MOTHERS ARE HONORED AT SUTHERLIN GRANGE

Mothers were honored Wednesday night when Sutherlin Grange met at the hall with Riley Powers and Al Fonkin as hosts for the seven o'clock potluck dinner. Twenty

three members and four visitors, Janet and Barbara Jo Haslam, Carl Lynn and Stanley Cass, were seated around the long tables, which were artistically arranged by the men.

The business meeting followed the dinner with Arthley Cass, master, presiding. Plans were discussed for sending a delegate to state grange, and it was also decided to continue meetings during the summer; the second meeting of each month to be drill practice night. Helen Cass gave a report on the progress of the Douglas County Timber Days meeting.

The lecture hour under the management of Icel Clark, was a reading by Leonard Haslam, and a spelling match. "Loves Old Sweet Song" was sung by the group, in honor of Mr. and Mrs. Floyd Bringle, whose fortieth wedding anniversary was that evening. At the close of the program, each mother was presented a carnation by Riley Powers.

The next Home Economics Club meeting will be Monday, June 6, at the Sutherlin Grange Hall. Ladies are asked to come at ten o'clock and be prepared to paint. A potluck dinner will be served at noon.

NO GRANGE WILL OBSERVE CHURCH SUNDAY

An invitation was extended to all who do not attend a church to come to the grange hall Sunday at 10 a.m. The Curtin Community Church, under the direction of student ministers, meets every Sunday. There will be a new preacher starting Sunday; everyone is invited to come and welcome him. Rural life Sunday, June 15, will be held followed by a picnic potluck at 1 p.m. at the grange hall.

The literary program was on children's books, followed by Jackie Deeds; poem, written by her grandmother, by Sharon Rohrer; skit by Jimmy and Janice Deeds; song by Janice Deeds and Sharon Rohrer; song by Anne Nelson; reading by Leand Svarverud; reading by Jim Nelson; and a reading by Opal Nelson.

An officer's meeting was held in connection with degree practice. A motion was made to have one meeting a month during June, July and August, and one social; the second Friday to be the business meeting, and the fourth Friday will be the social. It was found to be necessary to charge a small fee for the use of the grange hall by outside organizations to cover heating and electric costs. The HE ladies will type out rules governing use of the new dishes and tableware, to be posted in the kitchen.

REPORT GIVEN AT SUTHERLIN LODGE MEET

Cloverleaf IOOF Lodge met Thursday evening at the hall in Sutherlin with Chester Williams, noble grand, presiding. Routine business was transacted, and Gene Todd gave a very interesting report on Grand Lodge, held at LaGrande. The next regular meeting will be held Thursday, June 9.

It's the new kind of hardtop—
The 4-Door Riviera!

A **HARDTOP** is a car that looks like a Convertible with the top up—but has a solid steel roof overhead—and no center posts in the side window areas.

Up until just recently, it could be built in volume only with two doors—not more—because it would take wholly new structural principles to hinge another set of doors without floor-to-roof center posts.

But Buick came up with those new structural principles and is now building—in volume—hardtops with four doors.

You see one pictured here. It's the 4-Door Riviera. And it's taking the country by storm...

Because here, at long last, is an automobile

with the sleek and sporty styling of a true hardtop—but with separate doors for rear-seat passengers, plus the added room of a full-size Buick Sedan.

On top of that, this beauty is all Buick—with the buoyant ride of Buick's all-coil springing—the wallowing might of Buick's record-high V8 power—the whip-quick getaway and sizable gas savings of Buick's spectacular Variable Pitch Dynaflo.*

And it's available in Buick's two lowest-priced Series—the budget-tagged 188-hp SPECIAL, and the high-performance 236-hp CENTURY, illustrated here.

Come visit us for a first-hand meeting with the 4-Door Riviera—and see how quickly and how easily the last word in automobiles can be yours.

*Dynaflo Drive is standard on Roadmaster, optional on other Series.
