontiac history.

STYLE—No car at any price is so beautifully distinctive. Pontiac's future-fashioned Twin-Streak styling and Vogue Two-Toning set it apart from all other cars—point the way to tomorrow.

SIZE—Pontiac is a big car with a long, road-hugging 122" or 124" wheelbase. On any road, at any speed, you enjoy the feeling of genuine fine-car size.

COMFORT—room to stretch out. Wide-stance rear springs and Shock-P chassis float you along in luxury style.

IF you were to guess Pontiac's price on the basis of its style, performance and size, you'd surely guess hundreds of dollars higher than its actual cost. Pontiac measures up with the finest on any point of comparison—except price.

It's a simple matter of fact that you can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes!

After a close inspection of Pontiac's luxury and quality and a few miles commanding its mighty 200-horsepower Strato-Streak V-8, buyers from both ends of the price scale are switching to Pontiac in record-breaking numbers. Come in soon for the clinching facts and figures. You'll make the very pleasant discovery that if you can afford any new car, you can afford a big, powerful Pontiac—and *step directly into the fine-car class!*
