

Hypnotism Use Aids Childbirth In Polio Patient

DALLAS (AP) — A team of doctors, balked by polio from giving drugs, turned to hypnotism during the weekend to deliver a lung-lunged son to a pretty, 32-year-old mother.

Mrs. Edward J. Schwartz arrived at Parkland Memorial Hospital last Tuesday with spinal-type polio. Her legs and breathing muscles were paralyzed. She was expecting a child in less than five weeks.

To complicate her condition, Michael Edward Schwartz — as his name turned out to be — was pressing against his mother's chest and further hampering her breathing. Doctors decided, Michael had better get out of the way.

They couldn't give Mrs. Schwartz a general anesthetic because this would slow her breathing further. The polio germs were

in the spine, so they hesitated to give a spinal anesthetic. They called in a staff psychologist from Southwestern Medical School.

At 2:30 p.m. Saturday they began their dramatic and novel procedure. Mrs. Schwartz already had a slit in her throat for a tube with which to force oxygen to her lungs because the upper breathing passages might become clogged. Drugs to start labor were given and the psychologist hypnotized her to relieve pain.

Six hours later, while doctors and nurses worked anxiously, she gave birth to Michael, six pounds. The mother's breathing improved. "Almost amazingly," doctors said. She was returned to an iron lung, however.

Mrs. Schwartz told her husband it was her most painless childbirth. They have three other boys. Physicians said they believed it was the first birth by a polio patient while hypnotized. They said hypnotism "is not applicable to general use in obstetrical cases and was used on her because of the unusual circumstances surrounding the delivery."

Treasury Chief Advises Curb On Tax Benefits

WASHINGTON (AP) — Secretary of the Treasury Humphrey Monday called for a drastic slowdown in handing out tax benefits to business as an incentive to building and expanding industrial defense facilities.

Testifying before a House government operations subcommittee, Humphrey said the "crash" — or hurry-up — defense program touched off by the Korean War has now been substantially completed.

The "artificial stimulus" of tax subsidies is no longer necessary to build up defense industry, he declared.
