TO BUILD SHELTER

PORTLAND (AP) — Construction of Portland's $505,405 underground civil defense control center probably will begin next week—even if AFL Carpenters are still on strike.

Start of the project was announced by the contracting firm, A. V. Petersen Co. Earlier, the Portland district council of the carpenters' union, at request of civil defense officials, had announced that it would not picket the job "or any other project to be built for the protection of the citizens of Portland."

Monroe's Nude Calendar Prime Exhibit In Probe

LOS ANGELES (AP)—Marilyn Monroe's nude calendar pose becomes a prime exhibit today as the Kefauver subcommittee investigating juvenile delinquency winds up its local stay.

The Senate probers get into the art and literature phase of the three - day hearings. Subpoenas have been issued to a dozen operators of what committee members term "smut mills." All are expected to be unfriendly witnesses.

Among the exhibits will be a mail order advertisement for "Marilyn Monroe playing cards" featuring Miss Monroe's undraped torso.

The subcommittee yesterday heard a parade of movie biggies defend Hollywood's contribution to culture, despite charges that recent movies have been laden with sex and violance.

Civil Defense Agency Wants Radiological List

Own a Gieger counter?

The State Civil Defense Agency is trying to compile a list of everyone in Oregon who has a radiological detection instrument, so it will know what resources are available for measuring "fall-out" of radioactive particles in the event of an enemy attack.

Anyone owning one of the devices is asked to send his name, address and type of detection instrument to the Medical Dept., Oregon State Civil Defense Agency, P.O Box 231, Portland.
