Just look what you're missing!

Smartest car on the road—bar none! The Custom Royal Lancer by Dodge.

Not long ago, you had to figure on spending a lot of money if you wanted to step up to a big luxury car. Then along came this new Dodge—and things happened!

People who were used to paying a thousand dollars more found that Dodge offered all they could desire—at a sensible price.

Owners of medium-priced cars discovered that for the same amount of money, or

less, the new Dodge provided much more roominess, comfort, and more pride.

More, small-car owners found that several models of this big new Dodge even cost less than a tricked-up "lightweight."

Right off the bat, Dodge sales doubled! And we're taking advantage of skyrocketing sales to make you a "Drive It Home" deal you can't turn down. Come in today!
